J. Richards,2008-11-10 Why is America again unjustly at war Why is its politics distorted by wedge issues like abortion and gay marriage Why is anti Semitism still so powerfully resurgent Such contradictions within democracies arise from a patriarchal psychology still alive in our personal and political lives in tension with the equal voice that is the basis of democracy This book joins a psychological approach with a political theoretical one that traces both this psychology based on loss in intimate life and resistance to it based on the love of equals to the Roman Republic and Empire and to three Latin masterpieces Virgil s Aeneid Apuleius s The Golden Ass and Augustine s Confessions In addition this book explains many other aspects of our present situation including why movements of ethical resistance are often accompanied by a freeing of sexuality and why we are witnessing an aggressive fundamentalism at home and abroad **Wicked Nights With a Proper Lady** Tiffany Clare,2012-10-30 When his path crosses that of Genevieve Camden whose heart he once broke Leo Harrow Earl of Barrington will do anything to prove his love to this woman who is no stranger to his seductive ways and scandalous reputation **The Freudian Slip** Sebastiano Timpanaro,2011-01-10 Philology cross examines Freud in this sustained critique of psychoanalysis and its foundational notion of the slip Challenging virtually every account of linguistic error in Freud s work as arbitrary and constrained Sebastiano Timpanaro advances an alternative picture keyed to the dynamics of banalization disimprovement and contextual play borrowed from the field of literary criticism Underscored with a Marxist defense of science against the professed materialism of the psychoanalytic individual drama Timpanaro s analysis demands a strong reassessment of the Freudian legacy and a renewed debate over its value for the Left *Strategies of Ambiguity in Ancient Literature* Martin Vöhler,Therese Fuhrer,Stavros Frangoulidis,2021-02-22 Ambiguity in the sense of two or more possible meanings is considered to be a distinctive feature of modern art and literature It characterizes the open artwork Eco and is generated by disruptive tactics Wellershoff and strategies to engender uncertainty While ambiguity is seen as a

paradigm of modernity Bode there is skepticism regarding its use in the pre modern era Older studies were dominated by the conviction that there was a lack of ambiguity in pre modernity because according to the rules of the old rhetoric ambiguity was seen as an avoidable error vitium and a violation of the dictate of clarity perspicuitas The aim of the volume is to re examine the putative absence of ambiguity in the pre modern era Is it not possible to find clear examples of deliberately employed intended ambiguity in antiquity Are the oracles and riddles the Palinode of Stesichoros and Socrates Phaedrus the dissoi logoi of rhetoric the ambiguities of the tragedies all exceptions or do they not indicate a distinct interest in the artistic use of ambiguity The presentations of the conference which will include scholars from various philologies will combine a recourse to theoretical concepts of intended ambiguity with exemplary analyses from the field of pre modern art and literature

**Gay and Lesbian Historical Fiction** N. Jones, 2007-05-28 The first extensive study of gay and lesbian historical fiction this book demonstrates how the highly popular sub genre helps us understand gay and lesbian history It shows not only why the sub genre should be taken more seriously by historians but also how it implicitly works to ameliorate divisions between Christianity and homosexuality

**Representing Elizabeth in Stuart England** John Watkins, 2002-08-08 Publisher Description

**Strange Gods** Timothy L. Carens, 2021-11-28 Despite frequent declarations of the sanctity of love and marriage British Protestant culture nurtured the fear that human affection might easily slip into idolatry Throughout the nineteenth century theological essays sermons hymns and didactic fiction and poetry urged the faithful to maintain a constant watch over their hearts lest they become engrossed by human love guilty of worshipping the creature rather than the Creator Strange Gods Love and Idolatry in the Victorian Novel traces the concerns produced in Protestant culture by this broad interpretation of idolatry In chapters focusing on Charles Kingsley and Charlotte Brontë Mary Elizabeth Braddon George Eliot Oscar Wilde and Thomas Hardy this volume shows that even supposedly secular novels obsessively reenact an ideological clash between Protestant faith and human love Anxiety about adoring humans more than God frequently overshadows and sometimes derails the progress of romance in Victorian novels By probing this anxiety and its narrative effects Strange Gods uncovers how a central Protestant belief exerts its influence over stories about love and marriage

