

How to Write SMART IEP Goals

Specific

The goal is specific in naming the skill or subject area and the targeted result. It should include conditions and any accommodations that may need to be provided.

Measurable

The goal is stated in a way that the student's progress can be measured. This can be done using standardized tests, curriculum-based assessments, or teacher observation. A clear criterion for success should be established.

Achievable

The goal represents progress that is realistic for the student. Although goals can be ambitious, they are not able to meet a student's needs if they are unattainable.

Relevant and Results-oriented

The goal clearly lays out what the student will do to accomplish it. It should be created based on a student's individualized need and it should contain clearly identified actions that the student will take to achieve the goal.

Time bound

The goal includes a time frame in which the student will achieve it. It also should state when and how often progress will be measured.

Example:

By October 2017, when given a set of manipulatives, ten frames, and a verbal prompt, Student will represent addition and subtraction within 20 with objects, drawings, and/or equations as measured by 80% accuracy on a teacher-created problem set during 4 out of 5 trials. Progress will be measured on a quarterly basis.

Iep Goals For Depression:

Anxiety and Depression in Children and Adolescents Thomas J. Huberty, 2012-04-24 Although generally considered adult disorders anxiety and depression are widespread among children and adolescents affecting academic performance social development and long term outcomes They are also difficult to treat and especially when they occur in tandem tend to fly under the diagnostic radar *Anxiety and Depression in Children and Adolescents* offers a developmental psychology perspective for understanding and treating these complex disorders as they manifest in young people Adding the school environment to well known developmental contexts such as biology genetics social structures and family this significant volume provides a rich foundation for study and practice by analyzing the progression of pathology and the critical role of emotion regulation in anxiety disorders depressive disorders and in combination Accurate diagnostic techniques appropriate intervention methods and empirically sound prevention strategies are given accessible clinically relevant coverage Illustrative case examples and an appendix of forms and checklists help make the book especially useful Featured in the text Developmental psychopathology of anxiety anxiety disorders depression and mood disorders Differential diagnosis of the anxiety and depressive disorders Assessment measures for specific conditions Age appropriate interventions for anxiety and depression including CBT and pharmacotherapy Multitier school based intervention and community programs Building resilience through prevention *Anxiety and Depression in Children and Adolescents* is an essential reference for practitioners researchers and graduate students in school and clinical child psychology mental health and school counseling family therapy psychiatry social work and education

Inclusive Programming for High School Students with Autism Or Asperger's Syndrome Sheila Wagner, 2009 Successful inclusion in high school is critical for achieving independence as an adult Even though inclusive education is now the standard for educating students with special needs inclusion is a still a very new process Successful inclusion relies on flexibility of parents and educators and their ability to work together for the sake of the student Training collaboration specialized teaching long term planning and a clear idea of the desired outcome for the student these are just as important at the high school level as they were in elementary and middle school This comprehensive guide will help you give your child or student the best possible high school experience You will learn how to help students navigate the social minefields of friendships and dating while fostering the executive functioning skills they will need as adults Expert Sheila Wagner provides the strategies and solutions you ll need before during and after high school Topics include Transitioning from Middle School IEP Goals and Objectives Accommodations Modifications Course Selection Developing Friendships Prom Night and Dating Bullying Graduation Requirements Zero tolerance and Discipline Standards Driving Permits Preparing for College Employment Options Transitioning to the Adult World Planning for Inclusion into the Community Plus many more

Working with Traumatic Brain Injury in Schools Paul B. Jantz, Susan C. Davies, Erin D. Bigler, 2014-01-10 Every day children and adolescents worldwide return to the educational setting having sustained a

traumatic brain injury TBI The possible negative consequences of TBI range from mild to severe and include neurological cognitive emotional social and behavioral difficulties Within the school setting the negative effects of TBI tend to persist or worsen over time often resulting in academic and social difficulties that require formal and informal educational assistance and support School psychologists and other educational professionals are well positioned to help ensure students with TBI receive this assistance and support Working with Traumatic Brain Injury in Schools is a comprehensive practitioner oriented guide to effective school based services for students who have experienced a TBI It is primarily written for school based professionals who have limited or no neurological or neuropsychological training however it contains educational information that is useful to professionals with extensive knowledge in neurology and or neuropsychology This book is also written for parents and guardians of students with TBI because of their integral role in the transition school based assessment and school based intervention processes Chapter topics include basic brain anatomy and physiology head injury and severity level classifications biomechanics of injury injury recovery and rehabilitation neurological cognitive emotional behavioral social and academic consequences understanding community based assessment findings a framework for school based assessment TBI SNNAP school based psychoeducational report writing and school based interventions monitoring pharmacological interventions and prevention An accompanying website includes handouts sample reports and training templates to assist professionals in recognizing and responding to students with TBI

