Abstract A review of the literature on the effects of the environment on the development of the child is presented. The review is organized into four sections: (1) the physical environment, (2) the social environment, (3) the cultural environment, and (4) the psychological environment. The review is based on a search of the literature in the field of child development, with particular emphasis on the effects of the environment on the child's development. The review is organized into four sections: (1) the physical environment, (2) the social environment, (3) the cultural environment, and (4) the psychological environment.
