## Les Grands Discours De Guerre:

**Les grands discours de guerre** Charles de Gaulle, 2020      Discours de guerre (1940-1946) Winston Churchill, 2011-08-25 Sept discours haute valeur tant littéraire Winston Churchill a reçu le prix Nobel de littérature en 1953 qu'historique d'avoir couvert dans une nouvelle traduction Dans ces textes devenus classiques Churchill présente ses concitoyens une guerre longue et difficile et expose les enjeux de la guerre et de l'après guerre      Napoleon and de Gaulle Patrice Gueniffey, 2020-05-12 It is well and good that historians no longer spend all their efforts relating the glories and trials of political and military leaders But Patrice Gueniffey believes that heroes still have something to tell us He contrasts two of them Napoleon Bonaparte and Charles de Gaulle to better understand how individual exploits have shaped our world      *In the Shadow of the General* Sudhir Hazareesingh, 2012-07-26 The French writer Francois Mauriac once predicted that when de Gaulle will be here no longer he will still be here This insight has proved prophetic In contemporary France Charles de Gaulle has become a figure of legend consistently acclaimed as the nation's pre-eminent historical figure Central to this popularity is the recognition of his pivotal role as the founder and then the leader of the Resistance movement during the Second World War Once might be tempted to conclude that it is the man who became mythical not the institutions he created But here the paradoxes abound For one thing his personal popularity sits oddly with his social origins and professional background Neither the nobility nor the Catholic Church nor the Army is particularly well regarded in France today in their different ways they all symbolize antiquated traditions and values So why then do the French nonetheless identify with celebrate and even revere this austere and devout nobleman who remained closely wedded to military values throughout his life In the Shadow of the General resolves this mystery and explains how de Gaulle has to come occupy such a privileged position in the French imagination Sudhir Hazareesingh's story of how an individual life transformed into national myth also tells a great deal about the French collective self in the twenty first century its fractured memory its aspirations to greatness and its manifold anxieties Alongside the tale of de Gaulle's legacy a much broader narrative unfolds the story of modern France      **Les Grands Orateurs de la Révolution** François-Alphonse Aulard, 2024-03-13 Les Grands Orateurs de la Révolution par François-Alphonse Aulard offre une analyse claire des discours marquants prononcés lors de la Révolution française L'auteur examine les interventions des orateurs clés de cette époque tumultueuse relevant leurs idées leur rhétorique et leur impact sur le cours de l'histoire travers une approche historique et littéraire Aulard offre un aperçu fascinant de la puissance des mots dans le contexte révolutionnaire Les Grands Orateurs de la Révolution constitue une référence précieuse pour comprendre l'influence de l'éloquence sur les événements historiques majeurs      ,      **French Vernacular Books / Livres vernaculaires français (FB) (2 vols.)** Andrew Pettegree, Malcolm Walsby, Alexander Wilkinson, 2007-11-30 This work offers for the first time a complete list of all books published wholly or partially in the French language before 1601 Based on twelve years of investigations in libraries in France the United Kingdom the United States Germany the

Netherlands and elsewhere it provides an analytical short title catalogue of over 52 000 bibliographically distinct items with reference to surviving copies in over 1 600 libraries worldwide Many of the items described are editions and even complete texts fully unknown and re discovered by the project French Vernacular Books is an invaluable research tool for all students and scholars interested in the history culture and literature of France as well as historians of the early modern book world For vols III IV please go to French Books III IV

**La Longue mémoire de la Grande Guerre** Laurent Jalabert,Reiner Marcowitz,Arndt Weinrich,2017-03-15 La Grande Guerre a fortement marqué les sociétés occidentales du XXe siècle jusqu'à nos jours tout particulièrement l'Allemagne et la France Si l'histoire des conflits mondiaux leur est commune le cheminement mémoriel de la Première Guerre diffère d'un pays à l'autre La construction du souvenir et de la mémoire est au cœur des textes proposés

*Reframing remembrance* Lisa Harper Campbell,2021-11-09 Reframing remembrance examines films about the Nazi Occupation of France charting how this period has been commemorated and how it has affected the articulation of French national identity The book proposes that 1995 marked the beginning of a new approach to commemoration reflected by socio-political acts such as Jacques Chirac's July 1995 Vichy speech and artistic acts most notably films set during the Occupation This is an approach that embraces critical engagement with history and its retelling With relevance to countries beyond France and events far removed from the Second World War Reframing remembrance highlights the need for ongoing honest remembrance and self-reflection as cultural representations of history continue to shape contemporary views about nations identities and their global responsibilities

**"Il faut défendre la société"** Michel Foucault,2025-01-22T00:00:00+01:00 Dans le cours de 1976 Il faut défendre la société Michel Foucault s'interroge sur la pertinence du modèle de la guerre pour analyser les relations de pouvoir Michel Foucault en définit deux formes le pouvoir disciplinaire qui s'applique sur le corps par le moyen des techniques de surveillance et des institutions punitives et ce qu'il appellera désormais le bio-pouvoir qui s'exerce sur la population la vie et les vivants Analysant les discours sur la guerre des races et les récits de conquête notamment chez Boulainvilliers Michel Foucault dresse la généalogie du bio-pouvoir et des racismes d'État La logique des rapports entre pouvoir et résistance n'est pas celle du droit mais celle de la lutte elle n'est pas de l'ordre de la loi mais de celui de la stratégie La question est dès lors de savoir s'il convient de renverser l'aphorisme de Clausewitz et de poser que la politique est la continuation de la guerre par d'autres moyens Le cours présente ici à titre prononcé de janvier-mars 1976 au Collège de France c'est-à-dire entre la sortie de Surveiller et Punir et celle de La Volonté de savoir Il inaugure la publication des cours de Foucault au Collège de France tabliée sous la
