Change, And Wine: Selected Papers Of Robert N Stavins, Volume 3 (2011-2023) Robert N Stavins,2025-04-29 Robert N Stavins has been one of the most influential voices in environmental economics and policy over the past three decades Written by Stavins and his co authors the selected articles and essays in this book were originally published in a diverse set of leading scholarly periodicals They are collected here for the first time The book begins with an introductory essay where Stavins reflects on the professional path leading to his research and writing identifying common themes that emerged from his research This book discusses environmental policy in detail unpacking policy instruments and scrutinizing both domestic and international policy Policies are examined in relation to The Paris Agreement It concludes with a section on wine production and consumption This is the third volume of Stavins selected papers following Volume 1 1988 1999 and Volume 2 2000 2011 Students scholars practitioners and policymakers will find this volume a very valuable and useful addition to their collection

The Future of High-Cost Credit Jodi Gardner,2022-07-14 This book proposes a new way of thinking about the controversial and complex challenges associated with the regulation of high cost credit specifically payday lending These products have received significant attention in both the media and political arena The inadequacy of regulatory interventions has created ongoing problems with the provision of high cost credit particularly for consumers with lesser bargaining power and who are already financially vulnerable The book tackles two specific gaps in the existing literature The first involves inadequate analysis of the relevant philosophical concepts around high cost credit which can result in an over simplification of what are particularly complex issues The second is a lack of engagement in both the market and lived experience of borrowers resulting in limited understanding of those who use these financial products The Future of High Cost Credit explores the theoretical grounding policy initiatives and interdisciplinary perspectives associated with high cost credit making a novel and insightful contribution to the existing literature The problems with debt extend far beyond the legal sphere and the book will therefore be of interest to many other academic disciplines as well as for those working in public policy and the third sector

Comparative Policy Agendas Frank R. Baumgartner,Christian Breunig,Emiliano Grossman,2019 Government attention is limited And there is strong competition for this limited attention Parties interest groups or the media permanently try to influence the government agenda This book provides original insights into the processes and forces driving attention from one issue to another It builds on data from more than fifteen countries that has been collected over a period of over fifteen years following strictly equivalent research protocols The book presents original cross country analyses of these processes and outlines directions for future research

Holton,2015-12-22 The second edition of the Routledge International Handbook of Globalization Studies offers students clear and informed chapters on the history of globalization and key theories that have considered the causes and consequences of the globalization process There are substantive sections looking at demographic economic technological social and cultural changes in globalization The handbook examines many negative aspects new wars slavery illegal migration pollution and inequality but concludes with an examination of responses to these problems through human rights organizations international labour law and the growth of cosmopolitanism There is a strong emphasis on interdisciplinary approaches with essays covering sociology demography economics politics anthropology and history The second edition has been completely revised and features important new thinking on themes such as Islamophobia and the globalization of religious conflict shifts in global energy production such as fracking global inequalities fiscal transformations of the state and problems of taxation globalization and higher education and an analysis of the general sense of catastrophe that surrounds contemporary

understandings of the consequences of a global world Great Pages in History from the Wisconsin State Journal, 1852-2002 Frank Denton, 2002 This fascinating collection reproduces the most important front pages in the history of the Wisconsin State Journal newspaper from its first publication under that name on September 30 1852 to the current War on Terrorism See what Wisconsinites first read about Abraham Lincoln s election and assassination Custer s last stand against the Sioux the first votes by women Henry Ford s 5 daily wage the Saint Valentine s Day mob massacre in Chicago the disappearance of Amelia Earhart as she attempted to fly around the world and the wars elections crimes and social revolutions that have defined the past century and a half Each front page reproduced from the original is readable down to the smallest type In 2002 the Wisconsin State Journal celebrates its Sesquicentennial marking one hundred and fifty years of service to the people of Madison and the State of Wisconsin The newspaper had an earlier inception as the Madison Express in 1839 when Madison was a territorial town on the frontier and statehood was still nine years away Readers will notice the newspaper s appearance has changed nearly as much as have the methods of gathering the news and producing the paper But readers fascination with and hunger for the news of each day remain strong **Base Ball Pioneers, 1850-1870** Peter Morris, William J. Ryczek, Jan Finkel, 2014-01-10 By 1871 the popularity of baseball had spread so thoroughly across America that one writer observed It is as much our national game as cricket is that of the English While major league teams and athletes that played after this prophetic statement was made have been exhaustively documented and analyzed those that led the game during its pioneer phase from 1850 to 1870 have received relatively little attention In this welcome work leading historians of early baseball provide profiles of more than fifty clubs and their players from legendary teams such as the Red Stockings of Cincinnati and the Nationals of Washington to forgotten nines like the Pecatonica Illinois Base Ball Club and the Morning Star Club of St Louis Engaging narratives bring these long ago clubs back to life stimulating more research on this fascinating era and creating a standard reference source for all who study America s national pastime **Herald and Presbyter** ,1894 *The Bloomsbury Companion to the Philosophy of Science* Steven French, Juha Saatsi, 2014-09-25 Reprint of *The Continuum companion to the philosophy of science* New York Continuum 2011
