Excerpt from Historical Romance of the American Negro For a number of years it has been on my mind to write a book regarding the principal events that have occurred to the colored race since the beginning of the agitation against slavery going on from thence to the great Rebellion passing through that war and also dealing with all subjects of great importance that have arrested our attention under our glorious freedom At the same time it has occurred to me as it has to many another writer that my book would be far more interesting to the general reader if I were to select a representative woman of our own race and make her the mouthpiece of all I wished to say in other words to introduce the whole under the pleasing form of an historical romance so that we might keep our heroine constantly before our eyes and make her weave in a continuous tale of love travel war and peace and thus portray the lady playing her own parts on that tremendous stage of Time that has been set forth for the gaze and astonishment of the whole country during the past fifty years I hope those members of the general public who favor me by a perusal of my book will be pleased with my plan Peace hath her victories no less renowned than war and I have introduced into my book all the great advances that our race has made since the fall of Richmond and indeed have brought things down to this year The reader will find a number of things that are intended to introduce humor and to brighten the darker portions of the story And as some fault finding person may say that I have overdrawn my heroine and made her far more clever than she could ever have naturally been I venture to affirm that such a charge can by no means be just for we have women among us and men too who are as intelligent and clever as can be found among any other race on the face of the earth I believe my book will prove the truth of this assertion in those cases at least where the heroines and heroes of the colored race are mentioned in its pages by name Beulah Jackson will therefore stand as a representative woman among our own people About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      **Historical Romance of the American Negro** Charles Henry Fowler, 2015-03-12 For a number of years it has been on my mind to write a book regarding the principal events that have occurred to the colored race since the beginning of the agitation against slavery going on from thence to the great Rebellion passing through that war and also dealing with all subjects of great importance that have arrested our attention under our glorious freedom      Historical

Dandridge, 2004 Black Women s Activism is the first book length study of African American women s historical romances This book examines romances written from 1989 to the present and discusses their black heroines resistance at particular moments in history from the colonization movement to the Texas oil boom Socio historical perspectives a womanist agenda and an African centered outlook inform the readings of female characters in the narratives of Francine Craft Gay G Gunn Shirley Hailstock Beverly Jenkins and Anita Richmond Bunkley Broadening the scope of the historical romance genre and expanding the canon of African American literature this book provides a more comprehensive image of the black female character and addresses gender issues previously unexplored in black fiction This text should be used by librarians historians literary critics writers college and graduate level students teachers and romance readers *Complicating Categories: Gender, Class, Race and Ethnicity* Eileen Boris, Angelique Janssens, 1999 This volume focuses on complicating central concepts in the understanding of economic and social history class gender race and ethnicity Only recently have historians begun to ask how gender race and ethnicity as categories of analysis change narratives of class formation and working class experience While all three concepts refer to systems of

inequality it remains unclear how these systems of difference relate to each other. Despite a growing body of empirical literature, authors more often connect dyads rather than consider historical phenomena from the triad of class, race, and gender. This volume highlights attempts to write a richer history that complicates categories, suggesting how class, gender, race, and ethnicity combine across a wide range of economic and social landscapes.

**Charred Wood** Bp. Francis Clement Kelley, 2019-12-12 In *Charred Wood* Bp. Francis Clement Kelley presents a poignant exploration of human suffering, redemption, and the transformative power of faith amidst adversity. Blending poetic prose with a resonant narrative style, Kelley articulates a tale set against the backdrop of post-war America, capturing the complex emotions and moral dilemmas faced by individuals navigating their shattered lives. The literary context reflects the influences of early 20th-century American Catholic literature, blending elements of realism and spiritual reflection that echo the societal challenges of his time. Bp. Francis Clement Kelley was not only a spiritual leader but also a writer deeply concerned with social issues, having experienced the ravages of war both personally and within his community. His background in theology and pastoral care undoubtedly influenced his desire to delve into the human condition, grappling with the themes of hope and despair. Kelley's firsthand encounters with the struggles of his parishioners imbued his writing with authenticity and empathy, allowing him to connect deeply with his audience. *Charred Wood* is highly recommended for readers seeking an introspective journey that combines rich literary artistry with profound spiritual insights. It is a compelling read for those interested in the intersection of faith and mortal struggle, illuminating the enduring human spirit that persists even when faced with life's harshest trials.

*The Cambridge History of African American Literature* Maryemma Graham, Jerry W. Ward, Jr., 2011-02-03 The first major twenty-first-century history of four hundred years of black writing, *The Cambridge History of African American Literature* presents a comprehensive overview of the literary traditions, oral and print, of African descended peoples in the United States. Expert contributors drawn from the United States and beyond emphasise the dual nature of each text discussed as a work of art created by an individual and as a response to unfolding events in American cultural, political, and social history. Unprecedented in scope, sophistication, and accessibility, the volume draws together current scholarship in the field. It also looks ahead to suggest new approaches, new areas of study, and as yet undervalued writers and works. *The Cambridge History of African American Literature* is a major achievement, both as a work of reference and as a compelling narrative, and will remain essential reading for scholars and students in years to come.

*Neither Black Nor White Yet Both* Werner Sollors, 1999 Why can a white woman give birth to a black baby while a black woman can never give birth to a white baby in the United States? What makes racial passing so different from social mobility? Why are interracial and incestuous relations often confused or conflated in literature, making miscegenation appear as if it were incest? Werner Sollors examines these questions and others in *Neither Black nor White yet Both*, a fully researched investigation of literary works that in the past have been read more for a black-white contrast of either/or than for an interracial realm of neither/nor/both and in-between.

