Morante Elsa Storia:

History Elsa Morante, 2015-02-24 History was written nearly thirty years after Elsa Morante and Alberto Moravia spent a year in hiding among remote farming villages in the mountains south of Rome There she witnessed the full impact of the war and first formed the ambition to write an account of what history the great political events driven by men of power wealth and ambition does when it reaches the realm of ordinary people struggling for life and bread The central character in this powerful and unforgiving novel is Ida Mancuso a schoolteacher whose husband has died and whose feckless teenage son treats the war as his playground A German soldier on his way to North Africa rapes her falls in love with her and leaves her pregnant with a boy whose survival becomes Ida's passion Around these two other characters come and go each caught up by the war which is like a river in flood We catch glimpses of bombing raids street crimes a cattle car from which human cries emerge an Italian soldier succumbing to frostbite on the Russian front the dumb endurance of peasants who have lived their whole lives with nothing and now must get by with less than nothing [Fifty Years of La Storia](#), 2024 *Encyclopedia of Italian Literary Studies: A-J* Gaetana Marrone, 2007 Publisher description **La Storia** Elsa Morante, 1987 *Trauma Narratives in Italian and Transnational Women's Writing* Tiziana de Rogatis, Katrin Wehling-Giorgi, 2022-12-14 This edited volume is the first to propose new readings of Italian and transnational female authored texts through the lens of Trauma Studies Illuminating a space that has so far been left in the shadows Trauma Narratives in Italian and Transnational Women's Writing provides new insights into how the trope of trauma shapes the narrative temporal and linguistic dimension of these works The various contributions delineate a landscape of female authored Italian and transnational trauma narratives and their complex textual negotiation of suffering and pathos from the twentieth century to the present day These zones of trauma engender a new aesthetics and a new reading of history and cultural memory as an articulation of female creativity and resistance against a dominant cultural and social order [Encyclopedia of Italian Literary Studies](#) Gaetana Marrone, Paolo Puppa, 2006-12-26 The Encyclopedia of Italian Literary Studies is a two volume reference book containing some 600 entries on all aspects of Italian literary culture It includes analytical essays on authors and works from the most important figures of Italian literature to little known authors and works that are influential to the field The Encyclopedia is distinguished by substantial articles on critics themes genres schools historical surveys and other topics related to the overall subject of Italian literary studies The Encyclopedia also includes writers and subjects of contemporary interest such as those relating to journalism film media children's literature food and vernacular literatures Entries consist of an essay on the topic and a bibliographic portion listing works for further reading and in the case of entries on individuals a brief biographical paragraph and list of works by the person It will be useful to people without specialized knowledge of Italian literature as well as to scholars *Narrative and Imperative* Risa B. Resistance, Heroism, Loss Thomas Cragin, Laura A. Salsini, 2018-02-20 In no other country in Europe has national identity been so closely bound to memories of the war Italy's Republic was born of World War II its constitution defined by anti Fascism its parties self identified with national Resistance Because of their importance to the nation's identity the nature and meaning of the war have been the focus of great contention from 1943 to the present day In recent years Italy has taken on a national evaluation of the more troubling and contested aspects of its role in the war including its support of Fascism and collaboration after 1943 its treatment of Jews and other minorities deep national divisions that created a civil war between 1943 and 1945 and the centrality of war myth to lingering postwar problems Scholars of Italian history literature and cinema play a fundamental role in this appraisal and this volume of essays attests to the importance of film and literature to the ways in which changing political social and cultural imperatives have altered the war's memory These articles expand our understanding of the shifting phases in national memory by highlighting significant features of each era's portrayal of the war Contributions come from eight scholars who capture the full variety of disciplinary and sub disciplinary approaches that are current today including film genre studies cultural history gender studies Holocaust studies and the very new fields of emotion studies shame theory and environmental studies Their innovative application of questions and methods that speak to important new subfields in Italian Studies make this volume an invaluable tool for scholars and their students

Exploring Intensification Maria Napoli, Miriam Ravetto, 2017-09-30 This book is the first collective volume specifically devoted to the multifaceted phenomenon of intensification which has been traditionally regarded as related to the expression of degree

scaling a quality downwards or upwards In spite of the large amount of studies on intensifiers there is still a need for the characterization of intensification as a distinct functional category in the domain of modification The eighteen papers of the volume contribute to this aim with a new approach mainly corpus based They focus on intensification from different perspectives both synchronic and diachronic and theoretical frameworks concern ancient languages Hittite Greek Latin and modern languages mainly Italian German English Kiswahili and involve different levels of analysis They also identify and examine different types of intensifiers applied to different forms and structures such as adverbs adjectives evaluative affixes discourse markers reduplication exclamative clauses coordination prosodic elements and shed light on issues which have not been extensively studied so far

