Gender, Judging and the Courts in Africa J. Jarpa Dawuni,2021-11-29 Women judges are playing increasingly prominent roles in many African judiciaries yet there remains very little comparative research on the subject Drawing on extensive cross national data and theoretical and empirical analysis this book provides a timely and broad ranging assessment of gender and judging in African judiciaries Employing different theoretical approaches the book investigates how women have fared within domestic African judiciaries as both actors and litigants It explores how women negotiate multiple hierarchies to access the judiciary and how gender related

issues are handled in courts The chapters in the book provide policy theoretical and practical prescriptions to the challenges identified and offer recommendations for the future directions of gender and judging in the post COVID 19 era including the role of technology artificial intelligence social media and institutional transformations that can help promote women s rights Bringing together specific cases from Kenya Uganda Ghana Nigeria Zambia Tanzania and South Africa and regional bodies such as ECOWAS and the African Commission on Human and Peoples Rights and covering a broad range of thematic reflections this book will be of interest to scholars students and practitioners of African law judicial politics judicial training and gender studies It will also be useful to bilateral and multilateral donor institutions financing gender sensitive judicial reform programs particularly in Africa The Open Access version of this book available at www.taylorfrancis.com/books/oa-edit/10.4324/9780429327865/gender-judging-courts-africa jarpa dawuni has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Innovating in a Secret World Tina P. Srivastava, 2019-07-01 Our national security increasingly depends on access to the most sophisticated and advanced technology Yet the next time we set out to capture a terrorist leader we may fail Why The answer lies in a conflict between two worlds One is the dynamic global commercial world with its thriving innovations The other is the world of national security in which innovation is a matter of life or death The conflict is about secrecy Innovating in a Secret World is a detailed examination of the U S government and innovation landscapes and of the current trends in often secret national security related research and development R D Based on case studies detailed research and interviews with executives at Fortune 500s startup entrepreneurs and military directors and program managers this accessible and timely book is a must read Tina P Srivastava evaluates whether the strategy of technology innovation in the world of national security leaves certain innovations behind or unintentionally precludes certain classes of innovators from participating She identifies the unintended consequences and emergent behaviors of this conflict This examination unfolds in a complex dynamic system that includes the legal framework in which technology innovation must exist For more than a decade Srivastava has been on the front lines of cutting edge technology innovation She suggests focusing on an emerging class of R D strategy called open innovation a strategy that broadens participation in innovation beyond an individual organization or division traditionally assigned to perform R D activities Through compelling stories of commercial and early government applications she shows how open technology innovation strategies can enable accelerate and enhance technology innovation Successful incorporation of open innovation into the previously closed U S government R D landscape can yield profound benefits to both national security and global leadership

Equitable Compensation and Disgorgement of Profit Simone Degeling, Jason NE Varuhas, 2017-04-06 This collection of essays interrogates significant issues at the forefront of scholarship and legal practice in the field of money remedies in equity Chapters address the contentious and developing field of equitable compensation including the nature of equitable compensation the relevant causation inquiry for equitable compensation whether notions of contribution apply to multiple

agents accessorial liability the role of discretion in limiting equitable compensation which wrongs yield equitable compensation and the extent to which compensation in equity differs from money remedies at common law Other chapters examine the remedy of disgorgement of profit and specifically the theoretical basis of that remedy its application in the context of fiduciary obligations and third party issues A number of chapters also examine the interrelationship between loss and gain based money relief In addressing these issues the book includes both doctrinal and theoretical perspectives and brings together leading equity scholars and judges from across the common law world Civil Jurisdiction and Judgments

Adrian Briggs,2015-06-12 Now in a fully updated sixth edition this book is an established treatise in the field of civil jurisdiction and judgments It states analyses illuminates and evaluates the law of civil jurisdiction and the enforcement of foreign judgments in English law with this new edition taking into account the implications of the new Brussels I Regulation recast Regulation EU 1215 2012 as well as the great number of developments in the case law which have taken place since 2009 This book looks in detail at the jurisdictional rules put in place by the recast Brussels I Regulation the common law rules of jurisdiction the principles according to which that jurisdiction will or will not be exercised the extent to which proceedings before a foreign court may be assisted or impeded obtaining interim and interlocutory relief recognition and enforcement of foreign judgments This text is an authoritative and comprehensive reference for all legal professionals working in commercial law across jurisdictions Teaching Mathematics Using Popular Culture Elana Reiser,2015-11-09

Johnson-Freese, 2016-11-08 This book examines the recent shift in US space policy and the forces that continually draw the US back into a space technology security dilemma The dual use nature of the vast majority of space technology meaning of value to both civilian and military communities and being unable to differentiate offensive from defensive intent of military hardware makes space an area particularly ripe for a security dilemma In contrast to previous administrations the Obama Administration has pursued a less militaristic space policy instead employing a strategic restraint approach that stressed multilateral diplomacy to space challenges The latter required international solutions and the United States subsequently even voiced support for an International Code of Conduct for Space That policy held until the Chinese anti satellite ASAT test in 2013 which demonstrated expanded Chinese capabilities This volume explores the issues arising from evolving space capabilities across the world and the security challenges this poses It subsequently discusses the complexity of the space environment and argues that all tools of national power must be used with some degree of balance toward addressing space challenges and achieving space goals This book will be of much interest to students of space policy defence studies foreign policy security studies and IR [Aurora 7](#) Colin Burgess, 2015-08-28

