The Disability Experience Hannalora Leavitt, 2021-04-13 People with disabilities PWDs have the same aspirations for their lives as you do for yours The difference is that PWDs don't have the same access to education employment housing transportation and healthcare in order to achieve their goals In *The Disability Experience* you'll meet people with different kinds of disabilities and you'll begin to understand the ways PWDs have been ignored reviled and marginalized throughout history The book also celebrates the triumphs and achievements of PWDs and shares the powerful stories of those who have fought for change The epub edition of this title is fully accessible **Carnivores** Britannica Educational Publishing, 2010-10-01 Sharp toothed and quick footed carnivorous mammals are primed for the hunt Far from ruthless however carnivores hunters by nature and necessity are integral to maintaining ecological balance While predatory behavior often seems grisly many carnivores are actually omnivorous and many can even be domesticated This striking volume journeys from secluded forest habitats to our own homes to survey the unique features and behaviors of various species of carnivore Vivid color photographs accompany the text and provide a detailed look at these amazing creatures **Our Debt to the Dog** Bryan D. Cummins, 2013-11-07 When Homo sapiens sapiens met Canis lupus lupus millennia ago the result was Canis lupus familiaris the domestic dog Since that fateful encounter the dog has become arguably humankind's greatest creation The domestic dog is the most widely distributed species other than ourselves in the world being found virtually wherever people live and is also the most diversified of species with literally hundreds of recognized breeds While we have shaped the dog it too has helped shape human history in innumerable ways Our Debt to the Dog is a critical historical and cross cultural examination through the use of case studies of this most improbable 15 000 year relationship and an exploration of how this relationship shaped the history of the world It is also very much an apology to the dog because over the course of the partnership horrific acts were perpetrated against it intentionally and otherwise Our Debt to the Dog enriches our understanding of the dog and extends our appreciation for the profound complexity of past and present human canine relationships and the dog's contributions to our lives and our world **Wonder Dogs** Ben Holt, 2022-04-14 Life isn't perfect but dogs certainly make it better Meet the incredible dogs in this inspiring collection of true stories championing the often underestimated role of man's best friend Daisy the tiny Dachshund who put her life on the line to save her humans from a bear Charco the veteran sniffer dog who has saved countless human lives and yet still keeps his tail wagging Delta the dog who died trying to protect her young owner from a volcano after already having saved his life three times It's a truth universally acknowledged that dogs are pretty great But when it comes to facing peril these loyal creatures always seem willing to step up to the mark and become true doggy heroes Whether they're saving humans from dangerous people or situations helping the sick fighting crime or just following their animal instincts to do good the true stories featured in this expanded and updated collection prove that dogs aren't just man's best friend they're also inspirational courageous and