Handbook of Special Education James M. Kauffman, Daniel P. Hallahan, 2011-05-15 Special education is now an established part of public education in the United States by law and by custom However it is still widely misunderstood and continues to be dogged by controversies related to such things as categorization grouping assessment placement funding instruction and a variety of legal issues The purpose of this 13 part 57 chapter handbook is to help profile and bring greater clarity to this sprawling and growing field To ensure consistency across the volume chapter authors review and integrate existing research identify strengths and weaknesses note gaps in the literature and discuss implications for practice and future research Key features include Comprehensive Coverage Fifty seven chapters cover all aspects of special education in the United States including cultural and international comparisons Issues Trends In addition to synthesizing empirical findings and providing a critical analysis of the status and direction of current research chapter authors discuss issues related to practice and reflect on trends in thinking Categorical Chapters In order to provide a comprehensive and comparative treatment of the twelve categorical chapters in section IV chapter authors were asked to follow a consistent outline Definition Causal Factors Identification Behavioral Characteristics Assessment Educational Programming and Trends and Issues Expertise Edited by two of the most accomplished scholars in special education chapter authors include a carefully chosen mixture of established and rising young stars in the field This book is an appropriate reference volume for anyone researchers scholars graduate students practitioners policy makers and parents interested in the state of special education today its research base current issues and practices and future trends It

is also appropriate as a textbook for graduate level courses in special education

Essentials of Intellectual Disability Assessment and Identification Alan W. Brue, Linda Wilmschurst, 2016-03-31 Brue's *Essentials of Intellectual Disability* is a concise up to date overview of intellectual disability evaluation and assessment This text offers a practical concise overview of the nature of intellectual disability and adaptive skills functioning in children adolescents and adults Coverage includes the latest information on prevalence causes differential diagnoses behavioral and social concerns test instruments and the new DSM 5 diagnostic criteria The discussion promotes a deeper understanding of the use of assessment data to inform interventions in clinical practice Designed for easy navigation each chapter highlights important points and key cautions to allow quick reference without sacrificing depth A sample assessment report illustrates how findings should be communicated to better inform treatment giving you a practical reference to ensure comprehensive reporting In 2013 the DSM 5 conceptualization of intellectual disabilities was significantly changed It's important for professionals to have access to the most current guidelines from a variety of sources and this book compiles them all into a single reference

Positive Behavior Management in Physical Activity Settings Barry Wayne Lavay, Ronald W. French, Hester Henderson, 2006 Aimed at PE teachers coaches and recreation leaders who want to learn strategies for promoting responsible behaviour in participants this title combines theory with the application of teaching and leadership practices of proven merit in a variety of settings including youth sport programmes schools and leisure facilities

Social Work in Health Settings Judith L.M. McCoyd, Jessica Euna Lee, Toba Schwaber Kerson, 2022-12-27 This fully revised and expanded fifth edition of *Social Work in Health Settings Practice in Context* maintains its use of the Practice in Context PiC decision making framework to explore a wide range of social work services in healthcare settings The PiC is updated in this edition to attend to social determinants of health and structural conditions The PiC framework is applied in over 30 case chapters to reflect varied health and social care settings with multiple populations Fully updated to reflect the landscape of healthcare provision in the US since the Affordable Care Act was reaffirmed in 2020 the cases are grounded by primer chapters to illustrate the necessary decisional and foundational skills for best practices in social work in health settings The cases cover micro through macro level work with individuals families groups and communities across the life course The PiC framework helps maintain focus on each of the practice decisions a social worker must make when working with a variety of clients including military veterans refugees LGBTQ clients The ideal textbook for social work in healthcare and clinical social work classes this thought provoking volume thoroughly integrates social work theory and practice and provides an excellent opportunity for understanding particular techniques and interventions

Empowering Family-Teacher Partnerships Mick Coleman, 2012-03-01 *Empowering Family Teacher Partnerships Building Connections Within Diverse Communities* by Thomas M Coleman prepares students to work collaboratively with families and community professionals in support of children's early education and development The author takes a student centered approach to delivering substantive information and framing activities Students are invited to

develop a personal philosophy of family involvement to guide their work with families and to join a community of learners in relying upon their collective insights and problem solving skills to address family involvement challenges Toddlers & Adhd Donna Mac LCPC, 2014-03-10 Is your toddler going through the whacky one s terrible two s troublesome three s or fudgesicle four s fives Or could their behavior be something more ADHD is a genetic condition that usually has an onset prior to the age of 4 It presents with hyperactivity impulsivity inattentiveness irritability and aggression Due to the fact that all toddlers show some ADHD behavior its challenging to discern if behavior falls within normal limits or if it is clinically significant Learn the distinction Toddlers ADHD shares the latest research on the diagnosis and the treatment of 1 5 year olds with this condition The goal is to reduce the childs ineffective symptoms which will subsequently lessen the stress level of the entire family unit Therefore you will learn parenting strategies specifically for a toddler with ADHD and you will also find out how to seek help for your child the right questions to ask and what to expect from Early Intervention services preschool and kindergarten based services and therapeutic psychiatric services **Encyclopedia of Infant and Early Childhood Development** , 2020-03-13 Encyclopedia of Infant and Early Childhood Development Second Edition provides a comprehensive entry point into the existing literature on child development in the fields of psychology genetics neuroscience and sociology Featuring 171 chapters across 3 volumes this work helps readers understand these developmental changes when they occur why they occur how they occur and the factors that influence development Although some medical information is included the emphasis lies mainly in normal growth primarily from a psychological perspective Comprehensive and in depth scholarly articles cover theoretical applied and basic science topics providing an interdisciplinary approach All articles have been completely updated making this resource ideal for a wide range of readers including advanced undergraduate and graduate students researchers and clinicians in developmental psychology medicine nursing social science and early childhood education Cutting edge content that cover the period of neonates to age three Organized alphabetically by topic for ease of reference Provides in depth scholarly articles covering theoretical applied and basic science Includes suggested readings at the end of each article
