Wellbeing in Doctoral Education Lynette Pretorius,Luke Macaulay,Basil Cahusac de Caux,2019-09-10 This book offers a range of personal and engaging stories that highlight the diverse voices of doctoral students as they explore their own learning journeys Through these stories doctoral students call for an academic environment in which the discipline specific knowledge gained during their PhD is developed in concert with the skills needed to maintain personal wellbeing purposely reflect on experiences and build intercultural competence In recent years wellbeing has been increasingly recognised as an important aspect of doctoral education Yet few resources exist to help those who support doctoral students Wellbeing in Doctoral Education provides a voice for doctoral students to advocate for improvements to their own educational environment Both the struggles and the strategies for success highlighted by the students are therefore invaluable not only for the students themselves but also their families their social networks and academia more broadly Importantly the doctoral students stories should be a clarion call for those in decision making positions in academia These narratives demonstrate that it is imperative that academic institutions invest in providing the skills and support that doctoral students need to succeed academically and flourish emotionally

Critique of the New Consensus Macroeconomics and Implications for India Dilip M. Nachane,2018-11-02 The thought provoking book presents alternative viewpoints to mainstream macroeconomic theory questions conventional policy wisdom and suggests a systematic re orientation of current macroeconomic and financial regulatory policies in India The New Consensus Macroeconomics NCM which established itself in the 1980s as mainstream macroeconomics essentially represents an uneasy truce between two dominant schools of economic thought viz New Classical and Neo Keynesian economics The NCM sets the tone for much of the macroeconomic especially monetary policy followed by the advanced economies in the period of the Great Moderation 1990 2005 The recent global crisis has posed a major challenge to the NCM as empirical models based on the NCM failed to anticipate the occurrence of the crisis and later its extent and severity The above considerations constitute the underpinnings of this book which addresses the theoretical controversies within a general context and their policy implications for India The authors analysis leads to a somewhat critical assessment of the financial sector policies followed in India since the initiation of reforms in 1991 This makes the book a valuable resource not only for researchers working in this area but also for policy makers

**Drying in the Dairy Industry** Cécile Le Floch-Fouéré,Pierre Schuck,Gaëlle Tanguy,Luca Lanotte,Romain Jeantet,2020-11-25 With more than 12M tons of dairy powders produced each year at a global scale the drying sector

accounts to a large extent for the processing of milk and whey. It is generally considered that 40% of the dry matter collected overall ends up in a powder form. Moreover, nutritional dairy products presented in a dry form, e.g., infant milk formulae, have grown quickly over the last decade, now accounting for a large share of the profit of the sector. **Drying in the Dairy Industry: From Established Technologies to Advanced Innovations** deals with the market of dairy powders, issues considering both final product and process as well as their interrelationships. It explains the different processing steps for the production of dairy powders, including membrane homogenisation, concentration, and agglomeration processes. The book includes a presentation of the current technologies, the more recent development for each of them, and their impact on the quality of the final powders. Lastly, one section is dedicated to recent innovations and methods directed to more sustainable processes as well as latter developments at lab scale to go deeper in the understanding of the phenomena occurring during spray drying. **Key Features:** Presents state of the art information on the production of a variety of different dairy powders; Discusses the impact of processing parameters and drier design on the product quality, such as protein denaturation and viability of probiotics; Explains the impact of drying processes on the powder properties, such as solubility, dispersibility, wettability, flowability, floodability, and hygroscopicity; Covers the technology, modelling, and control of the processing steps. This book is a synthetic and complete reference work for researchers in academia and industry in order to encourage research and development and innovations in drying in the dairy industry.

**International Handbook on Education in Southeast Asia** Lorraine Pe Symaco, Martin Hayden, 2021-12-23. This International Handbook provides a detailed account of the education systems of 11 Southeast Asian nations, including Brunei Darussalam, Cambodia, Indonesia, Lao People's Democratic Republic, Malaysia, Myanmar, the Philippines, Singapore, Thailand, Timor-Leste, and Vietnam. It presents a systematic sector-by-sector explanation of how these national education systems deliver educational services and respond to national and international issues and challenges. With 56 chapters, the International Handbook is the region's most comprehensive educational reference source. In the first of its chapters, the editors introduce the regional context and draw attention to the distinctive characteristics of each of the 11 systems. Southeast Asia, representing 8.5% of the world's population, is as dynamic as it is diverse. The International Handbook charts progress and establishes a benchmark for documenting future developments. It also provides a stepping-off point for more detailed investigations of decision-making processes and outcomes across the 11 national education systems.
