HIGHER BITING POINT

if the biting point for your clutch is at a higher and higher point, this is a sign that you need a new clutch. It can be as simple as a new clutch cable or as complex as a new clutch assembly. If you're not sure, it's best to have a professional mechanic check it out. A new clutch is a big investment, but it's worth it if it means you can drive safely and comfortably for years to come.