*Right Romance* Emily Griffiths Jones, 2020-04-23 In this book Emily Griffiths Jones examines the intersections of romance religion and politics in England between 1588 and 1688 to

show how writers during this politically turbulent time used the genre of romance to construct diverse ideological communities for themselves Right Romance argues for a recontextualized understanding of romance as a multigeneric narrative structure or strategy rather than a prose genre and rejects the common assumption that romance was a short lived mode most commonly associated with royalist politics Puritan republicans likewise found in romance strength solace and grounds for political resistance Two key works that profoundly influenced seventeenth century approaches to romance are Philip Sidney's *New Arcadia* and Edmund Spenser's *The Faerie Queene* which grappled with romance's civic potential and its limits for a newly Protestant state Jones examines how these works influenced writings by royalists and republicans during and after the English Civil War Remaining chapters pair writers from both sides of the war in order to illuminate the ongoing ideological struggles over romance John Milton is analyzed alongside Margaret Cavendish and Percy Herbert and Lucy Hutchinson alongside John Dryden In the final chapter Jones studies texts by John Bunyan and Aphra Behn that are known for their resistance to generic categorization in an attempt to rethink romance's relationship to election community gender and generic form Original and persuasive Right Romance advances theoretical discussion about romance pushing beyond the limits of the genre to discover its impact on constructions of national communal and personal identity [The Badboy Erotic Library](#) Michael Lowenthal,1994 *Latin American Writers on Gay and Lesbian Themes* David William Foster,1994-11-07 Gay and lesbian themes in Latin American literature have been largely ignored This reference fills this gap by providing more than a hundred alphabetically arranged entries for Latin American authors who have treated gay or lesbian material in their works Each entry explores the significance of gay and lesbian themes in a particular author's writings and closes with a bibliography of primary and secondary sources The figures included have a professed gay identity or have written on gay or lesbian themes in either a positive or negative way or have authored works in which a gay sensibility can be identified The volume pays particular attention to the difficulty of ascribing North American critical perspectives to Latin American authors and studies these authors within the larger context of Latin American culture The book includes entries for men and women and for authors from Latin American countries as well as Latino writers from the United States The entries are written by roughly 60 expert contributors from Latin America the U S and Europe [Loving Dr. Johnson](#) Helen Deutsch,2011-02-15 The autopsy of Samuel Johnson 1709-84 initiated two centuries of Johnsonian anatomy both in medical speculation about his famously unruly body and in literary devotion to his anecdotal remains Even today Johnson is an enduring symbol of individuality authority masculinity and Englishness ultimately lending a style and a name the Age of Johnson to the eighteenth century English literary canon Loving Dr Johnson uses the enormous popularity of Johnson to understand a singular case of author love and to reflect upon what the love of authors has to do with the love of literature Helen Deutsch's work is driven by several impulses among them her affection for both Johnson's work and Boswell's biography of him and her own distance from the largely male tradition of Johnsonian criticism a tradition to which she remains indebted and to which

Loving Dr Johnson is ultimately an homage limning sharply Johnson's capacious oeuvre. Deutsch's study is also the first of its kind to examine the practices and rituals of Johnsonian societies around the world wherein Johnson's literary work is now dwarfed by the figure of the writer himself. An absorbing look at one iconic author and his afterlives, *Loving Dr Johnson* will be of enormous value to students of English literature and literary scholars keenly interested in canon formation. A Dictionary of the English and German, and the German and English Language Joseph Leonhard Hilpert, 1857 *Love Signs and You* Rochelle Gordon, Nadia Stieglitz, 2003 *Love Signs and You* is the definitive volume of romantic astrology. The Passage of Literature Christopher GoGwilt, 2011-01-27 Through a set of comparative studies of the fiction of Joseph Conrad, Jean Rhys, and Pramodya Ananta Toer, *The Passage of Literature* explains the interrelation between English Creole and Indonesian formations of literary modernism, arguing that each passage of literature is the site of contest between competing genealogies of culture. **Seven Days of Rage** Paul LaRosa, Maria Cramer, 2009-09-15 This true crime original hardcover, published with the hit CBS news program *48 Hours*, reveals the shocking story behind the Craigslist Killer.
