

# GREEN SMOOTHIE DIET GUIDE

This diet is a smoothies only diet, which means you drink nothing but smoothies. Blended food diets are extremely good for you as blended food is so easily digested. This means that nutrients are so easily absorbed into your body and energy is directed away from digesting food and towards healing your body. This means you should have a massive energy boost while on this diet.

The great thing about this diet is that because these smoothies are so healthy and natural, you can drink as much as you like of them.

This smoothie diet is a great detox as it clears the junk out of your body and gives it a good rest. The diet plan below incorporates a balance of different types of smoothies but feel free to substitute any smoothie recipes.

## DO I HAVE TO JUST DRINK GREEN THICKIES?

For those of you who don't know - a Green Thickie is a meal replacement green smoothie containing filling carbs, natural protein sources and healthy fats with energising greens, nutritious fruit and other natural tasty ingredients. Green Thickies are filling so you won't go hungry on this detox. You can of course make your favourite smoothie recipes but you'll need to drink a lot more of them as they won't be so filling.
