

*Stanza 1 is the only stanza that stands alone and is not linked to the one following by the sense of the 'sentence' describing the bird. This stanza serves as an introduction to the poem.*

we learn what time this happens — “before sunrise” and that the subject of the poem is a stork.

Before sunrise the stork was there resting the pillow of his body on stick legs growing from the water.

uses a metaphor to begin ‘painting’ the picture of the bird: his body is compared to a pillow. Both are fairly large, soft and bulky. This comparison appeals to our visual sense, but also makes us think of ideas of rest — as this bird is tired - even before his long migratory flight.

another metaphor, comparing the bird’s legs to sticks that appear to be “growing from the water”. The comparison emphasizes how thin the legs are. The contrast between the “pillow” and the “sticks” exaggerates the apparent flimsiness of the legs.
