

Moral values, ethics and philosophy

5 pages | 1231 words

The dream of a child starts with a stereo type suggestion from parents that the baby will be a doctor - engineer. The baby has no other option to dream of being doctor or engineer. Our education system was framed by the British rulers to create civil servants to serve their purpose. They had created dreams of civil service. As a legacy of the British and the Pakistani system we inherited Bangladesh Civil Service (BCS). However, the glory of civil service has been fading gradually. Education system at home and abroad now aims at creating good executives. The present dream of the youngsters is to find jobs in mobile phone company.

Considering the good market, the private entrepreneurs established a number of private universities where degrees are offered on Computer science, Engineering, Medical Science and Business Administration. These universities have less interest in social science. Philosophy is a less prioritised subject in the university and hardly any student is found having interest to study Philosophy.

The people living in the 21st century have no time to waste in a very ancient field of study like philosophy. People now send their children to universities to groom them up as future executives in Multinational companies. Students are more interested to obtain professional degrees rather than education in social science. The new generation has different attitude towards life style, human relation, demand and satisfaction.

We can not live alone. The world is one family and living in this planet demands co-operation with others. Philosophy teaches the discipline of humanity. It defines how to think, how to reason, how to put together good arguments, how to analyse alternatives and action and evaluate its consequences.

Human society creates ideas and thoughts; philosophy guides principle of human life. Without it, there can be no real government, no institution. It is philosophy that has created human ideologies, interpretations, and viewpoints. Philosophy is at the heart of every issue, at the center of every change within society, and within every radical movement human beings have created. Any tradition, any ideology, any religion has behind them a philosophy. The problem perhaps is that common people in today's society do not like complicated thoughts, the moment they see an obstacle, they scream in rage, they want the simplistic philosophy of a society that consumes and moves and moves and never stops.

The consumption loving practical people believe that there is no particular use for philosophy, because it deals with intangible ideas, which cannot be proved scientifically or verified objectively, and which have nothing to do with providing greater creature comforts or material progress.

The teaching starts with parents telling what it is wrong to lie, cheat, and steal. These children grow up and enter into the real world with some knowledge of right and wrong. But ethics are learnt throughout our lives as we associate with others. In the work place, people learn responsibility, teamwork, punctuality, and communication skills.

Morality And Ethics Essay:

Progressive Morality Thomas Fowler, 2022-09-15 In *Progressive Morality* Thomas Fowler intricately navigates the complex interplay between ethical theory and societal progress. Employing a lucid and accessible prose style, Fowler articulates a compelling narrative that critiques traditional moral frameworks while advocating for a more adaptable forward thinking approach to ethics. The book situates itself within contemporary philosophical discourse, engaging with notable moral philosophers and socio-political movements, ultimately crafting a nuanced vision of how moral principles can evolve alongside cultural and scientific advancements. Fowler, an esteemed ethicist marked by a diverse academic background in philosophy and sociology, draws upon his extensive research and personal experiences in social activism to inform his arguments. His keen observations on the zeitgeist of modern times reflect his belief that morality must resonate with the lived experiences of individuals to foster societal harmony. This journey of moral inquiry is influenced by both his academic pursuits and practical engagements with communities, showcasing his passion for integrating theory with practice. *Progressive Morality* is highly recommended for anyone seeking a profound understanding of contemporary ethical dilemmas. Through its insightful analysis and innovative recommendations, the book serves as a crucial guide for thinkers, activists, and anyone keen on navigating the moral complexities of an ever-evolving society.

Ethics in the Public Domain Joseph Raz, 1994-06-16 This new collection of essays opens with a pivotal essay not previously published on the implications of the moral duties which arise out of concern for the well-being of others. The first part of the book concentrates on the consequences of two central aspects of well-being: the importance of membership in groups, the role of belonging, and the active character of well-being that it largely consists in successful activities. Both aspects have far-reaching political implications explored in essays on free expression, national self-determination, and multiculturalism, among others. Against the background of the moral and political views developed in the first part, the second part of the book explores various aspects of the dynamic interrelations between law and morality, offering some building blocks towards a theory of law.

The Variety of Values Susan R. Wolf, 2015 For over thirty years Susan Wolf has been writing about moral and nonmoral values and the relation between them. This volume collects Wolf's most important essays on the topics of morality, love, and meaning, ranging from her classic essay *Moral Saints* to her most recent *The Importance of Love*. Wolf's essays warn us against the common tendency to classify values in terms of a dichotomy that contrasts the personal self-interested or egoistic with the impersonal altruistic or moral. On Wolf's view, this tendency ignores or distorts the significance of such values as love, beauty, and truth, and neglects the importance of meaningfulness as a dimension of the good life. These essays show us how a self-conscious recognition of the variety of values leads to new understandings of the point, the content, and the limits of morality, and to new ways of thinking about happiness and well-being.

