Life With Charley A Memoir Of Down Syndrome Adoption:

Life with Charley Sherry Palmer, 2014-10-22 When a clergy couple has a baby it's big news When they adopt a baby it's even bigger news But when they adopt a baby with special needs Everyone is tested All the couple wants is to be parents Little do they know that adopting a baby with Down syndrome breaks all the rules What the family wants is to talk them out of it Thus begins a phone calling campaign of do gooders warning of the pitfalls Surely this couple has no idea what they are doing Surely they realize it's a lifetime choice What these well intentioned people don't know is that it's the chance of a lifetime What the church wants is a typical pastor's family The handsome Pastor The thin perfect pastor's wife The well behaved well mannered preacher's kid What they get is the polar opposite and what they find out is that sometimes even church life can have it's challenges Throw out the textbooks step into the classroom of real life and meet a colorful cast of characters and angels as you journey through this honest intimate hilarious and poignant look at the marriage between family church school and community the secret chaos of parenting a special needs child and the profound impact it has on all who open their hearts with unconditional love Add to that a young man named Charley who is unimpressed with his Down syndrome a refusal to be stereotyped and an infatuation with girls Mix in an obsession of going to the prom and a peer tutor who sees past the barriers of disability and dreams really do come true A love story twenty four years in the making **Life With Charley** is a powerful message of hope faith and discovery The reader will laugh and cry while learning from the unlikelyst of sources that the key to happiness is not in trying to fit in but in just being yourself
