El-Hi Textbooks in Print ,1984 Generation X Rocks Christine Henseler,2007-06-18 Essays in this volume explore the popular cultural effects of rock culture on high literary production in Spain in the 1990s **The Manipulation of Literature (Routledge Revivals)** Theo Hermans,2014-08-07 First published in 1985 the essays in this edited collection offer a representative sample of the descriptive and systematic approach to the study of literary translation The book is a reflection of the theoretical thinking and practical research carried out by an international group of scholars who share a common standpoint They argue the need for a rigorous scientific approach the phenomena of translation one of the most significant branches of Comparative Literature and regard it as essential to link the study of particular translated texts with a broader methodological position Considering both broadly theoretical topics and particular cases and traditions this volume will appeal to a wide range of students and scholars across disciplines Comprehensive Dissertation Index ,1984 Vols for 1973 include the following subject areas Biological sciences Agriculture Chemistry Environmental sciences Health sciences Engineering Mathematics and statistics Earth sciences Physics Education Psychology Sociology Anthropology History Law political science Business economics Geography regional planning Language literature Fine arts Library information science Mass communications Music Philosophy and Religion **Subaltern Narratives in Fiji Hindi Literature** Vijay Mishra,2024-02-13 Subaltern Narratives in Fiji Hindi Literature is the first comprehensive study of fiction written in Fiji Hindi that moves beyond the hegemonic and colonially implicated perspectives that have necessarily informed top down historical accounts Mishra makes this case using two extraordinary novels auk Pur n A Subaltern Tale 2001 and Fiji Maa Mother of a Thousand 2018 by the Fiji Indian writer Subramani They are massive novels respectively 500 and 1 000 pages long written in the devan gar Sanskrit script They are examples of subaltern writing that do not exist as a legitimization of the subaltern voice anywhere else in the world The novels constitute the silent underside of world literature whose canon they silently challenge For postcolonial diaspora and subaltern scholars they are defining indeed definitive texts without which their theories remain incomplete Theories require mastery of primary texts and these subaltern novels heroic compositions as they are in the vernacular offer a challenge to the theorist "*Never-ending Adventure*" Edward H.
