 hacking **Mobile Security and Privacy** Man Ho Au, Raymond Choo, 2016-09-14 Mobile Security and Privacy Advances
 Challenges and Future Research Directions provides the first truly holistic view of leading edge mobile security research
 from Dr Man Ho Au and Dr Raymond Choo leading researchers in mobile security Mobile devices and apps have become part
 of everyday life in both developed and developing countries As with most evolving technologies mobile devices and mobile
 apps can be used for criminal exploitation Along with the increased use of mobile devices and apps to access and store
 sensitive personally identifiable information PII has come an increasing need for the community to have a better
 understanding of the associated security and privacy risks Drawing upon the expertise of world renowned researchers and
 experts this volume comprehensively discusses a range of mobile security and privacy topics from research applied and
 international perspectives while aligning technical security implementations with the most recent developments in
 government legal and international environments The book does not focus on vendor specific solutions instead providing a
 complete presentation of forward looking research in all areas of mobile security The book will enable practitioners to learn
 about upcoming trends scientists to share new directions in research and government and industry decision makers to
 prepare for major strategic decisions regarding implementation of mobile technology security and privacy In addition to the
 state of the art research advances this book also discusses prospective future research topics and open challenges Presents
 the most current and leading edge research on mobile security and privacy featuring a panel of top experts in the field

Provides a strategic and international overview of the security issues surrounding mobile technologies Covers key technical topics and provides readers with a complete understanding of the most current research findings along with future research directions and challenges Enables practitioners to learn about upcoming trends scientists to share new directions in research and government and industry decision makers to prepare for major strategic decisions regarding the implementation of mobile technology security and privacy initiatives
