They All Told the Truth Richard P. Crandall, 2003 A vastly improved physics model authenticates the testimony of people who claimed deep involvement with anti gravity projects Includes instructions on how to build your own device **Vimana** David Hatcher Childress, 2013-12-18 According to early Sanskrit texts the ancients had several types of airships called vimanas Like aircraft of today vimanas were used to fly through the air from city to city to conduct aerial surveys of uncharted lands and as delivery vehicles for awesome weapons David Hatcher Childress popular Lost Cities author and star of the History Channel s long running show Ancient Aliens takes us on an astounding investigation into tales of ancient flying machines In his new book packed with photos and diagrams he consults ancient texts and modern stories and presents astonishing evidence that aircraft similar to the ones we use today were used thousands of years ago in India Sumeria China and other countries This means that these ancient civilizations had advanced metal technology electricity and the engineering knowledge of flight many thousands of years before our own era of flight technology Childress discusses ancient UFO sightings the fascinating lore of ancient flight and the technology allegedly used in the flying machines of the ancients

Proof of Vedic Culture's Global Existence Stephen Knapp, 2000 **Technology of the Gods** David Hatcher Childress, 2000 Technology of the Gods lays out the mind bending evidence that long lost civilizations had attained and even exceeded our modern level of advancement Westerners have been taught that humankind has progressed along a straight line path from the primitive past to the proficient present but the hard fast evidence literally written in stone proves that the ancients had technologies we cannot even replicate today **From Bharata to India** M. K. Agarwal, 2012-05-22 The origin of world civilization can be traced to the Sindhu and Sarasvati river valleys located in present day Pakistan as early as 8 000 BC Here innovation and originality in every aspect of human endeavor from mathematics and science to art and sports flourished Yet the importance of this civilization known as the Vedic period has been deliberately downplayed Thoroughly researched and including an extensive bibliography From Bharata to India rectifies this mistake in the perspective of world history and seeks to offer a comprehensive reference source Author M K Agarwal shows how this early culture where ideation by enlightened philosopher Brahmin kings brought material and spiritual wealth that was to remain unchallenged until the colonial era This Vedic Hindu Buddhist legacy subsequently influenced peoples and paradigms around the globe ushering in an era of peace and plenty thousands of years before the Europeans By using original sources in Sanskrit as well as regional literature Agarwal compares corresponding situations in other civilizations within the context of their own literary traditions and records to prove that Bharata forms the basis of world civilization This is in direct contrast to the Greek or Arab miracle hypothesis put forth by numerous scholars The first of two volumes in this series From Bharata to India offers a fascinating in depth glimpse into ancient Indias contribution to the modern world **Vimana Aircraft of Ancient India & Atlantis** David Hatcher Childress, 1991 Did the ancients have the technology of flight In this incredible

volume on ancient India authentic Indian texts such as the Ramayana and the Mahabharata are used to prove that ancient aircraft were in use more than four thousand years ago Included in this book is the entire Fourth Century BC manuscript Vimaanika Shastra by the ancient author Maharishi Bharadwaaja translated into English by the Mysore Sanskrit professor G R Josyer Also included are chapters on Atlantean technology the incredible Rama Empire of India and the devastating wars that destroyed it Also an entire chapter on mercury vortex propulsion and mercury gyros the power source described in the ancient Indian texts Not to be missed by those interested in ancient civilizations or the UFO enigma Tons of illustrations

The Zone Engine Allen Van Camp, The Zone Engine plunges readers into a world where reality bends timelines collide and the boundaries of human understanding are pushed to the brink A brilliant team unlocks the power of cold fusion combined with a powerful EM field only to spark a global power struggle between a shadowy government and a ruthless corporation Some technologies are too dangerous to be owned Just as one man prepares to prevent the Engine from falling into the wrong hands an interdimensional being intervenes alters the fate of them all Fifteen years later haunted by loss and armed with the upgraded Zone Engine he takes one shot to rewrite the past and save his family who still haunt his dreams Time doesn't wait But he learned to listen and carry the weight of every choice In the stillness between seconds redemption calls The future begins now The Zone Engine is a high stakes sci fi thriller filled with Deep diving U boat action Augmented aerial combat Quantum entanglements Time travel And a love strong enough to bend the laws of time Perfect for fans of The Expanse Interstellar and Dark Matter *Aeroplane Science In Ancient India* Harsh Dev Kumar,2023-03-25 As it is said that the discovery of the airplane took place in the modern period but it is clear in various culture texts that even in the Vedic period and after that in the Ramayana Mahabharata period there were airplanes which were accessible to sage scientists Scientists from different countries of Europe America and other countries have written various books after doing various researches on the aircrafts of ancient times The evidence of the presence of airplanes in ancient times becomes clear from the various airstrips and aeroplane instruments found by the Archaeological Department The research done in the laboratories of India and in different countries regarding the book Varhad Vimana Shastra of Maharishi Bhardwaj the most authentic of ancient times on the aircraft also proves that the events described in this book and various Sanskrit books are true After reading various books I have presented a review study in which the Vedas Ramayana texts Mahabharata texts and other Sanskrit texts where the description of aircraft is described in brief Along with this the review study of the books which have been written by the scientists of different countries after doing their research have also been published in it Even in the modern period Shivkar Bapuji Talpade was the first to make an airplane for life it also describes it Along with this the list of various research papers and various texts etc This book will prove to be a book with ocean in the throat giving knowledge regarding ancient aircrafts Along with this research scholars and students studying on various aircraft will also enjoy reading and will get a lot of information *God's Quantum Vortex* Jim Walker,2015-09-24 The story evolves from the personal

experiences of the writer from his deep forty years research and discoveries of quantum cone vortex Once into awareness he reveals the techniques of connecting and triggering the act of God events He formulates the mysteries of self fate programming He explains how the government religion finance and science are interconnected for the first time in history His research deep dives into the Bible yoga meditation wave particle quantum physics and into occult the metaphysics He is not just theorizing about life events he is proactively changing the events in biblical proportions He becomes the miracle creator by thought and by action the trigger man who can only relate to the higher dimensions and to cosmic intelligence The formulas he writes may seem similar to previous theoretical physicists but they are his own concept given the examples of his work and e mail prior to the God s Particle Boson announcement by Peter Higgs on July 4 2012 The quantum cone vortex diagram and its connection to yin and yang with annihilation and creation related to cosmic spiral sequence of four sixes may seem absurd to earths fourth dimensional thinkers but it is backed by facts by the author His prediction of the next flood is backed by errors in time measured by Mayans and Nostradamus Once a person is elevated to the vortex in quantum cone with zero weight gravity and when time stops in quantum reality then he she will be able to be awarded with all possibilities to create or destroy The writer imitates the out of the box thinking of God but he is not comparing himself to cosmic intelligence He just uses the quantum energy in form of dark and light energy he calls them Satan and God respectively for convenience The examples are powerful and convincing The reader should not just observe the authors human encounters to get to quick conclusions It is a manual of how to think without fear Once the fear is eliminated the mind is open to deep into subconsciousness and to build the awareness where all possibilities are unrestricted and to rise to the sixth cosmic dimension God **The Tesla Papers** Nikola Tesla, 2000 Nikola Tesla on free energy wireless transmission of power Cover
