Morale Dans Les Relations Internationales La:

Morale dans les relations internationales (La) Ariel Colonomos, 2005

Simple rapport de forces les relations internationales La chute du Mur a miné cette certitude Un nouvel idéalisme international est apparu Illusion angélique parenthèse phéromone ou pragmatisme moral La morale peut-elle triompher sur la scène internationale ou bien ses manifestations ne sont-elles qu'illusions et bonnes intentions Ce livre s'interroge sur la nature profonde des changements normatifs introduits la fin du XXe siècle et donne aussi des éléments de réponse pour prendre position au regard d'une question dictée par la peur le tournant du 11 septembre 2001 aurait-il jeté aux oubliettes l'espoir d'un monde meilleur réapparu dans les années 1990

Docteur en sciences politiques spécialiste de l'éthique des relations internationales Ariel Colonomos est chercheur au CNRS affilié au CERI Centre d'études et de recherches internationales et maître de conférences à l'Institut d'études politiques de Paris Il est en outre professeur invité à l'Université Columbia de New York

For Peace in Europe Marta Petricoli, Donatella Cherubini, 2007

Le processus d'union européenne voit aujourd'hui un point d'arrêt sur le plan politique et institutionnel malgré les tapes décisives réalisées après la Seconde Guerre mondiale Il reste en effet affronter des thèmes et des problèmes qui pendant l'entre-deux-guerres animèrent le débat entre les pionniers de l'europeanisme Si l'époque leurs propositions restèrent sans suite ayant une issue destructrice pour la paix et l'Europe cet héritage idéal si précieux a permis une continuité et de germer par la suite Ce livre a pour but de présenter une série d'idées d'initiatives de programmes qui entre les deux guerres entendirent promouvoir le maintien d'un ordre international pacifié partant du véritable contexte européen Il en ressort ainsi un humus significatif et transversal opposé aux tendances inexorablement prédominantes dans la politique et les institutions mais aussi dans la société civile Ses animateurs oeuvrèrent dans les organisations internationales les partis les mouvements les associations de type non seulement politique de même que dans l'historiographie la littérature le théâtre le cinéma le sport signalant les éléments en vue d'une renaissance de la cohabitation pacifique sur le plan européen et international

Despite the decisive steps forward made since the Second World War the process of European unification has come to a standstill at a political and institutional level Issues and problems which were already the subject of debate among the pioneers of Europeanism between the two wars have still to be addressed Although at the time their proposal as a whole went unheeded with destructive consequences for peace and for Europe this valuable legacy of ideals has nevertheless guaranteed a continuity and a subsequent blossoming The purpose of this book is to examine a series of ideas initiatives and programmes which between the two World Wars aimed to promote the maintenance of a pacified international order starting from the crucial European context What emerges is a significant and transversal humus that countered the inexorably prevailing tendencies in politics and institutions and even in society Its exponents operated in international organisations in parties and in movements and associations not necessarily of a political stamp as well as in historiography literature theatre cinema and sport laying the foundations for a rebirth of peaceful coexistence at European and international level
