

REMOTE CONTROL PROCEDURES

CONTROLLING A DEVICE

This section explains how to set up the remote to control a device, such as a satellite TV receiver, a TV, a VCR, a cable TV box, a tuner, or an amplifier.

Note: The remote already is set up to control the receiver. But, if the receiver has its own volume control, then when you first install it, it is set up so that the remote cannot control the receiver's own volume. If you want to set up the receiver so that the remote can control the receiver volume, see *Receiver Volume Control* on page 415.

1. Turn ON the device you want the remote to control, using the device's buttons or the remote control that came with the device.
2. Find the brand name of the device in the table that starts on page 12. If the brand is not listed, see *Doing the Device Code Search* on page 420.

3. Press and hold the mode button for the device that you want the remote to control, for about three seconds. When all the other mode button backlights come on, release the mode button.

TV Mode

4. Use the number buttons to enter the code for the device.
Note: For the **ALICE** mode, you must enter a 4-digit code. The first digit is the code for the device, as follows:
0 is for a second TV, 1 is for a second VCR, and 2 is for an audio amplifier or cable TV box.

5. Press and release the **Power** button. If the code is valid, the mode button backlight blinks three times.

6. Test if the code works for the device by pressing the **Power** button. If the code works, the device should turn OFF.

7. Turn the device back ON and try some other buttons to make sure they work. Sometimes, the **Power** button may work when other buttons do not. If the code works for other buttons, stop here.

TV (Television) Mode

TV Mode Button

To use the remote to operate a television, you must first set up the remote to control the television. See *Controlling a Device* on page 12. Then, you must press the **TV mode** button to set the remote to TV mode. The TV mode button's back light turns ON to show that the remote is set to TV mode. **Never** wait so long the remote is in TV mode to use the buttons as described in this section.

TV/VCR

TV/VCR Button

If the TV has video input options, use this button to switch the TV among these options.

Power Button

Press this button to turn the television ON or OFF.

Mute Button

Press this button to turn off the sound. Press it again to restore the sound.

Volume Button

Press the left-hand, minus (-) side of this button to lower the sound volume. Press the right-hand, plus (+) side of this button to raise the sound volume.

Select Button

The **Select** button works as the **Enter** button for a TV.
