others not got a lot of traction playing off consumer fears of the unknown This critical and timely book explains how changing demographics cultural shifts technological advances and agriculture s silence all combined to create the perfect storm a great chasm between those who know and those who don t know agriculture The ramifications of a poorly informed consumer base are now becoming clear in our policy debates and consumer driven business decisions There is a lot of common ground between the agricultural sector and their consumer base but each group largely fails to appreciate it and the consequences of such a divide grow increasingly dire Drawing on a wide range of expertise from leading agricultural researchers to major agribusiness leaders to consumer advocates Eise and Hodde lay out exactly why communication is so urgently critical to our modern day agricultural system They outline the major themes affecting agricultural communication perception emotion technology science and what we can do now to improve the debate and safeguard our future food supply for generations to come This book is suitable for those who study agriculture environmental economics and mass media and communication

The Real Psychology of the Trump Presidency Stanley Renshon,2020-09-14 The United States has never had a president quite like Donald J Trump He violated every rule of conventional presidential campaigns to win a race that almost no one including at times he himself thought he would win In so doing Trump set off cataclysmic shock waves across the country and world that have not subsided and are unlikely to as long as he remains in office Critics of Trump abound as do anonymously sourced speculations about his motives yet the real man behind this unprecedented presidency remains largely unknown In this innovative analysis American presidency scholar and trained psychoanalyst Stanley Renshon reaches beyond partisan narrative to offer a serious and substantive examination of Trump s real psychology and controversial presidency He analyzes Trump as a preemptive president trying to become transformative by initiating a Politics of American Restoration Rigorously grounded in both political science and psychology scholarship *The Real Psychology of the Trump Presidency* offers a unique and thoughtful perspective on our controversial 45th president

Merchants of Truth Jill Abramson,2020-02-11 Former executive editor of The New York Times and one of our most eminent journalists Jill Abramson provides a valuable and insightful The Boston Globe report on the disruption of the news media over the last decade as shown via two legacy The New York Times and The Washington Post and two upstart BuzzFeed and VICE companies as they plow through a revolution that pits old vs new media A marvelous book The New York Times Book Review *Merchants of Truth* is the groundbreaking and gripping story of the

precarious state of the news business The new digital reality nearly kills two venerable newspapers with an aging readership while creating two media behemoths with a ballooning and fickle audience of millennials Abramson provides this deeply reported insider account of an industry fighting for survival With a keen eye for detail and a willingness to interrogate her own profession Abramson takes readers into the newsrooms and boardrooms of the legacy newspapers and the digital upstarts that seek to challenge their dominance Vanity Fair We get to know the defenders of the legacy presses as well as the outsized characters who are creating the new speed driven media competitors The players include Jeff Bezos and Marty Baron The Washington Post Arthur Sulzberger and Dean Baquet The New York Times Jonah Peretti BuzzFeed and Shane Smith VICE as well as their reporters and anxious readers Merchants of Truth raises crucial questions that concern the well being of our society We are facing a crisis in trust that threatens the free press One of the best takes yet on journalism s changing fortunes Publishers Weekly starred review Abramson s book points us to the future *Moment of Truth* Kelly McKinney,2018-07-17 Miami Beach Devastated by Monster Category 5 Hurricane Times Square Incinerated by Homemade Nuclear Bomb Magnitude 9.0 Earthquake Reduces Downtown Seattle to Rubble These aren t actual headlines but they could be Even though they sound like next summer s blockbuster movies each of these worst case scenarios is a real threat a threat for which America is hugely underprepared But it doesn t have to be that way This is not a book about disasters Instead *Moment of Truth* will tell you what these genuine threats mean for society as a whole as well as for your region or town or you All we have to do is open our eyes and look beyond the brick wall of hope that clouds our vision in collective denial In addition to advice for government *Moment of Truth* contains practical steps that you can take now keep you and your family safe in the face of the next catastrophe Because it may come down to just you **Reappraisals of British Colonisation in Atlantic Canada, 1700-1930** Karly Kehoe,2020-05-01 This collection offers new perspectives on the legacy of British colonisation by concentrating on Atlantic Canada a region that was pivotal to safeguarding Britain s imperial ambitions between 1750 and 1930 **Upside Down** Dan Meyer,2016-03-28 We the People have had it pretty good since WWII Our prosperity has resulted in our collective apathy toward the corrupt progression of what once were servants of the People into life long career politicians in Washington D C who have become our elite political ruling class Power corrupts and absolute power corrupts absolutely Today in our United States we have an all powerful central government enabled by a subservient media propelling our nation toward the living hell described in George Orwell s 1984 where truth cannot be found where freedom does not exist *Upside Down* clearly defines the immediate action We the People can and must take to restore what used to be our government of by and for the people If we choose to continue to sit on the sidelines and not get involved we will transition from apathy to dependence and out of that dependence will come the bondage from which we rose 239 years ago *Focus On: 100 Most Popular Fictional African-American People* Wikipedia contributors, *Focus On: 100 Most Popular Drama Films Based on Actual Events* Wikipedia contributors, **The Fluid Boundaries of Suffrage and Jim**
