Mort Sur Mesure:

, **"Ces forces obscures de l'âme"** Christine Margerrison, 2008-01-01 This is the first major investigation of Camus's prose fiction to explore the developing presentation of women from the author's earliest writings to his last unfinished novel. Avoiding the traditional relegation of this subject to an emotional or private sphere it traces Camus's intellectual development in order to demonstrate the centrality of this subject to Camus's work as a whole. If the Absurd constructed over the body of the real woman liberates the writer to follow a true path of literary creation the impending loss of his Algerian homeland impells a return to all that he had not been free to choose: the ties of blood. These conflictual and unresolved ties are here investigated in conjunction with the presentation of mythical female figures expressing Camus's darkest fears partly voiced in other writings concerning that other Algeria for which he would never fight. Exploring complex interconnections between sexuality, race and colonialism this volume is pertinent to all who are interested in the writings of Camus particularly those seeking relevant new ways of approaching his work. **Manuel de sexologie** Patrice Lopès, François-Xavier
