The fourth in The Mormon Delusion series tracks the Mormon Missionary Lesson Manual as taught to investigators and lesson by lesson exposes and explains the truth behind the false teachings At every stage unsuspecting investigators are taught a fictional account of Mormon history and teachings by faithful missionaries who themselves have no idea they are teaching provable fiction This book exposes the underlying truth behind Joseph Smith s original fraudulent claims and modern day fictional Mormon teachings Evidence from within Mormon Church history and Mormon so called scripture proves conclusively that the Mormon Church continues in a conspiracy to deceive its own members missionaries and their investigators alike At the end of a journey through this book there will be nothing left for an investigator to take to the Lord in prayer in order to obtain an answer as to whether what the Mormon Church teaches is true Common sense and reason alone will be enough to determine the truth of the matter

Mormon Hermeneutics Jeffrey S. Krohn,2022-05-13 Bible readers are often preoccupied with themselves At times they neglect the original ancient context of the biblical writings The novelty of the modern is leveraged to trump the ancient Mormon

hermeneutics seems to say more about the modern LDS church than any ancient biblical meaning. Positively the LDS is to be applauded for their emphasis on the living out of their faith. However, through various approaches to the Bible, the LDS Church seems to neglect the ancient horizon of the biblical text. Any interpretation of the Bible, LDS or otherwise, should be held accountable. This book is an attempt to categorize Mormon hermeneutics and utilizes numerous hermeneutical voices from the field of philosophical hermeneutics.

Man of Holiness: The Mormon Search for a Personal God John L. Bracht, 2010-07-11. Serious efforts to understand Mormonism in a non-confrontational, non-polemical way are few and far between. In this book, the author John Bracht has drawn together a multitude of LDS sources in order to demonstrate differences between Mormonism and traditional Christian views on the nature of God and the Godhead.

The Oxford Handbook of Religious Conversion Lewis Ray Rambo, Charles E. Farhadian, 2014. The Oxford Handbook of Religious Conversion offers a comprehensive exploration of the dynamics of religious conversion, which for centuries has profoundly shaped societies, cultures, and individuals throughout the world. Scholars from a wide array of religions and disciplines interpret both the varieties of conversion experiences and the processes that inform this personal and communal phenomenon. This volume examines the experiences of individuals and communities who change religions, those who experience an intensification of their religion of origin, and those who encounter new religions through colonial intrusion, missionary work, and charismatic and revitalization movements. The thirty-two innovative essays provide overviews of the history of particular religions, including Hinduism, Buddhism, Confucianism, Taoism, Sikhism, Islam, Christianity, Judaism, indigenous religions, and new religious movements. The essays also offer a wide range of disciplinary perspectives: psychological, sociological, anthropological, legal, political, feminist, and geographical, on methods and theories deployed in understanding conversion and insight into various forms of deconversion.

Responding to the Mormon Missionary Message Corey Miller, Ross Anderson, 2023-08-15. The Church of Jesus Christ of Latter-day Saints (Mormon) has 90,000 missionaries in the field seeking to convert members of Christian churches. Because the lessons these missionaries teach represent the core claims of Mormonism, this book interacts with those lessons from a biblical perspective. Written and edited by former Mormons who are now Christians, it includes insider knowledge, personal stories, cultural insights, evangelistic wisdom, and best practices from former LDS missionaries themselves to help Christians fortify their own faith while learning how to share their faith wisely and effectively with Latter-day Saints.

Endorsements: I loved this book. There is a lot of wisdom here for the compassionate Christian who wants to be effective in witnessing to the Mormon missionary, returned missionary, or their LDS neighbor. Dr. Paul Robie, founding pastor of Utah's largest church, South Mountain Community Church. LDS missionaries are coming, and they need you to engage them with the good news that faith alone in Christ alone saves. This book fills a major void in equipping Christians to that end.
