Richard Benson, Cindy Benson

Mormon Doctrine 1958 Edition:

McConkie's "Mormon Doctrine" Changes Dennis C. Davis, 1971 **Same-Sex Dynamics Among Nineteenth-Century Americans** D. Michael Quinn, 2001-06-15 Winner of the Herbert Feis Award from the American Historical Association and named one of the best religion books of the year by Publishers Weekly D. Michael Quinn's *Same Sex Dynamics among Nineteenth Century Americans* has elicited critical acclaim as well as controversy Using Mormonism as a case study of the extent of early America's acceptance of same sex intimacy Quinn examines several examples of long term relationships among Mormon same sex couples and the environment in which they flourished before the onset of homophobia in the late 1950s **Secrets Mormons Don't Want You to Know** Richard Benson, Cindy Benson, 2011 Most Christians only see the public face of Mormonism thanks to their persuasive PR campaigns clean faced young people parents committed to family values and spectacular temples But what do Mormons really believe In this revealing book you'll learn their shocking doctrines like It's good to lie to protect the church There are millions of gods God was once a man and became a god We can become gods too Jesus and Lucifer were spirit brothers We all have an Eternal Mother God is a polygamist The Jesus of the Bible was a polygamist The Jesus of Christianity is NOT the Jesus of Mormonism Sins are forgiven through good works Salvation by faith in Jesus is utter nonsense Black people were cursed by God A group of gods helped Jesus form the earth Some sins require the shedding of your own blood You'll also read the moving testimony of former Mormon Cindy Benson She reveals from personal experience the ugly hidden side of Mormonism She was only eleven years old when her 53 year old father announced that a 15 year old girl must become his second wife Once you know what Mormons really believe you will be better equipped to witness to them Here is what Mormon leaders really taught their members and what the Bible has to say about it We believe this book will help you create burning questions instead of a burning in the bosom for Mormons you know And the Bible verses are right there to give you the answer **Changes in Mormon Doctrine** David Dye, 2007

Changes in Mormon Doctrine David Dye, 2009 **Reasoning from the Scriptures with the Mormons** Ron Rhodes, Marian Bodine, 1995-07-01 For believers who have wanted to share more openly and knowledgeably with Mormon neighbors or the missionaries at their door this book will help believers thoughtfully consider the main points of Mormonism and respond with understanding that comes from having reasoned out the issues for themselves This is the ultimate hands on reference guide equipping believers to share the true gospel with the Mormons **Mormon History** Ronald Warren Walker, David J. Whittaker, James B. Allen, 2001 *The Mormon Contradiction* Marcia Van Outen, 2011-07 In the early 1820s a young boy named Joseph Smith claimed that God the Father and Jesus Christ appeared to him and told him to found a new church Thus began Mormonism a faith that has grown to thirteen million members worldwide *The Mormon Contradiction In Their Own Words* offers the reader an insight into what the Mormon Church is really all about including Where the Book of Mormon really came from Joseph Smith's personal history and use of Occultism and Freemasonry The original accounts of

what happened to Smith's apostles during visions as related by them The Masonic and Occult roots of Mormon Temple ceremonies and oaths including the use of Occult symbols in the architecture of the Salt Lake Temple The Book of Abraham proven to be a fabrication Who The Danites were The original versions of LDS revelations including the doctrine of polygamy and the Manifesto DNA evidence proving the Book of Mormon's history of Native Americans to be false Linguistic and anthropological studies proving there was no migration of Jews to the New World *We Gather Together* Neil J. Young, 2016 Tracing the interactions among evangelicals Catholics and Mormons from the 1950s to the present day *We Gather Together* recasts the story of the emergence of the Religious Right showing that it was not a brilliant political strategy of compromise and coalition building hatched on the eve of a history altering election Rather it was the latest iteration of a much longer religious debate that had been going on for decades Evangelicals Catholics and Mormons found common cause and pursued similar ends in debates about abortion school prayer the Equal Rights Amendment and tax exemptions for religious schools but they were far from a unified bloc cracks in the alliance shaped the movement from the very beginning This provocative book will reshape our understanding of the most important religious and political movement of the last 30 years

Mormonism Mama And Me Thelma Geer, 1986-08-01 Raised in the Mormon church she dreamed of becoming a heavenly queen A personal account of one woman's Mormon heritage and her conversion to the Christian faith Examines several important tenets of the Mormon faith *Echoes from Eternity: Near-Death and Afterlife Experiences* Arvin S. Gibson, 2023-02-14 *Echoes from Eternity* goes beyond the bestselling book *Glimpses of Eternity* and enters into whole new arenas It contains over 65 vivid firsthand accounts of people who have died entered the spirit world and then come back

