Male Chastity Meaning:

Signs of Virginity Michael Rosenberg, 2018-01-10 Although the theme of bloodied nuptial sheets seems pervasive in western culture its association with female virginity is uniquely tied to a brief passage in the book of Deuteronomy detailing the procedure for verifying a young woman's purity it seldom if ever appears outside of Abrahamic traditions In *Signs of Virginity* Michael Rosenberg examines the history of virginity testing in Judaism and early Christianity and the relationship of these tests to a culture that encourages male sexual violence Deuteronomy's violent vision of virginity has held sway in Jewish and Christian circles more or less ever since However Rosenberg points to two authors the rabbinic collective that produced the Babylonian Talmud and the early Christian thinker Augustine of Hippo who even as they perpetuate patriarchal assumptions about female virginity nonetheless attempt to subvert the emphasis on sexual dominance bequeathed to them by Deuteronomy Unlike the authors of earlier Rabbinic and Christian texts who modified but fundamentally maintained and even extended the Deuteronomic ideal the Babylonian Talmud and Augustine both construct alternative models of female virginity that if taken seriously would utterly reverse cultural ideals of masculinity Indeed this vision of masculinity as fundamentally gentle rather than characterized by brutal and violent sexual behavior fits into a broader idealization of masculinity propagated by both authors who reject what Augustine called a lust for dominance as a masculine ideal *Representing Rape in Medieval and Early Modern Literature* C. Rose, E. Robertson, 2016-04-30 In thirteen studies of representations of rape in Medieval and Early Modern literature by such authors as Chaucer Shakespeare and Spenser this volume argues that some form of sexual violence against women serves as a foundation of Western culture The volume has two purposes first to explore the resistance these pervasive representations generate and have generated for readers especially for the female reader and second to explore what these representations tell us about social formations governing the relationships between men and women More particularly Rose and Robertson are interested in how representations of rape manifest a given culture's understanding of the female subject in society *Encyclopedia of Gender and Society* Jodi O'Brien, 2009 Provides timely comparative analysis from internationally known contributors **Gender, Sexuality, and Material Objects in English Renaissance Verse** Pamela S. Hammons, 2016-12-05 An important contribution to recent critical discussions about gender sexuality and material culture in Renaissance England this study analyzes female and male authored lyrics to illuminate how gender and sexuality inflected sixteenth and seventeenth century poets' conceptualization of relations among people and things human and non human subjects and objects Pamela S Hammons examines lyrics from both manuscript and print collections including the verse of authors ranging from Robert Herrick John Donne and Ben Jonson to Margaret Cavendish Lucy Hutchinson and Aemilia Lanyer and situates them in relation to legal theories autobiographies biographies plays and epics Her approach fills a crucial gap in the conversation which has focused upon drama and male authored works by foregrounding the significance of the lyric and women's writing Hammons exposes the poetic strategies sixteenth and

seventeenth century English women used to assert themselves as subjects of property and economic agents in relation to material items ranging from personal property to real estate despite the dominant patriarchal ideology insisting they were ideally temporary passive vehicles for men's wealth The study details how women imagined their multiple complex interactions with the material world the author shows that how a woman poet represents herself in relation to material objects is a flexible fiction she can mobilize for diverse purposes Because this book analyzes men's and women's poems together it isolates important gendered differences in how the poets envision human subjects use control possession and ownership of things and the influences effects and power of things over humans It also adds to the increasing evidence for the pervasiveness of patriarchal anxieties associated with female economic agency in a culture in which women were often treated as objects

Rape and the Rise of the Author Amy Greenstadt, 2016-04-08 Contending that early modern fictional portrayals of sexual violence identify the position of the author with that of the chaste woman threatened with rape Amy Greenstadt challenges the prevalent scholarly view that this period's concept of The Author was inherently masculine Instead she argues the analogy between rape and writing centrally informed ideas of literary intention that emerged during the English Renaissance Analyzing works by Milton Sidney Shakespeare and Cavendish Greenstadt shows how the figure of The Author and by extension ideas of the modern individual derived from a paradigm of female virtue and vulnerability This volume supplements the growing body of studies that address the relationship between early modern textual representation and notions of gender and sexuality it also adds a new dimension in considering the wider origins of modern concepts of selfhood and individual rights

