priority Heating Ventilation and Air Conditioning systems HVAC would assume more importance and priority The number
and percentage of people opting creating and living in conditioned spaces might also serve as an index for living standards In
my search for understanding the different types of styles and configurations of HVAC systems I finally realized that I could
understand the different executions only if I work with a HVAC company This somehow materialized I started working for
Superior air a HVAC subcontractor engaged in providing installing HVAC systems in San Diego City in California My learning
started with studying their installations visiting job sites and looking at construction and approved drawings I also had the
opportunity to interact with construction supervisors experts in HVAC systems and construction workers The installations I
visited are mostly in commercial office buildings and involved almost all the types mentioned in the book To facilitate ease of
understanding the book includes maximum possible images of the systems lay outs I will be extremely thankful to the readers
if they could give me feedback comments and any other information images that can be included for regular updates *Air*
