Bowker Company. Department of Bibliography, 1978 **Semiconductors** Artur Balasinski, 2018-09-03 Because of the continuous evolution of integrated circuit manufacturing ICM and design for manufacturability DfM most books on the subject are obsolete before they even go to press That s why the field requires a reference that takes the focus off of numbers and concentrates more on larger economic concepts than on technical details Semiconductors Integrated Circuit Design for Manufacturability covers the gradual evolution of integrated circuit design ICD as a basis to propose strategies for improving return on investment ROI for ICD in manufacturing Where most books put the spotlight on detailed engineering enhancements and their implications for device functionality in contrast this one offers among other things crucial valuable historical background and roadmapping all illustrated with examples Presents actual test cases that illustrate product challenges examine possible solution strategies and demonstrate how to select and implement the right one This book shows that DfM is a powerful generic engineering concept with potential extending beyond its usual application in automated layout enhancements centered on proximity correction and pattern density This material explores the concept of ICD for production by breaking down its major steps product definition design layout and manufacturing Averting extended discussion of technology techniques or specific device dimensions the author also avoids the clumsy chapter architecture that can hinder other books on this subject The result is an extremely functional systematic presentation that simplifies existing approaches to DfM outlining a clear set of criteria to help readers assess reliability functionality and yield With careful consideration of the economic and technical trade offs involved in ICD for manufacturing this reference addresses techniques for physical electrical and logical design keeping coverage fresh and concise for the designers manufacturers and researchers defining product architecture and research programs Paperbound Books in Print, 1991 **Broadcasting Yearbook**, 1941