Latter-day Saint Theology among Christian Theologies Grant Underwood, 2025-03-13 How do the beliefs of Latter day Saints compare with traditional Christian theology Grant Underwood provides answers to this question that are clear detailed and thoughtful Writing for a broad and interested Christian audience he systematically brings Mormon thought into conversation with main currents of Christian theology He focuses on major topics that have engaged Christian thinkers over the years who God is who Jesus Christ is who we are how we are saved what the church is and what the future holds for human history as well as for individual human lives Most chapters follow a format in which relevant themes are introduced with an overview of significant Christian reflection on the topic followed by an exploration of Latter day Saint thought on the subject Throughout the book Underwood's goal is to analyze not catechize While the author is a practicing Latter day Saint that reality only enhances his appreciation for the theology produced by centuries of fellow Christians of faith who in Anselm's words have diligently and devoutly sought understanding Underwood seeks to facilitate mutual understanding among Christians who may worship differently who conceive of God and God's relations with humanity differently and who articulate their religious beliefs in terms and concepts that are unfamiliar to each other Readers of this book are invited to approach its sympathetic presentation of such Christian theologies including that of the Latter day Saints with an openness and curiosity

that can lead to a more accurate nuanced understanding of the doctrines discussed

One Race One Blood (Revised & Updated) Ken Ham, Charles Ware, 2019-06-11 One Race One Blood reveals the origins of the horrors of discrimination the biblical truth of interracial marriage as well as the proof revealed in the Bible that God created only one race Explore the science of genetics melanin and skin tone affected by the history of the Tower of Babel and the origin of people groups around the world Divisions Ethnic cleansing genocide racial conflicts have taken place from colonialism to Nazi Germany to modern day We are a society nation and world in continued conflict We are increasingly being identified and divided by designations of racial groups Many of these unfortunate divisions have been fueled by the troublesome threads of scientific racism which emerged from Darwinian evolution Solutions Education can teach workshops can inform laws can protect but what is the defining answer to ending the notion of racial division Since racism is a heart issue a sin issue it is one that only the truth of God's inerrant Word will overcome Truths And hath made of one blood all nations of men for to dwell on all the face of the earth Acts 17:26 KJV

Mormon Crises James A. Beverley, 2013-03-12 Mitt Romney's run for President of the United States and the recent success of the Broadway play Book of Mormon has created enormous interest in the Church of Jesus Christ of Latter-day Saints In spite of enormous media focus during this so-called Mormon Moment coverage has been often shallow and misleading even from the LDS Church Few reporters dug deep enough to deal with the evidence that the Mormon Church is in a deep crisis not only because of members leaving but because of increasing proof of lies fraud false teaching and criminality at the start of Mormonism In Mormon Crisis Jim Beverley deals with major issues about Joseph Smith the first LDS prophet He provides a sustained critique of Mormon Scripture examines flaws in the LDS understanding of Church leadership and probes unique doctrines and practices including the secret temple ceremonies The book offers a serious indictment of the LDS belief system but also presents a way out of the current crisis facing one of America's most famous and controversial religions

The Creationists Ronald L. Numbers, 1993-01-01 Forty-seven percent of the American people according to a 1991 Gallup poll believe that God made man as man is now in a single act of creation and within the last ten thousand years Ronald L. Numbers chronicles the astonishing resurgence of this belief since the 1960s as well as the creationist movement's tangled roots in the theologies of late nineteenth and early twentieth-century Baptists Presbyterians Lutherans Adventists and other religious groups Even more remarkable than Numbers's story of today's widespread rejection of the theory of evolution is the dramatic shift from

acceptance of the earth's antiquity to the insistence of present day scientific creationists that most fossils date back to Noah's flood and its aftermath and that the earth itself is not more than ten thousand years old Numbers traces the evolution of scientific creationism and shows how the creationist movement challenges the very meaning of science **The Mormon Mirage** Latayne C. Scott, 2010-08-03 In the first edition of *The Mormon Mirage* Latayne C. Scott shared her remarkable journey out of Mormonism as she uncovered shocking inaccuracies inconsistencies and contradictions in the faith she had loved and lived Thirty years later Mormonism and Mormon scholarship have evolved with the times In this third revised and updated edition of her well known book Scott keeps pace with changes and advances in Mormonism and reveals formidable new challenges to its claims and teachings *The Mormon Mirage* provides fascinating carefully documented insights into DNA research's withering implications for the Book of Mormon the impact of new revelations on Latter day Saint LDS race relations new findings about Mormon history increasing publicity about LDS splinter groups particularly polygamous ones recent disavowals of long held doctrines by church leadership the rise of Mormon apologetics on the Internet More than a riveting insider's scrutiny of the Mormon faith this book is a testimony to the trustworthiness of Scripture and the grace of Jesus Christ *The Mormon Church and Blacks* Matthew L. Harris, Newell G. Bringhurst, 2015-11-15 The year 1978 marked a watershed year in the history of The Church of Jesus Christ of Latter day Saints as it lifted a 126 year ban on ordaining black males for the priesthood This departure from past practice focused new attention on Brigham Young's decision to abandon Joseph Smith's more inclusive original teachings *The Mormon Church and Blacks* presents thirty official or authoritative Church statements on the status of African Americans in the Mormon Church Matthew L. Harris and Newell G. Bringhurst comment on the individual documents analyzing how they reflected uniquely Mormon characteristics and contextualizing each within the larger scope of the history of race and religion in the United States Their analyses consider how lifting the ban shifted the status of African Americans within Mormonism including the fact that African Americans once denied access to certain temple rituals considered essential for Mormon salvation could finally be considered full fledged Latter day Saints in both this world and the next Throughout Harris and Bringhurst offer an informed view of behind the scenes Church politicking before and after the ban The result is an essential resource for experts and laymen alike on a much misunderstood aspect of Mormon history and belief
