MANUAL FOR

CLASSICAL
DYNAMICS

OF PARTICLES AND SYSTEMS

The diagram illustrates a complex dynamical system with five particles, represented as dark spheres. These particles are positioned at various points along several intersecting, curved, light-green trajectories that fill the lower half of the cover. The trajectories appear to be paths of motion, possibly representing orbits or phase space trajectories, given the book's title. The particles are distributed across the frame, with some appearing to be at the vertices of a pentagon and others along the curves.
