Routledge Companion to Accounting Education Richard M.S. Wilson, 2014-04-29 Many enquiries into the state of accounting education training undertaken in several countries over the past 40 years have warned that it must change if it is to be made more relevant to students to the accounting profession and to stakeholders in the wider community This book's overriding aim is to provide a comprehensive and authoritative source of reference which defines the domain of accounting education training and which provides a critical overview of the state of this domain including emerging and cutting edge issues as a foundation for facilitating improved accounting education training scholarship and research in order to enhance the educational base of accounting practice The Routledge Companion to Accounting Education highlights the key drivers of change whether in the field of practice on the one hand e.g. increased regulation globalisation risk and complexity or from developments in the academy on the other e.g. pressures to embed technology within the classroom or to meet accreditation criteria on the other Thirty chapters written by leading scholars from around the world are grouped into seven themed sections which focus on different facets of their respective themes including student curriculum pedagogic and assessment considerations

Accounting and Finance Innovations Nizar Alsharari, 2021-12-22 The world is currently experiencing the advent of new information technologies with dynamic changes which can be considered as one of the greatest business threats today Accordingly international business and academia have claimed to be working towards developing innovations in accounting and finance that are useful for all stakeholders The recent accounting and finance scholarship has moved forward toward new innovations that advance professional practice This book introduces and discusses new innovations in accounting and finance including management accounting blockchain E business models data analytics artificial intelligence cryptocurrency bitcoin digital assets and associated risks It also sheds light on how and why accounting and finance innovations have changed over time This book will help practitioners and academics develop and introduce new accounting and finance tools and concepts It is also a useful resource for those working in the accounting and finance fields

Accounting Education Research Richard M.S. Wilson, 2015-04-10 An annual prize is awarded for the best paper appearing in Accounting Education an international journal and this book contains the prize winning papers for every year from 1992 to 2012 The journal's primary mission since the first issue was published in March 1992 has been to enhance the educational base of accounting practice and all the papers in this book relate to that mission These papers reporting on research studies undertaken by accounting education scholars from around the world build on research findings from the broader domain of education scholarship and embrace a wide array of topics including curriculum development pedagogic

innovation improving the quality of learning and assessing learning outcomes Of particular interest are three themes each of which runs through several of the papers students approaches to learning and learning style preferences ethics and moral intensity and innovation within the accounting curriculum Accounting educators will find many ideas in the book to help them in enriching their work and accounting education researchers will be able to identify many points of departure for extending the studies on which the papers report whether comparatively or longitudinally This book is a compilation of papers originally published in Accounting Education an international journal

The Interface of Accounting Education and Professional Training Elaine Evans,Roger Juchau,Richard M.S. Wilson,2014-07-16 Over many decades the global development of professional accounting education programmes has been undertaken by higher education institutions professional accounting bodies and employers These institutions have sometimes co operated and sometimes been in conflict over the education and or training of future accounting professionals These ongoing problems of linkage and closure between academic accounting education and professional training have new currency because of pressures from students and employers to move accounting preparation onto a more efficient economic and practical basis The Interface of Accounting Education and Professional Training explores current elements of the interface between the academic education and professional training of accountants in Australia New Zealand South Africa and the UK It argues for a reassessment of the considerations and requirements for developing professional accounting programs which can make a student capable of being an accountant the academy ready to be an accountant the workplace and professional in being an accountant the professional bodies This book was originally published as a special issue of Accounting Education An International Journal

questions giving feedback and grading are all activities that teachers undertake on a regular basis This book provides a practical guide on the effective use of assessment It includes the use of assessment tools and pedagogical design that help students deepen their learning Major issues on assessment and some excellent examples are presented as a useful resource to university teachers in enhancing teaching and students learning

South African Accounting Education Stocktake

Jaco Fouchè, Nico van der Merwe, 2020-04-07 This book is intended to take stock of the current state of accounting education with a specific emphasis on the South African situation It provides a critical overview of the current published research and identified gaps Through this it aims to equip accounting academics with information and tools to motivate them to research the field of accounting education to improve teaching and learning It also aids in the identification of suitable research topics in this regard and highlights potential pitfalls in researching accounting education The book therefore focuses on accounting educators as specialists in their respective disciplines Different authors with a keen interest in a specific area relating to accounting education research wrote each chapter in this book It forms a planned collective work assembled by appropriately qualified and experienced scholars in the accounting education field which generates a new conceptual synthesis that advances scholarship of accounting education research since no such synthesis currently exists for accounting education research in South Africa

