Eleven and a half years into this disease and after natural treatments her Mother was able to come back to her daughter's home from a 2 year residence at an assisted living facility off all drugs for the remainder of her life What a blessing it was Her children knew in their hearts that their Mother would want to be at home because she loved being with her family so much Based on these experiences it is easy to believe that this disease is possibly preventable And hopefully sharing this story will help someone who might be experiencing the same thing So be healed by this beautiful story as it is definitely worth the time it takes to read it Beautiful moments with their Mother are shared in this heartfelt story of the kind of love that never ends There was an earnest determination that her children loved her so much that they wanted her to be at home with family when it was her time to be with the Lord In their hearts they knew that it was what their Mother would have wanted because she loved being with her family so much It simply touched the heart in that moment their Mother realized that she had been moved back to her daughter's home What a blessing it was Through these experiences the author was led to discoveries treatments and God's ever loving Grace that she shares in this story It is quite possible that it was discovered 100 years ago that aluminum gets into the brain and causes havoc But sadly there are many people suffering with this disease today Based on these experiences she believes wholeheartedly that this disease can quite possibly be prevented and desires to honor her Mother and God by simply sharing her story and discoveries And hopefully it will help someone who might be experiencing the same thing So be healed by this beautiful story as it is definitely worth the time it will take to read it
