Manual De Derecho Administrativo Eloy Lares

Agustín Gordillo

Manual De Derecho Administrativo Eloy Lares:

Tratado de derecho administrativo - Tomo 3 Agustín Gordillo, 2007 *Derecho Administrativo* José Luis Villar Palasí, 1973 Manual de derecho administrativo Eloy Lares Martínez, 1970 **Congreso Internacional de Derecho Administrativo en Homenaje Al Prof. Luis H. Farias Mata Tomo II**, **Manual de derecho administrativo especial** Gustavo Briceño Vivas, 2023-11-24

Un Estado ser bueno o malo en la medida en que actúa en beneficio de sus ciudadanos de allí un elemento cardinal que incumbe al Derecho Administrativo y que responde a intereses jurídicos o meta jurídicos Como hacemos para articular semejante idea De qué manera es posible construir un sistema jurídico capaz de entrelazar una idea de poder con un sistema de leyes que lo permita y lo aliente El Derecho Administrativo es eso el estudio de un conflicto de una controversia que se plantea en la relación poder ciudadano y que tiene sus bases no sólo en aspectos legales y constitucionales sino en sus parámetros ideológicos para lo cual constituyen un conglomerado de situaciones y variedades que lo caracterizan y le confieren forma y estructura particular Es el resultado de un esfuerzo doctrinario y hasta jurisprudencial en organizar instituciones y crearlas con el fin específico de conformar un Derecho que ha tenido y ha tendido a ser y manifestarse como una doctrina de cabida universal en presencia prácticamente en todos los ordenamientos jurídicos del mundo aun en aquellos países donde el Estado se comporta como un particular más en las relaciones humanas Imaginemos en aquellos donde el Estado se presenta ante la sociedad como un contingente esencial que capta y abarca en su totalidad la entera imagen de la sociedad Qué hay de la vida de un ciudadano frente a una Administración que todo lo hace y todo lo dirige Esta es la razón de su controversia por cuanto unos utilizan el Derecho Administrativo como fuente del uso de sus poderes y los otros lo utilizan como origen y base de sus derechos e intereses Gustavo Briceño Vivas El derecho administrativo José Araujo-Juárez, 2023-11-01

El Derecho administrativo se ha descrito como La primere des sciences inexactes y la dernière des Beaux Arts Asimismo por un lado debido a su especificidad y consecuentemente a la dificultad de su comprensión arduus iuris y por el otro al considerarse los refinamientos conceptuales y técnicos del Derecho administrativo que constituye el trabajo especulativo más acucioso y más fino de la ciencia jurídica a partir del Siglo XIX ars iuris Y es que como se ala MAURIOU la construcción técnica del Derecho administrativo resulta muy interesante para quien tenga la paciencia de estudiarlo y el mecanismo es incluso fácil para quien quiera aprender su juego Pero esto no quita que sea muy especial muy diferente del Derecho común o general y que al exigir un aprendizaje suponga un esfuerzo complementario En todo caso concluye si queremos salvar la esencia del Derecho administrativo urge simplificarlo para reducir al mínimo lo que tiene de especial y para hacer su manejo a más fácil En tal sentido estimamos que la comprensión de una ciencia jurídica como el Derecho administrativo por un lado debe buscar unos postulados que en lo posible puedan ser comprensivos y fundamentales de todas las materias basilares que lo componen y por el otro no por buscar mayor claridad debe caer en la mera enumeración Por ello el estudio teórico y crítico del Derecho administrativo contemporáneo ha de hacerse desde las que podríamos llamar junto con

la doctrina los dogmas las ideas cardinales las grandes líneas o bases estructurales como indistintamente se los denomina en cuanto ideas fuerza pensamientos o fundamentos científicos que vertebran la construcción jurídica del sistema de Derecho administrativo y ello exige con carácter inicial la formulación de unas ideas ordenadoras o postulados con vocación explicativa coherente y plausible que determinan un marco conceptual mínimo de referencia en cuanto que son de alguna forma ideas imprescindibles para la comprensión de un Derecho administrativo que puede llegar a ser extenso complejo y diverso

Régimen legal del mercado de capitales Alfredo Morles Hernández, 2002

Tratado de derecho administrativo

Agustín A. Gordillo, 1974

Derecho laboral venezolano César Augusto Carballo Mena, 2000

Acto administrativo. Allan

R. Brewer Carias, 2023-11-22 El acto administrativo es sin duda la noción más importante del derecho administrativo es más sin acto administrativo simplemente no existiría ni tendría razón de ser Por ello podemos decir sin temor a equivocarnos que todo el derecho administrativo gira en torno a este concepto fundamental y podemos decir además que el derecho administrativo como el derecho que regula la actividad administrativa siempre se traduce o tiene como presupuesto un acto administrativo Para constatar esta estrecha relación entre el derecho administrativo y el acto administrativo basta que analicemos un poco más detenidamente el objeto de nuestra disciplina y que hemos plasmado en la siguiente definición del derecho administrativo por su objeto que no es más que una pequeña ampliación de la que antes formulamos en páginas anteriores Hemos dicho que el derecho administrativo es aquella rama del derecho que regula a la Administración Pública como complejo orgánico del Estado su organización y funcionamiento que norma el ejercicio de la función administrativa por los órganos del Estado aun los que no forman parte del Ejecutivo ni de la Administración que regula la actividad administrativa del Estado y que norma las relaciones jurídicas que se establecen entre las personas jurídicas estatales y no estatales que actúan como Administración Pública y los particulares tanto con motivo del ejercicio de la función administrativa como de la realización de alguna actividad administrativa Allan R Brewer Carias