Communication in Accounting Education

Richard M.S. Wilson, F. Elizabeth Gray, Lynn Hamilton, 2016-04-14 Accounting often described as the language of business requires a diverse set of written listening and oral communication skills if those who practise it are to be effective Given the pace of change relating to for example the evolution of international accounting standards and the demands for greater transparency accountants must be clear responsive and audience focussed communicators Employers of accountants consistently comment on the need for their new graduate recruits and trainees to have strong written oral and interpersonal communication skills In this light accounting educators face the challenge of designing and delivering programmes that reflect professional expectations on the part of employers and clients and educating students on how to make informed communication choices in order to achieve desired results and to build good working relationships The chapters in this book deal with such topics as accounting students perceptions of oral communication skills competence based writing skills and the development of listening skills

Financial & Managerial Accounting

Jerry J. Weygandt, Paul D. Kimmel, Donald E.ieso, 2015-01-07 Financial and Managerial Accounting 2nd Edition provides students with a clear introduction to fundamental accounting concepts The Second Edition helps students get the most out of their accounting course by making practice simple Both in the print text and online in WileyPLUS with ORION new opportunities for self guided practice allow students to check their knowledge of accounting concepts skills and problem solving techniques and receive personalized feedback at the question learning objective and

course level Newly streamlined learning objectives help students use their study time efficiently by creating a clear connections between the reading and video content and the practice homework and assessments questions Weygandt Financial and Managerial Accounting is ideal for a two semester Financial and Managerial Accounting sequence where students spend equal time learning financial and managerial accounting concepts and learn the accounting cycle from a corporate perspective This program begins by introducing students to the building blocks of the accounting cycle and builds to financial statements WileyPLUS with ORION is sold separately from the text **Financial Accounting** Jerry J. Weygandt,Paul D. Kimmel,Donald E. Kieso,2009-11-02 Weygandt helps corporate managers see the relevance of accounting in their everyday lives Challenging accounting concepts are introduced with examples that are familiar to them which helps build motivation to learn the material Accounting issues are also placed within the context of marketing management IT and finance The new Do It feature reinforces the basics by providing quick hitting examples of brief exercises The chapters also incorporate the All About You AAY feature as well as the Accounting Across the Organization AAO boxes that highlight the impact of accounting concepts With these features corporate managers will learn the concepts and understand how to effectively apply them **Artificial Intelligence in Accounting** Othmar M. Lehner,Carina Knoll,2022-08-05 Artificial intelligence AI and Big Data based applications in accounting and auditing have become pervasive in recent years However research on the societal implications of the widespread and partly unregulated use of AI and Big Data in several industries remains scarce despite salient and competing utopian and dystopian narratives This book focuses on the transformation of accounting and auditing based on AI and Big Data It not only provides a thorough and critical overview of the status quo and the reports surrounding these technologies but it also presents a future outlook on the ethical and normative implications concerning opportunities risks and limits The book discusses topics such as future human machine collaboration cybernetic approaches to decision making and ethical guidelines for good corporate governance of AI based algorithms and Big Data in accounting and auditing It clarifies the issues surrounding the digital transformation in this arena delineates its boundaries and highlights the essential issues and debates within and concerning this rapidly developing field The authors develop a range of analytic approaches to the subject both appreciative and sceptical and synthesise new theoretical constructs that make better sense of human machine collaborations in accounting and auditing This book offers academics a variety of new research and theory building on digital accounting and auditing from and for accounting and auditing scholars economists organisations and management academics and political and philosophical thinkers Also as a landmark work in a new area of current policy interest it will engage regulators and policy makers reflective practitioners and media commentators through its authoritative contributions editorial framing and discussion and sector studies and cases **Advances in Accounting Education** Timothy J. Rupert,Beth B. Kern,2016-09-09 Advances in Accounting Education Teaching and Curriculum Innovations publishes both non empirical and empirical articles dealing with accounting pedagogy All articles explain how

teaching methods or curricula programs can be improved *Teaching Ethics Across the Management Curriculum, Volume III* Kemi Ogunyemi, 2016-08-10 Of those in management education who debates whether business ethics should be taught as a stand alone course or in an embedded manner most recommend combining both approaches for optimal results This book provides unique insights into the experience of seasoned academics who embed business ethics in teaching management theory and practice Its multidisciplinary approach enriches its content since the insights of our colleagues from within their fields are invaluable It therefore complements other business textbooks After general themes curriculum integration adult learning learner commitment and generation Y classrooms this volume covers ethics and responsibility in people management team building change management operations management business law and digital marketing communications The book provides a platform to share experiences of teaching ethical profitability It contributes to resolving concerns experienced when faculty wish to incorporate ethics into their teaching but feel they lack preparation or ideas on how to do it The chapters describe each discipline briefly raise the typical ethical issues therein and suggest teaching strategies and exercises or projects The developing versus developed country perspectives sections may interest schools with high student diversity The book also meets in company training needs for attaining and sustaining an ethical culture
