More Than Numbers Paul Y. Cho, 1986 Construyendo El Reino de Dios , **To the Ends of the Earth** Allan Heaton Anderson, 2013-01-04 No branch of Christianity has grown more rapidly than Pentecostalism especially in the southern hemisphere There are over 100 million Pentecostals in Africa In Latin America Pentecostalism now vies with Catholicism for the soul of the continent and some of the largest pentecostal congregations in the world are in South Korea In **To the Ends of the Earth** Allan Heaton Anderson explores the historical and theological factors behind the phenomenal growth of global Pentecostalism Anderson argues that its spread is so dramatic because it is an ends of the earth movement pentecostals believe that they are called to be witnesses for Jesus Christ to the furthest reaches of the globe His wide ranging account examines such topics as the Azusa Street revival in Los Angeles the role of the first missionaries in China India and Africa Pentecostalism s incredible diversity due to its deep local roots and the central role of women in the movement He describes more recent developments such as the creation of new independent churches megachurches and the health and wealth gospel and he explores the increasing involvement of pentecostals in public and political affairs across the globe Why is this movement so popular Anderson points to such features as the emphasis on the Spirit the born again experience incessant evangelism healing and deliverance cultural flexibility a place to feel at home religious continuity an egalitarian community and meeting material needs all of which contribute to Pentecostalism s remarkable appeal Exploring more than a century of history and ranging across most of the globe Anderson illuminates the spectacular rise of global Pentecostalism and shows how it changed the face of Christianity worldwide **Appropriate Christianity** Charles H. Kraft, 2005 Appropriate Christianity consists of 28 chapters by 18 authors approaching contextualization in three dimensions truth allegiance and spiritual power Over the years there have been quite a number of helpful discussions of the contextualization of theological truth Though we have been helped greatly by them it is high time we began to deal also with allegiance and spiritual power two additional dimensions that Jesus considered of great importance Any adequate and appropriate treatment of the contextualization of biblical Christianity needs to deal with all three of these 2 crucial dimensions 3 For allegiance to Christ is the basis for all we do that makes us Christian and Jesus was very much into spiritual power If we are to be truly biblical we must deal also with these areas *A Full-er Gospel?: Pentecostal Proclamation in New Zealand 1990-2008* Linda Flett, 2015 This book draws on the belief statements and official publications of Elim and AOG denominations in New Zealand from 1990 to 2008 in order to test the extent to which this conviction was adhered to A statement that In order to reach New Zealand our methods need to change but not our message provides a framing device inviting the reader to explore their responsiveness to aspects of social change within New Zealand before gauging interest in new methodologies known to have impacted Pentecostal churches in New Zealand during this period Actual changes to evangelistic methodology and salvation terminology is presented from the findings of a quantitative study before the salvation message is re examined It will be

evident that not only were new methodologies embraced but views on salvation broadened becoming increasingly holistic dynamic and relational

Charismatic Christianity as a Global Culture Karla O. Poewe,1994 In this important work leading scholars in the fields of religion and anthropology discuss the thought patterns and religious traditions of charismatics throughout the world By examining believers throughout the Americas Africa Asia and Europe the contributors provide a comprehensive overview of a charismatic tapestry that appears to transcend national ethnic racial and class boundaries

Christianity Made in Japan Mark R. Mullins,1998-10-01 For centuries the accommodation between Japan and Christianity has been an uneasy one Compared with others of its Asian neighbors the churches in Japan have never counted more than a small minority of believers more or less resigned to patterns of ritual and belief transplanted from the West But there is another side to the story one little known and rarely told the rise of indigenous movements aimed at a Christianity that is at once made in Japan and faithful to the scriptures and apostolic tradition *Christianity Made in Japan* draws on extensive field research to give an intriguing and sympathetic look behind the scenes and into the lives of the leaders and followers of several indigenous movements in Japan Focusing on the native response rather than Western missionary efforts and intentions it presents varieties of new interpretations of the Christian tradition It gives voice to the unheard perceptions and views of many Japanese Christians while raising questions vital to the self understanding of Christianity as a truly world religion This ground breaking study makes a largely unknown religious world accessible to outsiders for the first time Students and scholars alike will find it a valuable addition to the literature on Japanese religions and society and on the development of Christianity outside the West By offering an alternative approach to the study and understanding of Christianity as a world religion and the complicated process of cross cultural diffusion it represents a landmark that will define future research in the field
