Loofa Love

Showers are both a place and an activity. They are where people wake themselves up to begin the day anew or where they wash the sweat and grime of a rough day off their bodies. Showers are an essential part of basic health and hygiene. With that comes a countless array of tools for proper cleanliness, but none come quite as close as the loofa to pure perfection. Based on cleaning ability, personal comfort, and usability, the loofa is the most effective and efficient body cleaning implement in any shower caddy.

Personal comfort is an admittedly subjective quality for anyone. However, the audience has a general understanding of a comfort range. Where scrubby cloths are harsh and even painful to more sensitive skin, other washing implements feel as though they are only pushing grime around the epidermis. The loofa succeeds in its ability to create a rich lather for a smooth, satisfying feeling while still maintaining an effective cleaning ability, ensuring that a bather feels good both during and after usage.

While humble in its roots, the loofa is an ideal cleaning tool that epitomizes cleaning ability, comfort, and ease of use into one amazing package. As bathing has only grown in importance in relation to hygiene and health, technology has maintained steady in the tools involved with the process. While the loofa may see some evolution in form at some point in the future, the tool's current iteration suggests a superior form that requires no true improvement.

Evaluation Paper Topic Ideas:

Creative Ideas For Teaching Evaluation Donna M. Mertens, 2013-04-17 In 1976 the first session on the teaching of evaluation was held at an annual meeting of evaluators. A few hardy souls gathered to exchange ideas on improving the teaching of evaluation. At subsequent annual meetings these informal sessions attracted more and more participants eager to talk about common teaching interests and to exchange reading lists, syllabuses, assignments, and paper topics. The sessions were irreverent, innovative, lively, and unpredictable. Eventually the group formalized itself with the American Evaluation Association as the Topical Interest Group in the Teaching of Evaluation (TIG TOE). As word of TIG TOE's activities spread, instructors from all over the country clamored for assistance and advice. It became apparent that a handbook was needed: a practical interdisciplinary guide to the teaching of evaluation. Donna M. Mertens, a long-standing member of TIG TOE and an accomplished teacher of evaluation, volunteered to edit the book, and her skills, sensitivity, and experience in the craft of teaching are apparent throughout.
