books interviewed athletes coaches and local sports fans and travelled across the state to determine each community's best athlete. The result is a one of a kind sports book *Montana Greats From A Absarokee to Z Zurich the Greatest Athletes from 264 Montana Communities*. These athletes men and women historic and contemporary are the best in more than a dozen sports football basketball rodeo track skiing and more. Included are well known greats such as World Series pitcher Dave McNally who *Sports Illustrated* said was the best athlete to come from Montana but the book is rich with lesser known stories of local legends and high school heroes. In fact the book is being praised for its celebration and remembrance of small town sports heroes. What I love about *Montana Greats* is how it memorializes the small towns in Montana where the identity of the community is strongly connected to their teams. Thank you Jeff Welsch for honoring their best athletes and for ensuring we never forget their legacies. Joe Puckett Peerless Montana native and author of *The Dream*. The text and Contents of the book is organized alphabetically by community name hence the subtitle *From A Absarokee to Z Zurich*. Each athlete is profiled on a single page. There is a description of the athlete's accomplishments and a brief biographical update. Each profile includes a black and white photograph usually an action photo of the athlete participating in his/her sport. Although the Contents is a list of community names the book features two useful indexes for quickly finding an individual athlete. One index is an alpha list of all the athletes the other is the athletes listed by the sport they are known for football stars under Football etc. *Montana Greats* is a record of sports heroes and where they came from. It is a winning book for sports fans historians and all Montanans.

The Notre Dame football program has the best winning percentage and has produced more All Americans than any other school in the country. This newly revised edition is a compendium that spans the careers of more than two thousand players.
