Manual** Nancy Conner, 2007-03-21 Ready to put Intuit's QuickBase to work Our new Missing Manual shows you how to
capture modify share and manage data and documents with this web based data sharing program quickly and easily No
longer do you have to coordinate your team through a blizzard of emails or play frustrating games of guess which document
is the right one QuickBase saves your organization time and money letting you manage and share the information that makes
your business tick sales figures project timelines drafts of documents purchase or work requests whatever information you
need to keep business flowing smoothly QuickBase The Missing Manual shows you how to choose among QuickBase's dozens
of ready made applications mini databases essentially and how to customize one to fit your needs exactly You'll also learn to
assign people different roles within the application The guide also shows you how to Capture and modify data Whatever kind
of data you need to store sales leads catalog listings project milestones workflow checklists you can use QuickBase's forms to
record and organize that data so it makes sense to you Filter sort and group data Easily find the records that match your
criteria and then sort those records into groups that make their relationships clear Display your data QuickBase uses
different views Table Grid Edit Summary Crosstab Calendar Chart and Timeline to display and summarize data Switching
between them is easy like taking tasks listed in a table and displaying them as a timeline Create reports Print out a hard copy
embed charts in the annual report or email this month's sales numbers Because Intuit frequently introduces new features to
QuickBase you'll find updates to this book at our Missing Manual web site so you can benefit from the latest technology and