The Constant and Changing Faces of the Goddess Phyllis K. Herman, Deepak Shimkhada, 2009-03-26 The Constant and Changing Faces of the Goddess Goddess Traditions of Asia contains essays written by established scholars in the field that trace the multiplicity of Asian goddesses their continuities discontinuities and importance as symbols of wisdom power transformation compassion destruction and creation The essays demonstrate that while treatments of the goddess may vary regionally culturally and historically it is possible to note some consistencies in the overall picture of the goddess in Asia The book provides a comprehensive treatment of the goddess culminating in the selections that draw from research on Indian Nepali Chinese Japanese and Vietnamese traditions seldom found in other works of similar subject The volume will be useful for students in religious studies gender studies Asian studies and women's studies With the intent of making the volume truly broad in scope an effort has been made to include works written by art historians sociologists anthropologists and religious studies scholars Culture cannot be separated from religion they are intertwined as an organic whole and variations manifest themselves in the rituals and daily lives of the people In this sense all the essays are interconnected the goddess manifests in many forms and appeals to differing aspects of a particular culture as a paradigm of the divine feminine

Meanings of Violence Jon Abbink, Göran Aijmer, 2020-08-20 There are good reasons to look at violence from new perspectives In its endless manifestations violence is part and parcel of human existence and is

very probably a constituting element of human society And yet violent action warfare penalties insults feuding assault murder rape suicide sports remains in all its complexity one of the least understood fields of human social life The book's contributors identify the symbolic and ritualized aspects of violence and suggest ways of reading violence as it occurs in the world whether as violent duelling and age group violence in Southern Ethiopia bullfighting in Iberia cattle rustling in Kenya guerrilla and militia wars in Colombia or public executions in China These case studies suggest that violence is not a simple universal urge but is contingent and context dependent shaped by social relations of power force and dominance To be the victim of violence is a humiliating and frightening experience But the many ambiguities that occur in the use of violence must be considered to understand why peace seems only to exist as a contrast to the violation of peace **Bachelors Abounding**

Terry Reed, 2016 Standing up for gentlemen who prefer to avoid matrimony Terry Reed explores explains and defends the unsteady reputation of wondrous bachelordom against its traditionally soiled reputation its questionable eccentricities its ill comprehended motivations and its ostensibly nefarious ends **The Men's Share?** Claire Eustance, Prof Angela V John, Angela V. John, 2013-12-16 The opposition of men to women's suffrage is well known However men's support for women's suffrage is a neglected subject In the late nineteenth and early twentieth century over one thousand men were prepared to join societies and actively work for women's suffrage whilst many other men offered support The Men's Share edited by Angela John and Claire Eustance examines who these men were how they organized themselves and how they put pressure on the government

The Futility of Philosophical Ethics James Kirwan, 2022-02-24 The Futility of Philosophical Ethics puts forward a novel account of the grounds of moral feeling with fundamental implications for philosophical ethics It examines the grounds of moral feeling by both the phenomenology of that feeling and the facts of moral feeling in operation particularly in forms such as moral luck vicious virtues and moral disgust that appear paradoxical from the point of view of systematic ethics Using an analytic approach James Kirwan engages in the ongoing debates among contemporary philosophers within metaethics and normative ethics Instead of trying to erase the variety of moral responses that exist in philosophical analysis under one totalizing system Kirwan argues that such moral theorizing is futile His analysis counters currently prevalent arguments that seek to render the origins of moral experience unproblematic by finding substitutes for realism in various forms of noncognitivism In reasserting the problematic nature of moral experience and offering a theory of the origins of that experience in unavoidable individual desires Kirwan accounts for the diverse manifestations of moral feeling and demonstrates why so many arguments in metaethics and normative ethics are necessarily irresolvable