Morality and Moral Reasoning (Routledge Revivals) John Casey, 2013-09-13 First published in 1971, the five essays in this book were written by young philosophers at Cambridge at

that time They focus on two major questions of ethical theory What is it to judge morally and What makes a reason a moral reason The book explores the relation of moral judgements to attitudes emotions and beliefs as well as the notions of expression agency and moral responsibility *Explaining Value and Other Essays in Moral Philosophy* Gilbert Harman,2000 Explaining Value is a selection of the best of Gilbert Harman s shorter writings in moral philosophy The thirteen essays originally published between 1967 and 1999 are divided into four sections which focus in turn on moral relativism values and valuing character traits and virtue ethics and ways of explaining aspects of morality An indication of the breadth of interest of the book can be given by mentioning a few of the compelling questions which Harman discusses What accounts for the existence of basic moral disagreements Why do most people think it is worse to injure someone than to fail to save them from injury Why do many people think it is morally permissible to treat animals in ways we would not treat people What is it to value something and what is it to value something intrinsically How much of morality can or should be explained in terms of human flourishing or the possession of virtuous character traits How do people come to be moral Harman s distinctive approach to moral philosophy has provoked much interest this volume offers a fascinating conspectus of his most important work in the area *Morality and Moral Reasoning* John Casey,1971 Distributed in the U S A by Barnes Noble Includes bibliographical references *Ethical Particularism* Ulrik Kihlbom,2002 This is a PhD dissertation Ethical particularism claims that any non moral feature that in one situation is a reason why something is for example morally wrong may in another situation be morally irrelevant or have an opposite moral valence Ethical particularism entails in other words the non existence of true or sound moral principles Actions persons and situations acquire their moral features contextually in a way that escapes codification in principled terms Particularism comes in this way in conflict with a classical approach to moral philosophy **The Justification of the Good** Vladimir Sergeyevich Solovyov,2010 [An Essay on Intuitive Morals](#) Frances Power Cobbe,Cobbe,2010-09-16 A detailed discussion of Immanuel Kant s moral philosophy and Frances Power Cobbe s own theistic beliefs first published in 1855 **Essays on the Principles of Morality, and on the Private and Political Rights and Obligations of Mankind** Jonathan Dymond,1880 **The Justification of the Good** Vladimir Sergeyevich Solovyov,2010-01-01 In this perhaps his most important work Solovyov explores notions of God goodness and spirituality and how he saw the modern world was changing them What does it mean to be good What if any virtues are inherent in humanity How can we reflect goodness in the practical realms of politics and society on the whole Solovyov s thoughts on some of the most basic questions we have ever asked are provocative and intriguing they had a profound influence on the writings of Tolstoy and Dostoevsky as well as the thinkers of the Soviet era Russian philosopher and literary critic VLADIMIR SERGEYEVICH SOLOVYOV 1853 1900 lived at a vital moment in history in which the burgeoning modernity of the Industrial Revolution was forever changing how humans live and what we believe Solovyov spent his lifetime seeking truth he experimented with and then discarded numerous religious philosophies including atheism Eventually Solovyov

settled on Christianity as the best path to goodness and rightness in the world **Literature and Moral Understanding**

Frank Palmer,1992 How can we be morally concerned with fiction What does our experience of literature contribute to our capacity for moral understanding This study of the relation of art to morality presents a defence of the humane value of art and explores the moral dimension of culture *Aesthetics and Ethics* Jerrold Levinson,2001-03-12 This major collection of essays examines issues surrounding aesthetics and ethics *Essays on the Principles of Morality and Natural Religion* Lord Henry Home Kames,1983 *A Morally Deep World* Lawrence E. Johnson,1993-01-29 Advocating a major change in our attitude toward the nonhuman world the author argues that nonhuman animals as well as ecosystems are morally significant beings with interests and rights **Essays in Religion and Morality** William James,1982 Essays in Religion and Morality brings together a dozen papers of varying length to these two themes so crucial to the life and thought of William James Reflections on the two subjects permeate first James s presentation of his father s Literary Remains second his writings on human immortality and the relation between reason and faith third his two memorial pieces one on Robert Gould Shaw and the other on Emerson fourth his consideration of the energies and powers of human life and last his writings on the possibilities of peace especially as found in his famous essay The Moral Equivalent of War These speeches and essays were written over a period of twenty four years The fact that James did not collect and publish them himself in a single volume does not reflect on their intrinsic worth or on their importance in James s philosophical work since they include some of the best known and most influential of his writings All the essays throughout their varied subject matter are consistently and characteristically Jamesian in the freshness of their attack on the problems and failings of humankind and in their steady faith in human powers **Morality, Reason, and Truth** David Copp,David Zimmerman,1985 **Essays on Moral Realism** Geoffrey Sayre-McCord,1988 This collection of influential essays illustrates the range depth and importance of moral realism the fundamental issues it raises and the problems it faces Progressive Morality / An Essay in Ethics Thomas Fowler,2014-12-08 does not seem to me that they can be profitably discussed in a treatise the aim of which is simply to suggest principles for examining for testing and if possible for improving the prevailing sentiment on matters of practical morals To begin with the first division of my subject How is morality properly so called discriminated from other sanctions of conduct By a sanction I may premise that I mean any pleasure which attracts to as well as any pain which deters from a given course of action In books on Jurisprudence this word is usually employed to designate merely pains or penalties but this circumstance arises from the fact that at least in modern times the law seldom has recourse to rewards and effects its ends almost exclusively by means of punishments When we are considering **Morality, Politics, and Law** Michael J. Perry,1988 Addressing the proper relation of moral and religious belief to politics and law especially constitutional law Perry here discusses whether a common moral foundation exists that is capable of providing in a diverse social system like ours consistent guidelines for handling divisive political policy religious and constitutional disputes His study represents a

distinctive position in the vast and growing literature on the moral foundations of liberal political and legal life
