

## Chapter Summaries

### One

- Roy Cashead, notices the strange boy running along beside the school bus because Dana Matherson grabs his head from behind, presses his thumb into Roy's temple, and smashes his face against the window.
  - The running boy is not wearing shoes. Instead of boarding the bus as Roy expects, the boy turns off the sidewalk and runs across private grounds until he disappears from view.
  - No one helps Roy, the new kid, against Dana, a well-known idiot whose two main hobbies are smoking and beating up smaller kids. Dana bullies Roy by at least fifty pounds.
  - The same morning, police officer David Delinko is called to the construction site of another Mother Paster's All-American Pancake House. Leroy Gernett, the supervising engineer, introduces himself as Curly. He complains that all the survey stakes have been pulled from the ground, thrown around, and the holes filled in.
  - Returning to his patrol car, Officer Delinko steps in a hole and falls down. Curly explains that an owl about as tall as a baseball bat is in it.
  - Officer Delinko has difficulty filing his report because there has been no monetary damage and technically no vandalism. Curly says that moving the survey stakes has screwed up the whole construction schedule. Both men think the mischief is the work of kids, though they don't know why and have no suspects.
  - Officer Delinko asks about the fate of the data once the building starts. Curly sneezes, "What data?"
- 
- Roy, who has moved to Florida from Montana and is new at Trace Middle, does not see the running boy at school.
  - Roy's father works for the government. He is good at his job, he gets promoted, and the family moves around a lot. Trace Middle is the sixth school Roy has attended. Colonel Cove is the tenth town he can remember.
  - Gernett, whose mother is a guidance counselor at Trace Middle, is a D student, goofa around in class, and is the school's king of phone talks. He talks to Roy about skateboarding.
  - Roy asks Gernett about the breakfast boy he sees, but Gernett's only explanation is that the boy is either skipping class or he is a psycho.
  - Roy suggests that maybe the boy is an outcast. Gernett laughs. Roy is thinking about a plan to find the strange boy.

### Two

- The next morning on the bus, Roy sits close to the front door to watch for the boy. For three days there is no sign of the breakfast boy.
  - By Friday, Roy is sitting ten rows from the door when the running boy reappears. Roy runs to run for the door as the bus approaches the intersection, but Dana grabs him by the throat from behind and begins choking him.
  - In desperation, Roy clenches his right fist and brings it up over his shoulder as hard as he can. Dana's hands fall away from his neck.
  - Roy bolts from the bus, edging past a tall girl with curly blond hair and red-framed eyeglasses.
  - Roy exhausts himself chasing the running boy for several blocks, through a construction site, and onto a golf course. The boy disappears into the pine trees on the edge of the golf course. Roy continues his pursuit but is hit in the head with a golf ball and knocked out.
- 
- Though he was born in Detroit, Michigan, Roy tells everyone at Trace Middle School he is from Bozeman, Montana, where his family had lived for ten years, seven months, and seven days. It is Roy's favorite of all the places his family has lived.

**Summary of Gretel Ehrlich's The Solace of Open Spaces** Everest Media, 2022-04-30T22:59:00Z Please note This is a companion version not the original book. Sample Book Insights 1 The state of Wyoming is known for its openness. It is a land of wind and rattlesnakes but it also has a lot of nothingness which can be difficult to navigate. But it doesn't affect me at all. 2 Wyoming is a state full of contrasts. It has the look of a harsh and deserted place but its inhabitants are very welcoming and cooperative. 3 The western states of Wyoming and Montana are home to a tradition of good naturedness that is concomitant with severity. The isolation in which people live makes them quiet and they telegraph thoughts and feelings by the way they tilt their heads and listen. 4 The laconic style is a result of shyness. There is no vocabulary for the subject of feelings so people hold back their thoughts in what seems to be a dumbfounded silence then erupt with an excoriating perceptive remark.

**The Cuckoos** Robert B. Payne, 2005-07-14 The cuckoos are the most variable birds in social behavior and parental care. A few cuckoos are among the most social of all birds and rear their young in a common nest. Most cuckoos are caring parents that rear their own young with some females laying a few eggs in the nests of others while many cuckoo species are brood parasites who leave their eggs in the nests of other birds to rear with their young maturing to kill their foster nestmates. In *The Cuckoos* Robert B. Payne presents a new evolutionary history of the family based on molecular genetics and uses the family tree to explore the origins and diversity of their behaviour. He traces details of the cuckoos biology to their original sources includes descriptions of previously unpublished field observations and reveals new comparisons of songs showing previously overlooked cuckoo species. Lavishly illustrated with specially commissioned colour plates and numerous maps halftones and line drawings *The Cuckoos* provides the most comprehensive and up to date account of this family yet available.

Rosbottom's When Paris Went Dark* Everest Media, 2022-05-07T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 When Hitler invaded Poland on September 1 1939 feverish diplomatic efforts were engaged to obviate the treaty obligations that would force Britain and France to come to her defense The French had increased their already large army to about 2 5 million men They pushed past their own Maginot Line in eastern France and moved cautiously a few kilometers into Germany where they met little resistance 2 The French government headed by Philippe P tain confirmed an armistice with Germany in 1939 The decision was not welcomed by everyone but most French were confident that this political arrangement with Germany would only be necessary for a limited period 3 As Parisians awaited the results of their defense pact with Poland they experienced anxiety but not yet dread and they were alienated from their familiar environment They felt like they were living in the infinite and they wanted to mitigate their impatience at having to live in the present 4 The waiting was one of the most enervating aspects of the Paris during the war especially after the Germans arrived It would not end until Allied tanks were seen on the outskirts of Paris in late August of 1944 [The Owl Handbook](#) John Shewey, 2025-01-14 Charismatic intriguing and misunderstood The Owl Handbook provides a beautifully photographed thoughtfully researched and accessible guide to these complex captivating creatures Spot an owl that's long been watching your every move and darker aspects of its reputation may spring to mind harbinger of doom guides through the spirit world merciless bird of prey Mythology and superstitions have projected our fear of the unknown onto these mostly night dwelling creatures But these wondrous birds are so much more than shadows or silent glides through the night In The Owl Handbook
