A new way to think about church spiritual growth and impacting our communities When Jesus came to earth the first thing he did was to command his disciples to follow him Make no mistake Jesus knew that to transform the way people thought about God he had to have committed followers So while tending their nets he said Follow me and Ill make you fishers of men He calls us to the same level of commitment Once they were his followers Jesus took it a step further He wanted to see if

following him expanded their faith So as his followers stood before 5 000 hungry people on a remote mountainside he said You feed them He wants our actions to expand our faith as well With a small group of people completely following him in faith Jesus changed history Why cant we do the same today The formula still works Follow him in faith Go Fish Project aims to do just that by pulling together small groups to demonstrate Christs love in their community Church has never be so fun so simple and so meaningful By the time you finish this 40 day devotional guide you will better understand what it means to follow in faith And if Go Fish becomes part of our DNA we might just change the worldagain
