Complete the following steps in your group.

Step 1 – Cut out the words on the vocabulary sheet provided.

Step 2 – Divide up the words among group members. (Keep labels for the poster.) Research and define each of the vocabulary words in your notebook, using any resource available to you including, but not limited to, the internet, biology book, study guide book, website or slides used in the last paper.

Step 3 – Talk to each other about the definitions. Place the words into two categories based on the definitions.

Step 4 – Make a poster that shows the two categories in a picture and incorporate the word form. Poster must be hand made, nothing printed from internet. Include the following:

- picture(s) that illustrate the two categories.
- all vocabulary must be represented in the picture. Add all labels on poster in proper placement.
- make sure all the words are explained in the poster either in word or picture form.
