Managing iOS Devices with OS X Lion Server Arek Dreyer, 2011-08-19. Learn how to use Profile Manager, a feature included in OS X Lion Server, to configure and remotely manage iOS devices including iPad, iPhone and iPod touch and Macs running Lion. With this eBook you will learn how to use Profile Manager's web-based tools to configure user settings for services such as Mail, Calendar, VPN and Wi-Fi; define passcode settings to prevent unauthorized access to data stored on your users' devices; and remotely wipe devices if they go missing. The Profile Manager uses the Apple Push Notification Service (APNS) so you can immediately push configuration changes to your devices as long as they have some kind of network connectivity. Why do all the work yourself? Show your users how easy it is for them to use the self-service web portal to download and install the configuration profiles you've carefully crafted for them and how to remotely lock or wipe their own devices without your intervention. This eBook includes the knowledge you need to configure your Lion Server to be an Open Directory master, use an appropriate SSL certificate, provide Profile Manager services and perform basic troubleshooting.

[The Ridiculously Simple Guide to Apple Watch Series 4](#) Scott La Counte, 2019-10-19

The stage was set in September 2018 It was iPhone's big event The day where journalist and Apple fans alike lusted over the latest and greatest iPhone

But a funny thing happened on the way to the announcement Apple Watch Series 4 took everyone's breath away

The Apple Watch has of course been around for three years and seen several updates

But 2018 was different the watch was finally ready for the masses This wasn't a watch for early adopters or fitness buffs this was the watch your parents and grandparents would get behind In addition to all the great features Apple Watch has always had series 4 is slimmer yet with a screen that is somehow bigger has optional cellular for making phone calls and streaming music without your phone and drop detection so if you fall and can't get up the fire department is dispatched to your location Everything about it was designed to motivate you to be more active As amazing as all the new features are it's not quite as easy to use as an iPhone the lack of buttons the smaller screen and general UI can make a frustrated initial experience The point of this book is to help new Apple Watch users and users updating to Watch OS 6 from an older device get the most out of their investment Are you ready to start enjoying your new Apple Watch Then let's get started Note This book is not endorsed by Apple and should be considered unofficial
