Monsters Of Elsewhere:

Monsters of Elsewhere Matthew Waldram,2014-12-20 There is a land let s call it Elsewhere that is in no small amount of trouble Giant wolves are tearing villages apart a monster king is bringing his army across the sea to capture the legendary Hall of Glass and the High Lord has completely disappeared Henry Whistler was eight when he got lost at a bus station in Hounslow There his adventure began For that was when he met the exiled invisible man the monster swordsman and the girl with the bright red hair Now a grown up Henry s childhood adventure is a faded memory until his fianc e vanishes Until he is drawn into another world Until he is pursued by a blind assassin with only a monster and a dead man for company across a land that is in no small amount of trouble

Monsters David D. Gilmore,2012-05-26 The human mind needs monsters In every culture and in every epoch in human history from ancient Egypt to modern Hollywood imaginary beings have haunted dreams and fantasies provoking in young and old shivers of delight thrills of terror and endless fascination All known folklores brim with visions of looming and ferocious monsters often in the role as adversaries to great heroes But while heroes have been closely studied by mythologists monsters have been neglected even though they are equally important as pan human symbols and reveal similar insights into ways the mind works In *Monsters Evil Beings Mythical Beasts and All Manner of Imaginary Terrors* anthropologist David D Gilmore explores what human traits monsters represent and why they are so ubiquitous in people s imaginations and share so many features across different cultures Using colorful and absorbing evidence from virtually all times and places *Monsters* is the first attempt by an anthropologist to delve into the mysterious frightful abyss of mythical beasts and to interpret their role in the psyche and in society After many hair raising descriptions of monstrous beings in art folktales fantasy literature and community ritual including such avatars as Dracula and Frankenstein Hollywood ghouls and extraterrestrials Gilmore identifies many common denominators and proposes some novel interpretations *Monsters* according to Gilmore are always enormous man eating gratuitously violent aggressive sexually sadistic and superhuman in power combining our worst nightmares and our most urgent fantasies We both abhor and worship our monsters they are our gods as well as our demons Gilmore argues that the immortal monster of the mind is a complex creation embodying virtually all of the inner conflicts that make us human Far from being something alien nonhuman and outside us our monsters are our deepest selves

Dimensions of Monstrosity in Contemporary Narratives A. Ng,2004-09-14 Interweaving psychoanalysis gender and cultural studies and postmodern theories of geopolitics this study of the monster in contemporary narratives demonstrates that the monster and monstrosity is largely a cultural and ideological production Figures such as the serial killer the monstrous child deformed bodies and spatially influenced monstrosity will be considered through analyses of texts by Peter Ackroyd Bret Easton Ellis and Angela Carter among others The conclusion proposes that language itself becomes monstrous when it attempts and fails to articulate the monster

God's Monsters Esther J. Hamori,2023 The Bible is full of monsters giants vengeful spirits and more If you read closely you ll see these

monsters aren't God's opponents; they are God's entourage. When we examine these strange creatures for what they are, we see how they validate the human experience living in a world that is unpredictable, unjust, and at times monstrous. *The Ashgate Research Companion to Monsters and the Monstrous* Asa Simon Mittman, Peter J. Dendle, 2017-02-24. The field of monster studies has grown significantly over the past few years, and this companion provides a comprehensive guide to the study of monsters and the monstrous from historical, regional, and thematic perspectives. The collection reflects the truly multidisciplinary nature of monster studies, bringing in scholars from literature, art history, religious studies, history, classics, and cultural and media studies. The companion will offer scholars and graduate students the first comprehensive and authoritative review of this emergent field.

The Origins of Yahwism Jürgen van Oorschot, Markus Witte, 2017-06-26. This compendium examines the origins of the God Yahweh, his place in the Syrian, Palestinian, and Northern Arabian pantheon during the bronze and iron ages, and the beginnings of the cultic veneration of Yahweh. Contributors analyze the epigraphic and archeological evidence, apply fundamental considerations from the cultural and religious sciences, and analyze the relevant Old Testament texts.

The Oxford Handbook of Biblical Monsters Associate Professor of Biblical Studies and Academic Dean Brandon R. Graffius, Brandon R. Graffius, Adjunct Instructor in New and World Religions John W. Morehead, John W. Morehead, 2025. The Oxford Handbook of Biblical Monsters brings together the work of world-renowned scholars in Bible, theology, religion, and cultural studies to explore the monsters that rampage through the biblical text. Essays provide in-depth analysis of the Ancient Near Eastern background of these creatures, explore how they have continued to live on after the biblical text, and discuss how they remain impactful through art and literature today. The chapters not only study where monsters came from but continually focus on what they mean and how these meanings are generated. These chapters work to bridge the perspectives of traditional scholarship and more postmodern ideas of monsters as cultural and rhetorical constructions. There are chapters on the Ghosts of Mesopotamia, Leviathan, and the Giants, but also on the Monstrous Jew in the Gospels and the Monstrosity of the Crucifixion. They serve both as foundational pieces of research for scholars looking to familiarize themselves with monsters and discourses of monstrosity but also as creative and provocative examinations of how these monsters generate meaning. While working to summarize the research that has been done on biblical monsters up to the present day, this Handbook points the way forward towards new and exciting studies in unnatural creatures and the rhetoric of horror.