Castration and Culture in the Middle Ages Larissa Tracy, 2013 Essays exploring medieval castration as reflected in archaeology law historical record and literary motifs Castration and castrati have always been facets of western culture from myth and legend to law and theology from eunuchs guarding harems to the seventeenth and eighteenth century castrati singers Metaphoric castration pervades a number of medieval literary genres particularly the Old French fabliaux exchanges

of power predicated upon the exchange or absence of sexual desire signified by genitalia but the plain literal act of castration and its implications are often overlooked This collection explores this often taboo subject and its implications for cultural mores and custom in Western Europe seeking to demystify and demythologize castration Its subjects include archaeological studies of eunuchs historical accounts of castration in trials of combat the mutilation of political rivals in medieval Wales Anglo Saxon and Frisian legal and literary examples of castration as punishment castration as comedy in the Old French fabliaux the prohibition against genital mutilation in hagiography and early modern anxieties about punitive castration enacted on the Elizabethan stage The introduction reflects on these topics in the context of arguably the most well known victim of castration in the middle ages Abelard LARISSA TRACY is Associate Professor of Medieval Literature at Longwood University Contributors Larissa Tracy Kathryn Reusch Shaun Tougher Jack Collins Rolf H Bremmer Jr Jay Paul Gates Charlene M Eska Mary A Valante Anthony Adams Mary E Leech Jed Chandler Ellen Lorraine Friedrich Robert L A Clark Karin Sellberg Lena W nggren

Contested Identities Peter Loizos, Evthymios Papataxiarchis, 2016-09-29 In this collection leading anthropologists provide a comprehensive yet highly nuanced view of what it means to be a Greek man or woman married or unmarried functioning within a complex society based on kinship ties Exploring the ways in which sexual identity is constructed these authors discuss for example how going out for coffee embodies dominant ideas about female sexuality moral virtue and autonomy why men in a Lesbos village maintain elaborate friendships with nonfamily members while the women do not why young housewives often participate in conflict resolution rituals and how the dominant role of mature married householders is challenged by unmarried persons who emphasize spontaneity and personal autonomy This collection demonstrates that kinship and gender identities in Greece are not unitary and fixed kinship is organized in several highly specific forms and gender identities are plural competing antagonistic and are continually being redefined by contexts and social change

The Spinster and Her Enemies Sheila Jeffreys, 1997 Annotation This feminist text is released here with a revised and updated introduction It examines the activities of feminist campaigners around such issues as child abuse and prostitution and how these campaigns shaped social purity in the 1880s

and 1890s *Bowing to Necessities* C. Dallett Hemphill, 1999-09-23 Anglo Americans wrestled with some profound cultural contradictions as they shifted from the hierarchical and patriarchal society of the seventeenth century frontier to the modern and fluid class democracy of the mid nineteenth century How could traditional inequality be maintained in the socially leveling environment of the early colonial wilderness And how could nineteenth century Americans pretend to be equal in an increasingly unequal society *Bowing to Necessities* argues that manners provided ritual solutions to these central cultural problems by allowing Americans to act out and thus reinforce power relations just as these relations underwent challenges Analyzing the many sermons child rearing guides advice books and etiquette manuals that taught Americans how to behave this book connects these instructions to individual practices and personal concerns found in contemporary diaries and letters It also illuminates crucial connections between evolving class age and gender relations A social and cultural history with a unique and fascinating perspective Hemphill s wide ranging study offers readers a panorama of America s social customs from colonial times to the Civil War *Off with Her Head!* Howard Eilberg-Schwartz, Wendy Doniger, 1995-11-14 Whereas many books look at how women s bodies are represented in different religions and cultures around the world this work explores the site of a woman s voice and identity her head The female head threatens to disrupt the classic gender distinctions that link men to speech identity and mind while relegating women to silence anonymity and flesh The contributors to this collection argue that the objectification of women as sexual and reproductive bodies results in their symbolic beheading Decapitation occurs symbolically in myths as well as in actual practices such as veiling head covering and cosmetic highlighting which by sexualizing a woman s face turns it into an extension of her body The essays explore how similar treatments of the female head find their unique articulation in diverse religious traditions and cultures in Hindu myths of beheading in Buddhist and Tantric practices and poetry about the hair of female nuns in the resistance to veiling by early Christian women at Corinth in contemporary veiling practices in a Turkish village in the eroticization of the female mouth in ancient Judaism and in Greek and Roman cosmetic practices Together these essays show how the depiction of the female head is critical for an understanding of gender and its influence on other fundamental religious and cultural issues