TO A NATION enthralled by the heroic exploits of the Mercury astronauts the launch of Lt Cmdr Scott Carpenter on NASA's second orbital space flight was a renewed cause for pride jubilation and celebration Within hours that excitement had given way to stunned disbelief and anxiety as shaken broadcasters began preparing the American public for the very real possibility that an American astronaut and his spacecraft may have been lost at sea In fact it had been a very close call Completely out of fuel and forced to manually guide Aurora 7 through the frightening inferno of re entry Carpenter brought the Mercury spacecraft down to a safe splashdown in the ocean In doing so he controversially overshot the intended landing zone Despite his efforts Carpenter's performance on the MA 7 mission was later derided by powerful figures within NASA He would never fly into space again Taking temporary leave of NASA Carpenter participated in the U S Navy's pioneering Sealab program For a record 30 days he lived and worked aboard a pressurized habitat resting on the floor of the ocean becoming the nation's first astronaut aquanaut explorer Following extensive research conducted by noted spaceflight historian Colin Burgess the drama filled flight of Aurora 7 is faithfully recounted in this engrossing book along with the personal recollections of Scott Carpenter and those closest to the actual events **Introducing RDA** Chris Oliver, 2021-04-06

Since Oliver's guide was first published in 2010 thousands of LIS students records managers and catalogers and other library professionals have relied on its clear plainspoken explanation of RDA Resource Description and Access as their first step towards becoming acquainted with the cataloging standard Now reflecting the changes to RDA after the completion of the 3R Project Oliver brings her Special Report up to date This essential primer concisely explains what RDA is its basic features and the main factors in its development describes

RDA's relationship to the international standards and models that continue to influence its evolution provides an overview of the latest developments focusing on the impact of the 3R Project the results of aligning RDA with IFLA's Library Reference Model LRM and the outcomes of internationalization illustrates how information is organized in the post 3R Toolkit and explains how to navigate through this new structure and discusses how RDA continues to enable improved resource discovery both in traditional and new applications including the linked data environment

Gender and the Judiciary in Africa Gretchen Bauer, Josephine Dawuni, 2015-10-30 Between 2000 and 2015 women ascended to the top of judiciaries across Africa most notably as chief justices of supreme courts in common law countries like Ghana Nigeria Sierra Leone Gambia Malawi Lesotho and Zambia but also as presidents of constitutional courts in civil law countries such as Benin Burundi Gabon Niger and Senegal Most of these appointments was a first in terms of the gender of the chief justice At the same time women are being appointed in record numbers as magistrates judges and justices across the continent While women's increasing numbers and roles in African executives and legislatures have been addressed in a burgeoning scholarly literature very little work has focused on women in judiciaries This book addresses the important issue of the increasing numbers and varied roles of women judges and justices as judiciaries evolve across the continent Scholars of law gender politics and African politics provide overviews of recent developments in gender and the judiciary in nine African countries that represent north east southern and west Africa as well as a range of colonial experiences postcolonial trajectories and legal systems including mixes of common civil customary or sharia law In the process each chapter seeks to address the following questions What has been the historical experience of the judicial system in a given country from before colonialism until the present What is the current court structure and where are the women judges justices magistrates and other women located What are the selection or appointment processes for joining the bench and in what ways may these help or hinder women to gain access to the courts as judges and justices Once they become judges do women on the bench promote the rights of women through their judicial powers What are the challenges and obstacles facing women judges and justices in Africa Timely and relevant in this era in which governmental accountability and transparency are essential to the consolidation of democracy in Africa and when women are accessing significant leadership positions across the continent this book considers the substantive and symbolic representation of women's interests by women judges and the wider implications of their presence for changing institutional norms and advancing the rule of law and human rights

Insurability of Emerging Risks Baris Soyer, Özlem Gürses, 2025-01-23 This book brings together leading experts in the fields of insurance and the law of obligations to consider how insurance law is attempting to deal with emerging risks Emerging risks pose significant challenges for the insurance industry Apart from difficulties in quantifying such risks the availability of insurance capacity is often a concern The book looks at these issues from philosophical economic and actuarial perspectives It asks how far existing private law rules can cope with emerging risks and in so far as they cannot how the law

should be developed by courts and lawmakers to deal with the emerging legal issues The book questions the suitability of the current insurance business models in insuring climate related risks autonomous systems insurance of fines and penalties as well as how mass or systemic risks eg pandemics or cyber risks can be made insurable through add on coverages to the conventional insurance policies It also evaluates governments roles to encourage insurers to provide cover for such risks and discusses how a balance can be struck between the need to regulate and the insurance markets dynamics The book will be of academic interest to anyone working in the field of insurance and also relevant for market participants policy makers and regulators

Legitimate Expectations in the Common Law World Matthew Groves,Greg Weeks,2017-01-12 The recognition and enforcement of legitimate expectations by courts has been a striking feature of English law since R v North and East Devon Health Authority ex parte Coughlan 2001 3 QB 213 Although the substantive form of legitimate expectation adopted in Coughlan was quickly accepted by English courts and received a generally favourable response from public law scholars the doctrine of that case has largely been rejected in other common law jurisdictions The central principles of Coughlan have been rejected by courts in common law jurisdictions outside the UK for a range of reasons such as incompatibility with local constitutional doctrine or because they mark an undesirable drift towards merits review The sceptical and critical reception to Coughlan outside England is a striking contrast to the reception the case received within the UK This book provides a detailed scholarly analysis of these issues and considers the doctrine of legitimate expectations both in England and elsewhere in the common law world