Monster Anthropology Yasmine Musharbash, Geir Henning Presterudstuen, 2020-06-03. Monsters are culturally meaningful across the world. Starting from this key premise, this book tackles monsters in the context of social change. Writing in a time of violent upheaval when technological innovation brings forth new monsters while others perish as part of the widespread extinctions that signify the Anthropocene, contributors argue that putting monsters at the center of social analysis opens up new perspectives on change and social transformation. Through a series of ethnographically grounded analyses, they capture monsters that herald, drive, experience, enjoy, and suffer the transformations of the worlds.

they beleaguer Topics examined include the evil skulking new roads in Ancient Greece terror in post socialist Laos s territorial cults a horrific flying head that augurs catastrophe in the rain forest of Borneo benign spirits that accompany people through the mist in Iceland flesh eating giants marching through neo colonial central Australia and ghosts lingering in Pacific villages in the aftermath of environmental disasters By taking the proposition that monsters and the humans they haunt are intricately and intimately entangled seriously this book offers unique cross cultural perspectives on how people perceive the world and their place within it It also shows how these experiences of belonging are mediated by our relationships with the other than human

Religion and Its Monsters Timothy Beal, 2022-11-24 Religious encounters with mystery can be fascinating but also terrifying So too when it comes to encounters with the monsters that haunt Jewish and Christian traditions Religion has a lot to do with horror and horror has a lot to do with religion Religion has its monsters and monsters have their religion In this unusual and provocative book Timothy Beal explores how religion horror and the monstrous are deeply intertwined This new edition has been thoughtfully updated reflecting on developments in the field over the past two decades and highlighting its contributions to emerging conversations It also features a new chapter Gods Monsters and Machines which engages cultural fascinations and anxieties about technologies of artificial intelligence and machine learning as they relate to religion and the monstrous at the dawn of the Anthropocene Religion and Its Monsters is essential reading for students and scholars of religion and popular culture as well as for any readers with an interest in horror theory or monster theory

Lake Monster Mysteries Benjamin Radford, Joe Nickell, 2006-05-05 Fun facts folklore and scientific studies about what really lurks in the cold murky depths A most enjoyable read John Kirk author of In the Domain of the Lake Monsters For centuries eyewitnesses around the world from America to Africa Argentina to Scotland have reported sightings of dark mysterious creatures that surface briefly from local lakes only to quickly disappear While the most famous lake monsters those living in Loch Ness and Lake Champlain have gained international notoriety hundreds of lakes around the world are said to shelter these shadowy creatures Lake Monster Mysteries is the first book to collectively approach these widespread mysteries from a scientific perspective By using exhaustive research and results from firsthand investigations to help separate truth from myth the authors foster our understanding of what really lurks in the cold murky depths Benjamin Radford and Joe Nickell among the top lake monster authorities in the world now share unique insights into many of the world s best known lake monsters They interview dozens of people and discuss the different types of sightings delve into possible explanations and examine hoaxes evidence claims and legends surrounding the monsters The authors have conducted groundbreaking fieldwork and experiments at lakes examined photographic evidence and analyzed the most current sonar readings Incorporating newly revealed information and up to date developments the cases in Lake Monster Mysteries are in depth firsthand investigations that will inform and entertain both avid lake monster researchers and lovers of unexplained mysteries Includes photos and illustrations

North American Monsters David J. Puglia, 2022-03-15

Mining a mountain of folklore publications North American Monsters unearths decades of notable monster research Nineteen folkloristic case studies from the last half century examine legendary monsters in their native habitats focusing on ostensibly living creatures bound to specific geographic locales A diverse cast of scholars contemplate these alluring creatures feared and beloved by the communities that host them the Jersey Devil gliding over the Pine Barrens Lieby wriggling through Lake Lieberman Char Man stalking the Ojai Valley and many many more Embracing local stories beliefs and traditions while neither promoting nor debunking North American Monsters aspires to revive scholarly interest in local legendary monsters and creatures and to encourage folkloristic monster legend sleuthing

Monster Anthropology in Australasia and Beyond Y. Musharbash, G. Presterudstuen, 2014-11-19 Offering a dialogue between anthropology and literature culture and media this book presents fine grained ethnographic vignettes of monsters dwelling in the contemporary world These monsters hail from Aboriginal Australia the Pacific Asia and Europe and their presence is inextricably intertwined with the lives of those they haunt

Bulletin of the Antivenin Institute of America Antivenin Institute of America, 1927 Rise of the Fighters T.J. Fresso, 2012-04-18 December 7th 1942 Over 300 Japanese warplanes destroy the Pacific fleet in Pearl Harbor A day that will live in infamy With those words President Roosevelt declares war on the Axis powers during WWII On that fateful day 2 Army soldiers 1 sailor cook and a Hollywood actress lives are forever dramatically changed Ravaged during the initial onslaught they are reborn by mythology science intestinal fortitude As the Nazis Japanese pillage the world The Fighters train The time has come and their baptism of fire shall be in North Africa But the Germans are waiting with specials of their own Most of which aren't quite human

Watching the World Die Mike Bogue, 2023-10-23 During the 1980s popular fear of World War III spurred moviemakers to produce dozens of nuclear threat films Categories ranged from monster movies to post apocalyptic adventures to realistic depictions of nuclear war and its immediate aftermath Coverage of atomic angst films isn't new but this is the first book to solely analyze 1980s nuclear threat movies as a group Entries range from classics such as The Day After and WarGames to obscurities such as Desert Warrior and Massive Retaliation Chronological coverage of the 121 films released between 1980 and 1990 includes production details chapter notes and critical commentaries
