Reflections at Journey's End York County Bar Association,2018-11-30 A compelling series of insightful biographical sketches of the men and women of the York County Bar commencing eleven years before the start of the Civil War as recounted by contemporaries and colleagues Candid sincere honest and on occasion with a touch of comic relief these memorial minutes are tributes to those who have made their rendezvous with mortality Found within these volumes is the venerable Jeremiah S Black who walked the corridors of national recognition during the Civil War era the urbane and brilliant Herbert B Cohen who wielded substantial political power throughout the commonwealth and rose to become an associate justice of the Pennsylvania Supreme Court and the charismatic Harvey Gross whose superb advocacy in the third Hex trial and subsequent twenty year tenure on the York County Orphans Court placed him in the forefront of the princes of Anglo Saxon jurisprudence This callout of the giants in no way diminishes the significance commitment and integrity of the many other remarkable individuals who came after and counseled and inspired others to live honestly to exercise compassion and to act with prudence and diligence and above all else made their contribution to the vast and diverse panorama of our humanity Not a typical memoir or story these memorial minutes constitute the defining epic of the York County Bar More than history more than recitals of character and personality more than delightful encounters and more somber content they are about individuals remembered for the richness and power of their hopes achievements and commitments to the timeless values of the life of the law

From Mandate to Achievement Elaine Makas,2009-09-14 This engaging book will guide your journey through the morass of curriculum alignment development and assessment Our school struggled through missteps in curriculum alignment and implementing common assessments without the benefit of Makas wisdom and experience I highly recommend this book for teachers administrators and interested parents Robert A Martin Leadership Consultant Oakland Schools Waterford MI Raise schoolwide performance with a systematic teacher driven approach to curriculum development Purposeful curriculum design is essential to attaining consistent academic improvement Educators often find however that a viable curriculum based on mandated standards can be exceedingly challenging to create implement and sustain In this book curriculum consultant Elaine Makas provides a step by step guide to establishing the processes and documents necessary to build a stable cohesive

curriculum system that aligns to educational benchmarks Based on the DAILY model Data Alignment Instructional Pace Guides Local Common Assessment and Yearly Review this system deconstructs the curriculum process into sequential steps that facilitate the development of instructional priorities reveal students in need of intervention and help ensure continuous process improvement With numerous templates samples and reflective exercises this book clearly demonstrates how to Collect and analyze data identify expectations and recognize learning gaps Develop curriculum maps that align with standards and grade level subject goals Pace instruction throughout the year according to specific objectives Create assessments that predict standardized test performance Conduct yearly improvement reviews and documentation revisions An essential resource for all schools or districts whether struggling or successful From Mandate to Achievement enables K 12 principals district administrators curriculum facilitators and teacher teams to establish a consistent and accurate curriculum process that increases academic achievement and drives continuous school improvement **Fluency and**

Reading Comprehension in Typical Readers and Dyslexics Readers Simone A. Capellini, Giseli D. Germano, 2018-02-22 Reading involves decoding and comprehension components and to become efficient it requires a large number of cognitive and linguistic processes Among those the phonological awareness the alphabetic principle the decoding the fluency the lexical development and the text comprehension development The reading comprehension is strongly related with the development of vocabulary oral language linguistic skills memory skills and ability to make inferences and the world experiences of each individual These processes become important only when the professional needs to deal with students presenting difficulties in learning how to read The difficulty using the knowledge of conversion rules between grapheme and phoneme to the word reading construction characterizes the dyslexia which is a specific learning disorder with a neurological source These difficulties presented by students with dyslexia interfere in their learning process impairing the learning development Knowing and following the reading development and its processes as well as obtaining the punctuation of fluency abilities and students comprehension allow us to understand what happens when the student presents difficulties to read This could help in the identification of learning disabilities and in the development of intervention programs