Italian Women Writers, 1800-2000 Patrizia Sambuco, 2014-11-12 Italian Women Writers 1800 2000 Boundaries Borders and Transgression investigates narrative autobiography and poetry by Italian women writers from the nineteenth century to today focusing on topics of spatial and cultural boundaries border identities and expressions of excluded identities This book discusses works by known and less known writers as well as by some new writers Sibilla Aleramo La Marchesa Colombi Giuliana Morandini Elsa Morante Neera Matilde Serao Ribka Sibhatu Patrizia Valduga Annie Vivanti Laila Waida among others writers who in their works have manifested transgression to confinement and entrapment either social cultural or professional or who have given significance to national and transnational borders or have employed particular narrative strategies to give voice to what often exceeds expression Through its contributions the volume demonstrates how Italian women writers have negotiated material as well as social and cultural boundaries and how their literary imagination has created dimensions of boundary crossing

The Body in the Mirror Angela Dalle Vacche, 2014-07-14 This rich wide ranging book explores Italy's national film style by relating it closely to politics and to the historicist thought of Croce Gentile and Gramsci Here is a new kind of film history a nonlinear intertextual approach that confronts the total story of the growth of a national cinema while challenging the traditional formats of general histories and period studies Examining Italian silent films of the fascist era through neorealism to modernist filmmaking after May 1968 Angela Dalle Vacche reveals opera and the commedia dell'arte to be the strongest influences As she presents the whole history of Italian cinema from the standpoint of a dialectic between these two styles she offers brilliant interpretations of individual films The body in the mirror is the national self image on the screen which changes shape in response to historical and political context To discover how the nation represents understands and recognizes this fictional body Dalle Vacche discusses changes in the strongest parameters of Italian cinema allegory spectacle body history unity and continuity In her hands these concepts yield a wealth of insights for film scholars art historians political scientists and those concerned with cultural studies in general as well as for other educated readers interested in Italian cinema Originally published in 1992 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important

books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **The Routledge Encyclopedia of Jewish Writers of the Twentieth Century** Sorrel

Kerbel,2004-11-23 Now available in paperback for the first time Jewish Writers of the Twentieth Century is both a comprehensive reference resource and a springboard for further study This volume examines canonical Jewish writers less well known authors of Yiddish and Hebrew and emerging Israeli writers includes entries on figures as diverse as Marcel Proust Franz Kafka Tristan Tzara Eugene Ionesco Harold Pinter Tom Stoppard Arthur Miller Saul Bellow Nadine Gordimer and Woody Allen contains introductory essays on Jewish American writing Holocaust literature and memoirs Yiddish writing and Anglo Jewish literature provides a chronology of twentieth century Jewish writers Compiled by expert contributors this book contains over 330 entries on individual authors each consisting of a biography a list of selected publications a scholarly essay on their work and suggestions for further reading *Bridges between Science and Humanities* Maria Rosa

Menzio,2025-03-25 The book is an adventure into the parts of knowledge that are taken for granted Science and humanities have bridges that unite them and there is a whole hidden world of connections that we do not learn at school since teachers fixate on the division between the so called two cultures Here however we get to show how mathematics can be considered a humanistic subject and all science is a special branch of literature After all every scientific discovery can be treated and examined with the same categories that are used for fairy tales or novels Also sales techniques enter into scientific demonstrations much more deeply than it appears Therefore perhaps we should no longer talk about the rigor of science but about aesthetic research which should lead to approaching perfection and therefore the accuracy of things at least until the opposite is proved This volume is an interesting read for both academics and non specialists *Modern Italy's Founding*

Fathers Steven F. White,2020-05-28 Modern Italy s Founding Fathers offers a fresh perspective on the genesis of the Italian republic as viewed through the efforts of its three most influential leaders Christian Democrat Alcide De Gasperi Socialist Pietro Nenni and Communist Palmiro Togliatti In concise accessible prose this work demonstrates how De Gasperi the Republic s inaugural prime minister from 1945 to 1953 and his fellow statesmen s shared experience of Fascist oppression belief in popular sovereignty and ability to compromise despite deep ideological differences enabled the creation of Italy s post war republic This path breaking collective biography traces the genesis of the Italian republic commencing with the overthrow of Mussolini in 1943 and concluding with the death of De Gasperi in 1954 Drawing on the speeches writings and personal papers of the three protagonists on Italian and U S archives on contemporary memoirs and on secondary scholarship Steven F White demonstrates how these leaders forged political practices and customs which continue to define Italian parliamentary life to the present day Examining the interplay of personalities leadership styles ideas and political context this study is a vital text for any student of modern Italy and more broadly of Cold War Europe *Plotting the Past*

Cristina Della Coletta, 1996 Through an examination of nineteenth and twentieth century theoretical work and novels Della Coletta presents an authoritatively original recasting of the notion of the historical novel Della Coletta's analysis of these novels suggests that genres are ideological units molded by culture and history and that current ideologies shape the literary representation of the historical past This innovative case study thus illuminates not just the twentieth century Italian historical novel but also the function of literary genres as a whole
