Supply-Side Follies Robert D. Atkinson, 2007-10-29 Supply Side Follies is a progressive political and economic challenge to the current George W Bush policies It debunks commonly held assumptions of conservative economic policies centered on the obsession that tax cuts led to greater productivity and prosperity These fundamentally flawed policies are setting the United States up for a major economic downturn in the near future The 21st century knowledge economy requires a fundamentally different approach to boosting growth than simply cutting taxes on the richest investors The alternative is not however to resurrect old Keynesian populist economics as too many Democrats hope to do Rather as Rob Atkinson makes clear our long term national welfare and prosperity depends on new economic strategy that fits the realities of the 21st century global knowledge based economy innovation based growth economics
