**The Complete Idiot's Guide to Writing Well** Laurie Rozakis, 2000-01-09 You're no idiot of course. You know how to tap out an email to your boss, scrawl a note to your sweetheart, even throw in an extra flourish when you sign a greeting card. But when it comes to really writing that excruciating process of transferring your thoughts to paper without inventing some strange new language, well, let's just say you think you lack the write stuff. The written word was a great achievement in human history, don't give up on it just yet. *The Complete Idiot's Guide to Writing Well* is the writing book you've been waiting for everything you need to know to make writing of any kind as easy as thinking or speaking. In this *Complete Idiot's Guide*, you'll get expert advice on making your writing as clear, persuasive, and painless as possible, whether it's a thank-you note, a school paper, or an executive briefing. Easy-to-follow guidelines on a structure, spelling, punctuation, vocabulary, and style. No nonsense advice on figuring out the three hardest parts of any writing: the beginning, middle, and end.
