

Essay on Honesty

The saying 'honesty is the best policy' is probably heard by everyone. However, it is hard to be honest with everyone around, and even more, it takes a lot of courage to be honest with yourself. On the other hand, a parent cannot expect their child to be honest in life if they are not honest to themselves. Hence, it would not be unfair to say that honesty is a two-way street. But even if the other person is being dishonest, one should stick to the policy of being honest. The reasons why honesty is the best policy are discussed below.

First of all, honesty is an attribute that helps you develop other traits such as kindness and moral integrity in your personality. Truthfulness is a trait that is instilled in your personality as a kid, and it only works in life if the people around you are truthful with each other. It also helps you to be courageous and say whatever your heart believes in. It also makes you and your opinions authentic. If you are honest, people will rely on you and your opinions if they ever need one.

However, it is very easy to lie to people, but there is no way you can do that to yourself because it will never sustain. You can only have peace of mind if you are truthful in your day-to-day happenings. It fosters a trustworthy relationship between people and helps in bringing people together.

Therefore, honesty is the fastest way to prevent a mistake from turning into a failure, and it's the first chapter of life when it comes to wisdom. Thereby, one should make an effort to leave a legacy of honesty and truthfulness for their generations to come.
