**Magazine** ,1941 **Chrysalis Of Hope** N.T. Bergeron,2018-06-12 Getting in was the easy part Tagan had only to follow his hearts desire to rescue Braulor Leading those true to his quest they storm straight into the dark realm of Ta Oandimn where the swarming hordes of evil souls who reside there are just about to make Braulor a permanent resident Elated at having found his brother they only need to escape and they can finish their journey to find the Amber Eye But it doesn t take long for Tagan to realize that getting out of Ta Oandimn is going to be much trickier than it seems With the chairs at the table shifting Grawton finds himself in the place he always longed to be For Grawton the position of power he had dreamt of for so long he couldn t remember has fallen into his lap But power corrupts and Grawton is no saint With a little taste under his belt he wants more power One can t stop when they want it all and from his perch in the shadowy realm it seems the world is there for his taking Stripped of everything he knew the Shadowkeeper intends to be the spanner in the works He has no choice in the matter By his own hand came his undoing and by his own hand will come his salvation Stuck in the awkward position of being prisoner instead of warden the Shadowkeeper knows his options are limited Almost as limited as his hope But where there is hope there is a chance and the Shadowkeeper knows he must act with the precision of a high wire walker

if he hopes to ascend to power once again With everybody looking for answers and all the cards on the table the answers are still far and few between It s dawning on everyone that recent events only closed the latest chapter There are still many pages to be written before the book is complete How it was going to end was anybody s guess Circumstances set in motion far back in the reaches of time have given each a destiny to fulfill Now each must follow the path they are on blinded to what lies ahead But for every plot for every machination there is always a flip side A dynamic element that can come out of nowhere and foil even the best laid plans There is one contingency out there that no one planned on One event that none of the major player could have have seen coming and nobody could have fathomed the decisive blow to everything it would deliver The nuclear level strike that will turn everything on its head And She is coming
