Mongols DBQ

Section B: Document-Based Question

Question 1: Evaluate the impact of the Mongols on world history.

Document 1:

Source: Juvainvi was a Persian chronicler who was in the employ of the Mongol khaghan of Persia who served under the Mongols as the governor of Ray (Iraq). He wrote this account about forty years after the destruction of Baghdad.

In the spring of 658/1221, the people of Rayapur (a city in Persia) saw that the matter was serious... and although they had three thousand crossbows in action on the wall and had set up three hundred mangonels and ballistas and laid in a correspondent quantity of missiles and naphtha, their feet were loosened and they lost heart....

By the Saturday night all the walls were covered with Mongols.... The Mongols now descended from the walls and began to slay and plunder.... They then drove all the survivors, men and women, out onto the plain, and... it was commanded that the town should be laid waste in such a manner that the site could be ploughed upon, and that... not even cats and dogs should be left alive....

They severed the heads of the slain from their bodies and heaped them up in piles, keeping those of the men separate from those of the women and children.

Source: Frederick Mearns, "Facing Control," *Cassino, A Cotterstone Publication*, 2008/2012.

A common misconception is that the nomadic or Mongols came out of the steppes of Mongolia, quickly conquered far more advanced civilizations, and left the government in each area in the hands of the conquered. While Chinese bureaucrats still did their jobs and the local Persian rulers stayed in power as long as they did not cause the Mongols any trouble, the situation was more complex....

The Mongols used qualified people whenever they were needed. It was not unusual to have Arabs serving in bureaus or Persians in China. Still, the Mongols preferred not to interfere too much with systems that worked well.... In smaller provincial territories, many local rulers maintained their position, serving as the local governor. As long as they paid tribute, provided troops when called upon, came before the khans to pledge their loyalty, and kept good order in their territories, they remained in their positions. For the Mongols, it made good sense, as the local rulers knew the customs of their people....

The Mongol Conquests in World History Timothy May, 2013-02-15 The Mongol Empire can be seen as marking the beginning of the modern age and of globalization as well While communications between the extremes of Eurasia existed prior to the Mongols they were infrequent and often through intermediaries As this new book by Timothy May shows the rise of the Mongol Empire changed everything through their conquests the Mongols swept away dozens of empires and kingdoms and replaced them with the largest contiguous empire

in history While the Mongols were an extremely destructive force in the premodern world the Mongol Empire had stabilizing effects on the social cultural and economic life of the inhabitants of the vast territory allowing merchants and missionaries to transverse Eurasia The Mongol Conquests in World History examines the many ways in which the conquests were a catalyst for change including changes and advancements in warfare food culture and scientific knowledge Even as Mongol power declined the memory of the Empire fired the collective imagination of the region into far reaching endeavors such as the desire for luxury goods and spices that launched Columbus s voyage and the innovations in art that were manifested in the masterpieces of the Renaissance This fascinating book offers comprehensive coverage of the entire empire rather than a more regional approach and provides an extensive survey of the legacy of the Mongol Empire
