Horizontal Analysis Sinful Temptation Collection:

A Theological Assessment of Reconciliation for Missiology in the Korean Context Hyo Seok Lim, 2021-07-01 Any Christian who lives in such a broken world may ask God what their role would be as the person who is reconciled with God and about the implications of the vertical dimension of reconciliation Many would agree that the vertical and horizontal dimensions of reconciliation should not be separated It is however still necessary to examine further For instance what does the inseparableness of the two dimensions actually mean in theory and practice How does the vertical dimension of reconciliation become the source and foundation of the horizontal dimension How should the church maintain its theology of reconciliation which includes both dimensions All these questions point to an underlying question what is the relationship between the vertical and horizontal dimensions of reconciliation This book explores this question interacting with the four thinkers and practitioners of reconciliation Karl Barth Miroslav Volf Son Yang Won and Desmond Tutu and assessing the theology of a leading theologian in the discourse of mission as reconciliation Robert Schreiter Based on the discussions it presents a proposal for a more wholesome and robust understanding of reconciliation for the discourse in mission studies which can be applied to any broken context including the Korean peninsula Luke John T. Carroll, 2012-01-01 Authoritative commentary on the Gospel of Luke for the New Testament Library series *The Horizontal Line Synopsis of the Gospels* Reuben J. Swanson, 1984 **Inhabiting the Cruciform God** Michael J. Gorman, 2009-04-03 This richly synthetic reading of Paul offers a compelling argument that the heart of Paul's soteriology lies in theosis the incorporation of God's people into the life and character of the God revealed in the cross Michael Gorman deftly integrates the results of recent debates about Pauline theology into a powerful constructive account that overcomes unfruitful dichotomies and transcends recent controversies between the New Perspective on Paul and its traditionalist critics Gorman's important book points the way forward for understanding the nonviolent world transforming character of Paul's gospel Richard B Hays Duke Divinity School Provides an important corrective to segmentalized approaches to Paul Michael Gorman lucidly connects justification to spiritual transformation Faith love and action come together as theosis the taking on of the character of Christ and so of God Though constantly in conversation with other scholars Gorman has a refreshingly original approach illuminating the lively theology of Paul *Inhabiting the Cruciform God* clearly advances the field of Pauline studies Stephen Finlan Fordham University In this pioneering work Michael Gorman offers a fresh way to view Paul's understanding of justification and holiness Cutting a new path through old territory Gorman leads us to a vision of holiness and justification rooted in the transforming power of nonviolence and the cross His work will provide pastors with new insights for preaching and scholars with new ways to address old questions Frank J Matera Catholic University of America **pt.1. Brekhus, 2015-10-02 How does culture shape our thinking In what ways do our social and cultural worlds enter into our mental worlds How do the communities we belong to influence what we notice and what we ignore What cultural variation do we see in cognition What general patterns do we see across this diversity and variation In this lively and engaging book Wayne H Brekhus shows us the many ways that culture influences our cognitive thought processes Drawing on a wide range of fascinating examples such as how members of different subcultures perceive danger and safety how cultures variably classify and perceptually weight race how social actors use and present identity as a strategic resource and how people across different organizational settings experience time Brekhus takes us on a creative diverse and insightful tour of the sociocultural character of cognition Culture and Cognition Patterns in the Social Construction of Reality offers an invaluable survey of a wide ranging body of research in the sociology of culture and cognition that will be an inviting resource for upper level undergraduates graduate students and established research scholars alike *Christ, Power and Mammon* Scott Thomas Prather, 2013-08-15 This book examines the role of the New Testament concept of the principalities and powers in the thought of Karl Barth and John Howard Yoder showing how this biblical concept of power is central to the fundamental theological convictions of each thinker Prather offers a scholarly account of the underexplored theological and ethical import of a major biblical theme and the book addresses questions and concerns from a wide range of academic and lay theological interest He brings Barth and Yoder into dialogue here and examines the three crucial areas the confessional distinction of church and world the demonization of political power and the intrinsic relation between the political and economic powers While other theologians have rightly identified a christocentric connection between the thought of Barth and Yoder no attempt has been made to bring them together through the sustained analysis of a single doctrinal or ethical issue this book does just that **The Unassumed Is the Unhealed** Kevin Chiarot, 2013-09-24 This work addresses a pivotal

and controversial area lying at the heart of T F Torrance's Christology. Namely that Jesus Christ assumed fallen and sinful humanity and living out a sinless life from within our alienated state healed our human nature. This is a claim that is conceptually basic to Torrance's integration of incarnation and atonement and thus to his soteriology as a whole. Its pervasive nature and its significance within the overall structure of Torrance's thought is thoroughly and sympathetically set forth. Christ's assumption of sinful flesh is seen to lie underneath a number of disputed areas in Torrance's thought such as the role or lack thereof of human responsibility and the question of universalism. This work not only illuminates but rigorously examines the claim that the unassumed is the unhealed.

The Mystic Ark Conrad Rudolph, 2014-06-09 In this book Conrad Rudolph studies and reconstructs Hugh of St Victor's forty-two page written work *The Mystic Ark* which describes the medieval painting of the same name. In medieval written sources works of art are not often referred to let alone described in any detail. Almost completely ignored by art historians because of the immense difficulty of its text, Hugh of Saint Victor's *Mystic Ark* c. 1125-1130 is among the most unusual sources we have for an understanding of medieval artistic culture. Depicting all time, all space, all matter, all human history and all spiritual striving, this highly polemical painting deals with a series of cultural issues crucial in the education of society's elite during one of the great periods of intellectual change in Western history.

The Fullness of God Frithjof Schuon, 2004-03 For the first time this book collects from Schuon's vast corpus his writings on Christianity including selections from his personal correspondence and other previously unpublished materials.

The Ethics of Doping and Anti-Doping Verner Møller, 2009-09-10 In this radical and provocative critique of current anti-doping policy and practice Verner Møller argues that the fight against doping promoted as an initiative to cleanse sport of cheats is at heart nothing less than a battle to save sport from itself, located on the fault line between the will to purity and the will to win. Written in a lively and engaging style and skilfully blending empirical case studies with cutting edge theory, this book represents an important statement on the nature of sport morality and modernity. It is important reading for all serious students and scholars of the ethics, sociology and politics of sport.

Rubrics, Images and Indulgences in late Medieval Netherlandish Manuscripts Kathryn M. Rudy, 2016-11-28 What role did images play in the mania for indulgences during the decades prior to the Protestant Reformation? *Rubrics, Images and Indulgences in Late Medieval Netherlandish Manuscripts* considers how indulgences, the remission of time in Purgatory, were used to market certain images. Conversely, images helped to spread indulgences such as those attached to the Virgin in sole and the Mass of St Gregory. Images also began depicting the effects of indulgences: souls escaping Purgatory. Drawing on numerous unpublished sources, Kathryn M. Rudy demonstrates how rubrics modified behaviour and expectations around image-centred devotion. Her work is the first to analyse systematically the way that indulgences and images interacted, indeed shaped each other prior to the Reformation.