From the origins of the term race to the cultural sources of the Tragic Mulatto and from the calculus of color to the retellings of various plots Sollors examines what we know about race analyzing recurrent motifs in scientific and legal works as well as in fiction drama and poetry

*Righteous Propagation* Michele Mitchell, 2005-10-12 Between 1877 and 1930 years rife with tensions over citizenship suffrage immigration and the Negro problem African American activists promoted an array of strategies for progress and power built around racial destiny the idea that black Americans formed a collective whose future existence would be determined by the actions of its members In *Righteous Propagation* Michele Mitchell examines the reproductive implications of racial destiny demonstrating how it forcefully linked particular visions of gender conduct and sexuality to collective well being Mitchell argues that while African Americans did not agree on specific ways to bolster their collective prospects ideas about racial destiny and progress generally shifted from outward looking remedies such as emigration to inward focused debates about intraracial relationships thereby politicizing the most private aspects of black life and spurring race activists to calcify gender roles monitor intraracial sexual practices and promote moral purity Examining the ideas of well known elite reformers such as Mary Church Terrell and W E B DuBois as well as unknown members of the working and aspiring classes such as James Dubose and Josie Briggs Hall Mitchell reinterprets black protest and politics and recasts the way we think about black sexuality and progress after Reconstruction

*A History of the African American Novel* Valerie Babb, 2017-07-31 A History of the African American Novel offers an in depth overview of the development of the novel and its major genres In the first part of this book Valerie Babb examines the evolution of the novel from the 1850s to the present showing how the concept of black identity has transformed along with the art form The second part of this History explores the prominent genres of African American novels such as neoslave narratives detective fiction and speculative fiction and considers how each one reflects changing understandings of blackness This book builds on other literary histories by including early black print culture African American graphic novels pulp fiction and the history of adaptation of black novels to film By placing novels in conversation with other documents early black newspapers and magazines film and authorial correspondence A History of the African American Novel brings many voices to the table to broaden interpretations of the novel s development

**The Cambridge Companion to the African American Novel** Maryemma Graham, 2004-04-15 The Cambridge Companion to the African American Novel presents new essays covering the one hundred and fifty year history of the African American novel Experts in the field from the US and Europe address some of the major issues in the genre passing the Protest novel the Blues novel and womanism among others The essays are full of fresh insights for students into the symbolic aesthetic and political function of canonical and non canonical fiction Chapters examine works by Ralph Ellison Leon Forrest Toni Morrison Ishmael Reed Alice Walker John Edgar Wideman and many others They reflect a range of critical methods intended to prompt new and experienced readers to consider the African American novel as a cultural and literary act of extraordinary significance This volume including a chronology and guide to

further reading is an important resource for students and teachers alike      **Duty beyond the Battlefield** Le'Trice D. Donaldson, 2020-01-31 In a bold departure from previous scholarship Le Trice D Donaldson locates the often overlooked era between the Civil War and the end of World War I as the beginning of black soldiers involvement in the long struggle for civil rights Donaldson traces the evolution of these soldiers as they used their military service to challenge white notions of an African American second class citizenry and forged a new identity as freedom fighters willing to demand the rights of full citizenship and manhood Through extensive research Donaldson not only illuminates this evolution but also interrogates the association between masculinity and citizenship and the ways in which performing manhood through military service influenced how these men struggled for racial uplift Following the Buffalo soldier units and two regular army infantry units from the frontier and the Mexican border to Mexico Cuba and the Philippines Donaldson investigates how these locations and the wars therein provide windows into how the soldiers struggles influenced black life and status within the United States Continuing to probe the idea of what it meant to be a military race man a man concerned with the uplift of the black race who followed the philosophy of progress Donaldson contrasts the histories of officers Henry Flipper and Charles Young two soldiers who saw their roles and responsibilities as black military officers very differently **Duty beyond the Battlefield** demonstrates that from the 1870s to 1920s military race men laid the foundation for the New Negro movement and the rise of Black Nationalism that influenced the future leaders of the twentieth century Civil Rights movement      **Book News Monthly** ,1901      **Book News** ,1893      *Not Just Black and White* Nancy Foner, George M. Fredrickson, 2004-04-22 Immigration is one of the driving forces behind social change in the United States continually reshaping the way Americans think about race and ethnicity How have various racial and ethnic groups including immigrants from around the globe indigenous racial minorities and African Americans related to each other both historically and today How have these groups been formed and transformed in the context of the continuous influx of new arrivals to this country In *Not Just Black and White* editors Nancy Foner and George M Fredrickson bring together a distinguished group of social scientists and historians to consider the relationship between immigration and the ways in which concepts of race and ethnicity have evolved in the United States from the end of the nineteenth century to the present *Not Just Black and White* opens with an examination of historical and theoretical perspectives on race and ethnicity The late John Higham in the last scholarly contribution of his distinguished career defines ethnicity broadly as a sense of community based on shared historical memories using this concept to shed new light on the main contours of American history The volume also considers the shifting role of state policy with regard to the construction of race and ethnicity Former U S census director Kenneth Prewitt provides a definitive account of how racial and ethnic classifications in the census developed over time and how they operate today Other contributors address the concept of panethnicity in relation to whites Latinos and Asian Americans and explore socioeconomic trends that have affected and continue to affect the development of ethno racial identities and relations Joel

Perlmann and Mary Waters offer a revealing comparison of patterns of intermarriage among ethnic groups in the early twentieth century and those today. The book concludes with a look at the nature of intergroup relations both past and present with special emphasis on how America's principal non-immigrant minority, African Americans, fits into this mosaic. With its attention to contemporary and historical scholarship, *Not Just Black and White* provides a wealth of new insights about immigration, race, and ethnicity that are fundamental to our understanding of how American society has developed thus far and what it may look like in the future.
