Kannan, Oladeji Bamidele, 2023-10-09 Intra-Africa Student Mobility in Higher Education Chika Trevor Sehoole, Jenny J. Lee, 2022-01-01 This book examines student mobility within Africa International student mobility is among the central activities of higher education internationalization As the number of international students increase so do the destinations in both number and geographic diversity Historically international student mobility has followed South North and North North patterns However recent literature show the growth in North South and South South patterns of student mobility There has also been a rise in regional mobility In what is referred to in the book as intra Africa mobility the books explores and analyzes the patterns of intra Africa mobility based on seven African countries South Africa Kenya Uganda Nigeria Ghana Senegal and Egypt The editors and contributors address three central research questions Why did the students choose the country they

are studying in Why did they choose the institution they are studying in What are their academic and social experiences in these countries and their respective institutions This book is the first comprehensive exploration of intra Africa student mobility in a field that traditionally centers on the Global North *Quality in African Higher Education*, 2025-05-19 This book examines quality higher education as a stimulus for sustainable development in selected regions of Africa Its underlying principle flaunts quality higher education as indispensable for sustainable development The first part of the florilegium discusses the context and need for sustainable development using higher education as an impetus The second part focuses on quality assurance processes and mechanisms for enhancing higher education to drive sustainable development in the continent The book will ignite interest among researchers and protagonists of higher education education management and sustainable development Contributors are Christopher Mukidi Acaali Benjamin Ahimbisibwe Arlinda Manuela dos Santos Cabral Samwel Credo Rajkumar Durairaj John Michael Edoru Nangula Iipumbu Joseph Iyanda Ngepathimo Kadhila Stella Maris Kamanzi Ambrose T Kessy Alfred Kirigha Kitawi James Lam Lagoro Gilbert Likando Felichesmi S Lyakurwa Janeth Jonathan Marwa Kennerth Matengu Lazarus Nabaho Peter Neema Abooki John Nyambe Dino Raja Adebayo Tajudeen Sanni Itumeleng I Setlhodi Tibs Jimmy Tumwesigye and Mumbi Maria Wachira **Democracy and the Discourse on Relevance Within the Academic Profession at Makerere University** Kronstad Felde, Tor Halvorsen, 2021-09-20 Democracy and the Discourse on Relevance Within the Academic Profession at Makerere University is set against the backdrop of the spread of neoliberal ideas and reforms since the 1980s While accepting that these ideas are rooted in a longer history the authors reveal how neoliberalism has transformed the university sector and the academic profession In particular they focus on how understandings of what knowledge is relevant and how this is decided have changed Taken as a whole reforms have sought to reorient universities and academics towards economic development in various ways Shifts in how institutions and academics achieve recognition and status combined with the flow of public funds away from the universities and the increasing privatisation of educational services are steadily downgrading the value of public higher education As research universities adopt user and market oriented operating models and prioritise the demands of the corporate sector in their research agendas the sale of intellectual property is increasingly becoming a primary criterion for determining the relevance of academic knowledge All these changes have largely succeeded in transforming the discourse around the role of the academic profession in society In this context Makerere University in Uganda has been lauded as having successfully achieved transformation However far from highlighting the allegedly positive outcomes of this reform this book provides worrying insights into the dissolution of Ugandas academic culture Drawing on interviews with over ninety academics at Makerere University from deans to doctoral students the authors provide first hand accounts of the pressures and problems the reforms have created Disempowered overworked and under resourced many academics are forced to take on consultancy work to make ends meet The evidence presented here stands in stark contrast to the successes claimed by the university

However as the authors also show local resistance to the neoliberal model is rising as academics begin to collaborate to regain control over what knowledge is considered relevant and wrestle with deepening democracy The authors careful expos of how neoliberalism devalues academic knowledge and the urgency of countering this trend makes Democracy and the Discourse on Relevance Within the Academic Profession at Makerere University highly relevant for anyone working in higher education or involved in shaping policy for this sector

World Michael E. Auer, David Guralnick, Istvan Simonics, 2018-02-09 This book gathers the Proceedings of the 20th International Conference on Interactive Collaborative Learning ICL2017 held in Budapest Hungary on 27-29 September 2017. The authors are currently witnessing a significant transformation in the development of education. The impact of globalisation on all areas of human life, the exponential acceleration of technological developments and global markets and the need for flexibility and agility are essential and challenging elements of this process that have to be tackled in general but especially in engineering education. To face these current real world challenges, higher education has to find innovative ways to quickly respond to them. Since its inception in 1998, this conference has been devoted to new approaches in learning with a focus on collaborative learning. Today the ICL conferences offer a forum for exchange concerning relevant trends and research results and for sharing practical experience gained while developing and testing elements of new technologies and pedagogies in the learning context. **Papers in ITJEMAST 11(16) 2020**, International Transaction Journal of Engineering Management

Applied Sciences. Technologies publishes a wide spectrum of research and technical articles as well as reviews, experiments, experiences, modelings, simulations, designs and innovations from engineering sciences, life sciences and related disciplines as well as interdisciplinary, cross-disciplinary, multidisciplinary subjects. Learning Michael E. Auer, Thrasyvoulos Tsiatsos, 2018-02-13 Interactive mobile technologies have now become the core of many, if not all, fields of society. Not only do the younger generation of students expect a mobile working and learning environment but also the new ideas, technologies and solutions introduced on a nearly daily basis also boost this trend. Discussing and assessing key trends in the mobile field were the primary aims of the 11th International Conference on Interactive Mobile Communication Technologies and Learning IMCL2017 which was held in Thessaloniki from 30 November to 01 December 2017. Since being founded in 2006, the conference has been devoted to new approaches in interactive mobile technologies with a focus on learning. The IMCL conferences have in the meanwhile become a central forum of the exchange of new research results and relevant trends as well as best practices. This book contains papers in the fields of Future Trends and Emerging Mobile Technologies, Design and Development of Mobile Learning Apps and Content, Mobile Games, Gamification and Mobile Learning, Adaptive Mobile Environments, Augmented Reality and Immersive Applications, Tangible, Embedded and Embodied Interaction, Interactive Collaborative and Blended Learning, Digital Technology in Sports, Mobile Health Care and Training, Multimedia Learning in Music Education, 5G Network Infrastructure, Case Studies, Real World Experiences. The content will appeal to a broad readership including policymakers, academics, educators, researchers in pedagogy and learning theory, school teachers, the learning industry, further education lecturers etc.

Makerere University Applications 2015 2016 Introduction

In today's digital age, the availability of Makerere University Applications 2015 2016 books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Makerere University Applications 2015 2016 books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Makerere University Applications 2015 2016 books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Makerere University Applications 2015 2016 versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Makerere University Applications 2015 2016 books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Makerere University Applications 2015 2016 books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Makerere

University Applications 2015 2016 books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Makerere University Applications 2015 2016 books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Makerere University Applications 2015 2016 books and manuals for download and embark on your journey of knowledge?
