

to create, used resources are used. This means there is a degree of flexibility in the way a particular sector spends and allocating the scarce resources. The other two characteristics that distinguish the public from private systems are:

- Public Sector (Abstract): Goals (Public Objectives)**
- Private Sector (Abstract): Efficiency (How Much Money, Resources, Effort, Effort, etc.)**

Efficiency refers to the fact that resources are allocated efficiently, the regulations, controlling, and other factors and structures.

Understanding the two different systems that public and private sectors

There are two main differences between:

	Public Sector	Private Sector	Public Sector	Private Sector
Public Sector	The government or public sector (the public)	The government or public sector (the public)	The government or public sector (the public)	The government or public sector (the public)
Private Sector	The private sector (the private sector)	The private sector (the private sector)	The private sector (the private sector)	The private sector (the private sector)

The different sectors of the economy

	Public Sector	Private Sector
Public Sector	The public sector (the public sector)	The public sector (the public sector)
Private Sector	The private sector (the private sector)	The private sector (the private sector)

The public sector is a very large sector, covering a large part of the economy. It is the public sector that provides the public services and the public goods. The public sector is the public sector that provides the public services and the public goods.
