Geography Memo Grade November 2012

Kathleen Armour

Geography Memo Grade November 2012:

After the Education Wars Andrea Gabor, 2018-06-12 The education wars have been demoralizing for teachers After the Education Wars helps us to see a better way forward Cathy N Davidson The New York Times Book Review After the Education Wars is an important book that points the way to genuine reform Diane Ravitch author of Reign of Error and The Death and Life of the Great American School System A bestselling business journalist critiques the top down approach of popular education reforms and profiles the unexpected success of schools embracing a nimbler more democratic entrepreneurialism In an entirely fresh take on school reform business journalist and bestselling author Andrea Gabor argues that Bill Gates Eli Broad and other leaders of the prevailing education reform movement have borrowed all the wrong lessons from the business world After the Education Wars explains how the market based measures and carrot and stick incentives informing today's reforms are out of sync with the nurturing culture that good schools foster and contrary to popular belief at odds with the best practices of thriving twenty first century companies as well These rich detailed stories of real reform in action illustrate how enduring change must be deeply collaborative and relentlessly focused on improvement from the grass roots up lessons also learned from both the open source software and quality movements The good news is that solutions born of this philosophy are all around us from Brockton Massachusetts where the state's once failing largest high school now sends most graduates to college to Leander Texas a large district where school improvement spurred by the ideas of quality guru W Edwards Deming has become a way of life A welcome exception to the doom and gloom canon of education reform After the Education Wars makes clear that what's needed is not more grand ideas but practical and informed ways to grow the best ones that are already transforming schools Resources in Education, 1996-10

Alexander I Marie-Pierre Rey, 2012-11-15 Alexander I was a ruler with high aspirations for the people of Russia Cosseted as a young grand duke by Catherine the Great he ascended to the throne in 1801 after the brutal assassination of his father In this magisterial biography Marie Pierre Rey illuminates the complex forces that shaped Alexander's tumultuous reign and sheds brilliant new light on the handsome ruler known to his people as the Sphinx Despite an early and ambitious commitment to sweeping political reforms Alexander saw his liberal aspirations overwhelmed by civil unrest in his own country and by costly confrontations with Napoleon which culminated in the French invasion of Russia and the burning of Moscow in 1812 Eventually Alexander turned back Napoleon's forces and entered Paris a victor two years later but by then he had already grown weary of military glory As the years passed the tsar who defeated Napoleon would become increasingly preoccupied with his own spiritual salvation an obsession that led him to pursue a rapprochement between the Orthodox and Roman churches When in exile Napoleon once remarked of his Russian rival He could go far If I die here he will be my true heir in Europe It was not to be Napoleon died on Saint Helena and Alexander succumbed to typhus four years later at the age of forty eight But in this richly nuanced portrait Rey breathes new life into the tsar who stood at the center of the political

chessboard of early nineteenth century Europe a key figure at the heart of diplomacy war and international intrigue during that region s most tumultuous years
